Order No. 115302

BEFORE THE CORPORATION COMMISSION
OF THE STATE OF OKLAHOMA

APPLICANT: RED CLOUD OIL COMPANY

IN THE MATTER OF THE WATERFLOODING OF THE LAYTON, PRUE, SKINNER, AND RED FORK COMMON SOURCES OF SUPPLY UNDERLYING THE SE/4 SECTION 21-T17N-R7E, CREEK COUNTY, OKLAHOMA.

Cause CD No. 42,045

Order No. 115302

REPORT OF THE COMMISSION

This Case came on for hearing before David Wick, Jr., Acting Trial Examiner for the Corporation Commission of Oklahoma, on the 9th day of September, 1975, at 9:00 a.m., Jim Thorpe Building, Oklahoma City, Oklahoma, for the purpose of hearing, taking testimony, and reporting findings and recommendations to the Commission.

Barth P. Walker, Attorney, appeared for the Applicant, Red Cloud Oil Company; Harvey Cody, Conservation Attorney, appeared for the Commission.

The Trial Examiner heard the Cause and filed his report with the Commission, which report has been considered and the Commission therefore finds as follows:

F I N D I N G S

1. That this is the Application of Red Cloud Oil Company for an Order permitting waterflooding of the Layton, Prue, Skinner, and Red Fork common sources of supply underlying the SE/4 Section 21-T17N-R7E, Creek County, Oklahoma.

2. That the Commission has jurisdiction over the subject matter herein; that notice has been given in all respects as required by law and by the rules of the Commission.

3. That the Layton, Prue, Skinner, and Red Fork each constitute separate common sources of supply within the lands described in the caption hereof, and same have been encountered at depths respectively of 1,500 feet, 2,400 feet, 2,600 feet, and 2,700 feet; that approximately 24 wells have been drilled on said SE/4 Section 21, and approximately 220 barrels per day, as of this time, are being produced from the common sources of supply involved; that, however, the common sources of supply as originally discovered were solution gas reservoirs, and the reservoir energy is being depleted, and unless other operations are conducted therein, otherwise ultimately recoverable oil will be left in the ground; that it appears that waterflooding operation is feasible with respect to each and all of the common sources of supply; that the water supply in the area is adequate; that waterflooding operations are being conducted to the south and west of the lands covered hereby, and Applicant herein and the operator of another waterflood, Getty Oil Company, have entered into voluntary line agreements under and pursuant to which water is presently being injected in four wells along said boundaries of the SE/4 of said Section 21; that Applicant proposes to drill at this time one water injection well, which will be used to inject water in the common sources of supply covered hereby; that, taking into consideration all of the facts and circumstances, and taking into consideration the geologic and economic feasibility of the proposed waterflooding operations, an Order should be issued herein authorizing the Applicant herein to conduct such operations.

Cause CD No. 42,045
Red Cloud Oil Company

O R D E R

IT IS THEREFORE ORDERED by the Corporation Commission of Oklahoma as follows:

That Red Cloud Oil Company be and it is hereby authorized to conduct waterflooding operations in the Layton, Prue, Skinner, and Red Fork common sources of supply.

IT IS FURTHER ORDERED that this Order is not transferrable without the consent of the Commission first had and obtained.

IT IS FURTHER ORDERED that the Applicant shall conduct operations hereunder in such a manner so as not to do damage to any other oil or gas common source of supply in the area or fresh water supply in the area.

This Order shall be effective as of the 9th day of September, 1975.

DONE AND PERFORMED this 17 day of September, 1975.

CORPORATION COMMISSION OF OKLAHOMA

Chairman

Vice Chairman

RE: OCC Form 1071
Hentges #3, Noble County, Oklahoma
SWD #1, Garfield County, Oklahoma

Gentlemen:

Enclosed please find OCC Form 1071 filed in duplicate for each of the above-referenced wells. It is our understanding that this inventory of disposal wells is to be filed one time only.

If there are any questions regarding the enclosed, please let us know.

Very truly yours,

JET OIL COMPANY
