## TRAUMA CARE ASSISTANCE REVOLVING FUND SUMMARY

Senate Bill 290 established the Trauma Care Assistance Revolving Fund (Trauma Fund) in 1999. This bill provided for the reimbursement of uncompensated costs associated with the provision of trauma care by recognized trauma hospitals and ambulance services (emergency medical services, EMS). In 2004, House Bill 1554 added physicians to the providers eligible for reimbursement from the Trauma Fund. Rules governing the Trauma Fund can be found in the Oklahoma Administrative Code, Title 310, Chapter 669 ([https://www.ok.gov/health/Protective\\_Health/Emergency\\_Systems/Trauma\\_Division/Trauma\\_Care\\_Assistance\\_Revolving\\_Fund/index.html](https://www.ok.gov/health/Protective_Health/Emergency_Systems/Trauma_Division/Trauma_Care_Assistance_Revolving_Fund/index.html)).

The Trauma Fund is a continuing fund that is available from year to year to support the public health safety net required to provide appropriate emergency medical care to severely injured patients. Current sources of revenue for the Trauma Fund include renewal and reinstatement fees for driver licenses; fines for second/subsequent convictions for driving without a license, convictions for driving under the influence, failure to maintain mandatory motor vehicle insurance, violating the Open Container law, speeding, and drug-related convictions; and the Tobacco Tax. The Trauma Fund receives approximately \$26 million annually from all sources for disbursement from the Trauma Fund. Ninety percent of the funds collected will be distributed among physicians, hospitals, and EMS providers during each future disbursement period; up to thirty percent of each disbursement is earmarked specifically for physicians.

Since 2001, the Trauma Fund has paid more than \$300 million to trauma care providers – with hospitals receiving 82%, EMS 6%, and physicians 12% of the total amount disbursed. Disbursements have been provided to physicians in the following areas of specialty:

Anesthesiology	Hospitalist	Otolaryngology
Cardiovascular Surgery	Internal Medicine	Pediatrics
Thoracic Surgery	Neurological Surgery	Plastic & Reconstructive Surgery
Critical Care Surgery	Neurology	Radiology
Emergency Medicine	Oral Maxillofacial Surgery	Trauma
Family Medicine	Orthopedic Surgery (including	Vascular Surgery
General Surgery	hand)	

A new payment methodology was put in place in October 2014 with monthly disbursements for each Trauma Fund period (Period 1: October-March and Period 2: April-September). This change only affected hospitals and EMS; physicians continue to receive biannual disbursements. Although payments are scheduled monthly for hospitals and EMS, all providers submit applications twice a year.

This 2017 report reflects \$24 million in disbursements from October 2016 to October 2017 for care provided from January 1, 2015 to December 31, 2015. Hospitals received 78%, EMS 5%, and physicians 17%; this reflects a 2% decrease for hospital reimbursement, and a 2% increase for physician reimbursement from the previous year. The Trauma Fund provided reimbursement to 711 providers for uncompensated and under-compensated major trauma care services, with providers submitting multiple applications as a result of providing care at varying hospital locations. Additional information regarding each installment disbursed to providers can be found at [http://www.ok.gov/health/Protective\\_Health/Emergency\\_Systems/Trauma\\_Division/Trauma\\_Care\\_Assistance\\_Revolving\\_Fund/Reports/index.html](http://www.ok.gov/health/Protective_Health/Emergency_Systems/Trauma_Division/Trauma_Care_Assistance_Revolving_Fund/Reports/index.html).
