INTRODUCTION

The Guardian overlooking the Oklahoma State Flag

Since the enactment of the Oklahoma State Government Asset Reduction and Cost Savings Program in 2011, the Office of Management and Enterprise Services has published an annual report of all property owned or leased by the State of Oklahoma. The 2023 Oklahoma Real Property Asset Report is the twelfth publication of this statutorily required report. All agencies, boards, commissions, and public trusts with the state as a beneficiary (ABCs) are surveyed annually to capture changes, corrections and additional data on all property owned or leased by the State of Oklahoma. The data in the surveys is compiled and published online in an interactive format. Links to the data are found in this report. Additionally, OMES analyzes the data to provide an informative, at-a-glance summary of the data submitted by the agencies. Real property is divided into the categories of owned and leased and then further subdivided by agency and location to calculate the sum of the square footages and acreages of the properties. Properties are also divided by predominant use to present a clearer view of the function of the properties owned and leased by the State of Oklahoma.

OMES analyzed the submitted data on property utilization and value to identify the 5% most underutilized and included that information in this report. As required by the Oklahoma State Government Asset Reduction and Cost Savings Program, the Report of the 5% Most Underutilized Properties also contains information on the value of the property and the potential ad valorem tax revenue that might be generated by private ownership of the property.

Many agencies continue to refine and correct the data submitted, resulting in changes in the data and more complete information. These revisions and corrections may result in changes in square footage for the agency that are not the result of changes in the actual footprint. OMES requests utility information as part of the survey, and some ABCs include the utility information in their survey responses. OMES would like to thank the ABCs for the time and diligence they have expended to update and improve the information reported.

METHOD OF COLLECTING AND COMPILING DATA

To capture the data for the 2023 report, OMES surveyed all state agencies, boards, commissions and public trusts having the State of Oklahoma as a beneficiary. This report captures the information provided, including all noted changes in the property owned or leased by the State of Oklahoma, all recorded changes in the number of full-time employees at a location and the level of utilization of a property. Due to the deadlines required for compiling data, analyzing information and publishing the report, some recent ABC space changes will not be reflected on this year’s report.

State Capitol Building

All data contained in this report was self-reported by each state agency, board or commission. The accuracy, authenticity and integrity of the data reported to OMES are the responsibility of the reporting ABC. OMES’ objective is limited to compiling the data into a comprehensive listing, providing public access to the reported data and updating the comprehensive listing in a timely manner when changes are received from state agencies. Except for minor corrections by OMES with information available and supplemental information provided by ABCs during follow-up by OMES, the information provided by the ABCs is listed as reported. All properties have not been verified by OMES.

This report contains information on owned and leased properties. When a state agency owns a property and the property is leased to another state agency, the property will appear twice in the report. When an agency reported no property, either owned or leased, a blank will appear in the report. Properties with title held by the Oklahoma Capitol Improvement Authority pursuant to bond resolution will not appear in the Oklahoma Capitol Improvement Authority listing but will be shown in the Real Property Inventory List for the agency with an asterisk before the physical address. OMES implemented a new real property management database that has enabled OMES to better identify

leases in state-owned space and subleases from other state agencies, and this has resulted in a substantial shift in the totals on data on the square footage leased from the private sector square footage leased in state-owned space. Square footages and building or structure types are listed as reported. ABCs methods for classifying structures and calculating square footage vary. Discrepancies in the totals on the agency profiles and county profiles were created due to the empty fields in the raw data submitted by the ABCs. For example, if an agency listed a property without including the full location information, the property will appear in the agency profile but may not appear in the county profile.

The electronic version of the Real Property Inventory List can be found at:

<https://oklahoma.gov/omes/divisions/capital-assets-management/real-estate-leasing-services/resources/reports.html>

NUMBERS AT-A-GLANCE

OWNED AND LEASED SPACE IN BUILDINGS AND STRUCTURES

Property Classification	Square Feet
State-owned space	87,988,626
Leased space from private sector	4,630,372*
Leased space in state-owned buildings	4,083,019*

*When reported as subleased by the agency, space subleased by ABCs from other ABCs has been removed from this data to avoid duplication. Increases in owned square footage from previous reports may be the result of property acquisition, construction or correction in data reported. Leases from the federal government, counties, cities and other political subdivisions are included with *Leased space from private sector*.

OWNED LAND (Acres)

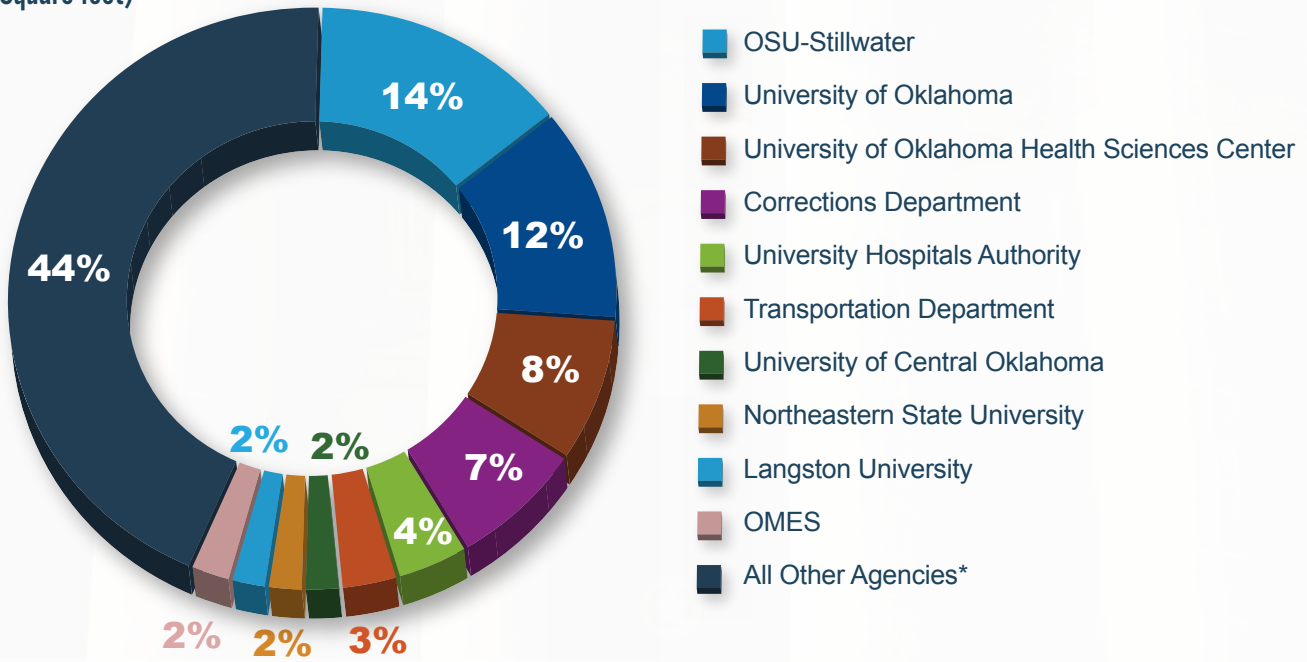

*All Other Agency landowners are listed in the Inventory List section contained within this report.

TOP 10 AGENCIES WITH THE MOST OWNED AND LEASED PROPERTIES IN BUILDINGS AND STRUCTURES

(Square feet)

*All Other Agencies are listed in the Inventory List section contained within this report.

TOP FIVE COUNTIES WITH THE MOST OWNED PROPERTIES IN BUILDINGS AND STRUCTURES

(Square feet)

*All Other Counties are listed in the County Profile section contained within this report.

Counties	Building and Structures Owned Square Footage	Building and Structures Leased from Private Sector Square Footage	Building and Structures Leased in State-Owned Buildings Square Footage
Oklahoma	20,683,416	1,495,382	3,772,442*
Cleveland	13,551,261	211,867	28,037
Payne	13,439,658	70,206	
Tulsa	5,138,161	376,600*	172,868*
Logan	2,101,761	2,481	110

*When reported as subleased by the agency, space ABCs sublease from other ABCs has been removed from this data to avoid duplication. Leases from the federal government, counties, cities and other political subdivisions are included with *Leased space from private sector*.

PREDOMINANT USE OF BUILDINGS AND STRUCTURES OWNED PROPERTIES

(Square feet)

*All Other Properties includes, but is not limited to, building types defined in Appendix A.

Predominant Use	Building and Structures Owned Square Footage	Building and Structures Leased from Private Sector Square Footage	Building and Structures Leased in State-owned Buildings Square Footage
Colleges and Universities	57,133,147	241,741	180,760
Office	11,078,117	2,582,006*	2,351,771*
Correctional Facilities	5,945,379	655,157	
Storage and Warehouse	1,079,425	545,277	63,234

*When reported as subleased by the agency, space ABCs sublease from other ABCs has been removed from this data to avoid duplication. Leases from the federal government, counties, cities and other political subdivisions are included with *Leased space from private sector*.

PREDOMINANT USE OF BUILDINGS AND STRUCTURES OWNED PROPERTIES – CITY OF OKLAHOMA CITY

*All Other Properties includes, but is not limited to, building types defined in Appendix A.

PREDOMINANT USE OF BUILDINGS AND STRUCTURES OWNED PROPERTIES – CITY OF TULSA

*All Other Properties includes, but is not limited to, building types defined in Appendix A.

HIGHLIGHTED PROPERTIES

Above:
Oklahoma
History Center

To provide a glimpse of the unique and diverse properties owned by the State of Oklahoma, OMES selected five properties from the 2023 Real Property Inventory List to highlight in this report. The selected properties are not representative of the entire property inventory owned by the state. Instead, they were selected as examples of buildings used by the state, demonstrating diversity and historical value.

These properties illustrate the challenges facing the state in making asset management determinations. Historical value must be balanced with economic concerns. ABCs have faced many challenges in maintaining properties they own. Budgetary constraints have at times forced ABCs to decide between investing money in maintenance of owned structures and allocating the funds to support their missions. The properties highlighted in this year's report demonstrate the excellence some agencies have achieved in meeting these challenges through diligence and a strategic and integrated approach to capital asset management.

Oklahoma
Judicial
Center

OKLAHOMA JUDICIAL CENTER, OKLAHOMA CITY

The Oklahoma Judicial Center, named the Wiley Post Historical Building after the famed aviator, was originally constructed as the home of the Oklahoma Historical Society. Located at 2100 N. Lincoln Blvd. in Oklahoma City, the building was designed by the architectural firm, Layton, Hicks, & Forsyth, and construction began in 1929. The design is Neo-Classical with a façade of limestone from Indiana with granite from Georgia as the material for the front steps. The front of the building sports two story columns with Ionic capitals.

Above the entrance are the words, Oklahoma Historical Society, reflecting the building's original purpose. The building was listed on the National Register of Historic Places in 1990. The building is closely associated with two former chief justices. Chief Justice Robert L. Williams, who later became governor, secured the funding for the building and was president of the Historical Society when it moved into the building in 1929. Renovation of the building was authorized by the Oklahoma State Legislature in 2005, and in 2011 the building officially became a building for the judiciary and is now called the Oklahoma Judicial Center. The Judicial Center houses a museum quality collection which is detailed in a corresponding book, *Art of the Judicial Center*.

Oklahoma Veterans Memorial outside the Judicial Center

Next to the building is the Oklahoma Veteran's Memorial, which was built in 1986 and restored during the renovation of the Judicial Center. The focal point of the memorial is a statue that, per the American Legion website, is called "The Big Guy" and is an eight-and-a-half-foot tall bronze statue of a man wearing the uniform and equipment of a Vietnam war soldier. It sits on a three-and-a-half-foot tall pedestal in front of bronze plaques depicting World War I, World War II, the Korean War, and the Vietnam War. Black granite walls were added in 2012 to include additional names of those Oklahomans who've made the ultimate sacrifice for their country.

Exterior of The Endeavor Building

ENDEAVOR-OKLAHOMA STATE UNIVERSITY, STILLWATER

COLLEGE OF ENGINEERING, ARCHITECTURE AND TECHNOLOGY

ENDEAVOR was the idea of former Oklahoma State University Dean Paul Tilkasky to address educational needs observed in the engineering industry. ENDEAVOR is designed to provide and maximize students' hands-on experiences while exploring fundamental engineering principles with industry aligned instruction. Students also learn in interdisciplinary teams with other students from various engineering disciplines. In addition to interdisciplinary hands-on learning for fundamental courses, ENDEAVOR also supports interdisciplinary engineering design courses and projects that build cutting edge prototypes and provide answers to industrial needs.

ENDEAVOR itself is a 72,000-square-foot engineering playground that has three design spaces, 14 laboratories, 21st-century electronic board manufacturing and 3D printing makerspaces and a machine shop. Since 2018, over 1,500 students use ENDEAVOR each week as well as all nine schools of Oklahoma State's College of Engineering, Architecture and Technology. All spaces are highly reconfigurable and can accommodate multiple disciplines using the same laboratory. The facility also has over \$10 million dollars of equipment including a wind tunnel, water flume, scrubber, pipeline flow, industrial distillation suite, isolated electrical grid with renewable power production, modern radio and fiber optic equipment, modern electronic test equipment, advanced materials laboratory, advanced geotech lab and much more.

This remarkable one-of-a-kind facility was made possible by OSU's generous donors, students and their families. ENDEAVOR is also the college center for outreach and recruitment. Tours are available every weekday starting at 2 p.m., and Design Expos are available to the public at the end of every fall and spring semester. Finally, class tours can be arranged to meet school schedules.

Design created by students at the Endeavor

HONEY SPRINGS BATTLEFIELD, CHECOTAH

The Honey Springs Battlefield, located at 423159 E. 1030 Rd. in Checotah, Oklahoma, is a historical site that preserves the location of the Engagement at Honey Springs, the largest battle that took place in Indian Territory. Per the Oklahoma Historical Society website, the battle was fought on July 17, 1863, between the First Division Army of the Frontier and the Confederate Indian Brigade. Cherokee and Muscogee (Creek) regiments fought on both sides of the conflict. There were 9,000 troops involved and they included the aforementioned Native American soldiers, as well as regiments from Texas and the First Kansas Colored Volunteers, the first African American regiment in the Union army.

The area had a Confederate depot along the Texas Road, a vital route through the area, and troops had gathered there after a battle earlier in the month at Cabin Creek and were awaiting reinforcements from Fort Smith. The Union general had received reinforcements from Fort Gibson, forded the Arkansas River, and marched on Honey Springs the night of July 16. The fight began the next day with an artillery duel between the two forces and lasted most of the day. The First Kansas Colored Volunteers were a standout in the fight, drawing praise from superior officers for their performance on the field. The day ended with the Confederates retreat and their loss of control of Indian Territory north of the Arkansas River.

The current site occupies about 990 acres in Muskogee and McIntosh Counties. It has multiple interpretation sites and trails across the site that tells a step-by-step story of the battle. The property is accessible Tues. through Sat. from 9 a.m. to 4:30 p.m. A museum is available on site, for a small fee, that has artifacts, displays, and a short film that talks about the battle. Every November the museum puts on a reenactment of the battle that is open to the public.

Battle at Honey Springs

Exterior of the Honey Springs Battlefield Museum

J.M. Davis Arms & Historical Museum

J.M. DAVIS ARMS & HISTORICAL MUSEUM, CLAREMORE

The J.M. Davis Arms & Historical Museum, located two blocks north of where Davis's Mason Hotel stood in downtown Claremore, Oklahoma exhibits and preserves the collection of John Monroe Davis. Davis filled his hotel with thousands of firearms and other unique artifacts and was an important attraction on historic Route 66. Davis had no heirs so he leased his collection to the State of Oklahoma for 99 years for the sum of \$1 provided the State would build a museum to exhibit his collection.

The museum exhibits over 11,000 firearms ranging from a 1370s Chinese hand cannon to modern sporting rifles. The museum also displays thousands of non-firearm artifacts, including saddles, spurs, cattle brands, beer steins and Toby mugs, animal heads and horns, political buttons and convention ribbons, musical instruments, knives, bows and arrows, Claremore history, and history of the Cherokee Nation in northeastern Oklahoma.

WPA Bronze Shield

STANLEY VESTAL, WEATHERFORD

The Stanley Vestal Building, also known as The Y Chapel, honors one of Southwestern Oklahoma State University's (SWOSU) early scholars, Stanley Vestal. Constructed in the spring of 1941 and completed in June of the same year, the building received funding from both WPA funds and private donations from local citizens and students.

Stanley Vestal Building

Throughout its over 80 year history, the Stanley Vestal Building has served various purposes, including the university health center, the campus museum, the honors college, a chapel, and most recently is the home of Bulldog Central—a new initiative connecting students with resources that aid in their success while at SWOSU. The native stone structure still proudly displays its original brass WPA bronze shield, mounted on the left side of the main entrance.

Positioned on Campus Drive, south of the old science building, this single-story native sandstone structure boasts a steeply pitched gabled roof. The centered entrance, set back beneath a cross gable, is flanked by a pair of double-hung windows with a 6-over-6 pane configuration. The same window arrangement is replicated at the rear, and an additional entrance is located on the southern side of the chapel. An expansive exterior stone chimney enhances the northern side of the edifice.

The building is named after Stanley Vestal, the pen name of Walter S. Campbell, who was the stepson of SWOSU's first president, President Leonard Campbell. Walter completed his education at Southwestern Normal School in 1908 and pursued advanced studies at the University of Oxford in England, earning a graduate degree. As the first Rhodes Scholar from Oklahoma, Walter, under the pen name Stanley Vestal, gained recognition as an esteemed historian of the American West. Serving as a Research Professor of English at the University of Oklahoma, he played a pivotal role in imparting professional writing expertise. In this dual capacity, he distinguished himself as a scholar and writer, marking a significant achievement for a graduate of Southwestern Normal.

Stanley Vestal

AGENCY PROFILES

The Agency Profiles table contains information on all of the buildings and structures owned or leased by the State of Oklahoma. The agencies are listed in alphabetical order; the buildings and structures are sorted to indicate if they are owned or leased. Square footage given is as provided by the reporting ABC. Additionally, totals are provided for each agency. More detailed information can be found in the 2023 Real Property Inventory List.

Counties that contain college campuses, correctional facilities and state parks with 40,000 square feet or more are designated as shown below.

* College or university campus.

** Correctional facility.

*** State park.

REPORT OF UNDERUTILIZED PROPERTIES

The underutilized reports were created using the methodology established by OMES Real Estate and Leasing Services. The methodology is detailed in Appendix B. The Underutilized Property Report includes all underutilized properties owned by the State of Oklahoma as reported to OMES. Underutilized properties are defined as buildings, facilities and land that were reported as being utilized at 50% or less of capacity.

The underutilized properties were given an estimated monetary value based upon the appraised or assessed value of the property. Formal appraisals were not obtained but were considered if the reporting agency had one on file. Obtaining appraisals on all underutilized properties was determined to be cost prohibitive. Appraisals will be obtained, as appropriate, should it be determined to be in the best interest of the State of Oklahoma to divest itself of the underutilized property.

The 5% most underutilized properties were then determined based upon estimated value. The 5% of the properties with the lowest level of utilization and the highest estimated value appear on the Report of 5% Most Underutilized Properties.

[Report of Underutilized Properties](#)

[Print version \(8 pp.\)](#)

REPORT OF 5% MOST UNDERUTILIZED PROPERTIES

The Report of 5% Most Underutilized Properties contains the properties that were determined to be the most underutilized of all reported underutilized state properties. Determinations on level of utilization were based solely on data provided by the ABCs. An estimated value was assigned to each property, and the 5% of the properties with the lowest level of utilization and the highest value were designated as the 5% most underutilized properties. These properties are listed on the Report of 5% Most Underutilized Properties. A report of the 5% most underutilized properties was part of the legislative mandate that enabled creation of the comprehensive property listing.

[Report of 5% Most Underutilized Properties](#)

[Print version \(1 p.\)](#)

INVENTORY LISTS

REAL PROPERTY

The Real Property Inventory lists consist of all properties owned and leased by the State of Oklahoma as reported to OMES. A definition of real property is provided in Appendix A. The properties listed are sorted by agency, whether the property is owned or leased, and location. The report is separated into the following three lists: owned, leased and ABCs with no real property.

[State of Oklahoma Real Property Inventory List – Owned](#)

[Print version \(566 pp.\)](#)

[State of Oklahoma Real Property Inventory List – Leased](#)

[Print version \(49 pp.\)](#)

[State of Oklahoma Real Property Inventory List – ABCs with No Real Property](#)

[Print version \(2 pp.\)](#)

RIGHTS-OF-WAY

The Rights-of-Way Lists contain information on rights-of-way from the Department of Transportation and the Turnpike Authority. Right-of-way is defined in Appendix A.

Department of Transportation

The Oklahoma Department of Transportation maintains approximately 12,260 miles of state and interstate highways. The widths of highway rights-of-way vary depending on the highway's functional classification and other factors. Variation of right-of-way widths is dependent upon several characteristics such as drainage, topography, geometrics and utilities. Correspondingly, right-of-way widths vary anywhere from approximately 80- to 300-plus feet based on the necessity at any given location.

[Department of Transportation Rights-of-Way Inventory List](#)

[Print version \(144 pp.\)](#)

Turnpike Authority

The Turnpike Authority is authorized to construct, maintain, repair and operate turnpike projects at locations authorized by the Legislature of the State of Oklahoma and approved by the Department of Transportation. The Turnpike Authority has provided the following Rights-of-Way and Easement data for all Oklahoma turnpikes.

[Turnpike Authority Rights-of-Way Inventory List](#)

[Print version \(61 pp.\)](#)

MINERAL INTEREST

The Mineral Interest List is a historical listing of oil and gas leases under the authority of the Office of Management and Enterprise Services. Mineral interest is defined in Appendix A.

[OMES Mineral Interest Inventory List](#)

[Print version \(26 pp.\)](#)

PERSONAL PROPERTY

The Personal Property List contains information on all personal property owned by the State of Oklahoma as reported to OMES. Personal property is defined in Appendix A.

APPENDIX A

DEFINITIONS

ABC: Any state agency, board, commission, or public trust having the State of Oklahoma as a beneficiary (ABC).

Appraisal: The practice of developing and reporting an opinion of the value of real property in conformance with the Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Standards Board of Appraisal Foundation.

Data.ok.gov website: The part of Oklahoma’s official website that allows users to download state files for analysis.

Highest and best use: The reasonably probable and legal use of property that is physically possible, appropriately supported and financially feasible and that results in the highest value.

Historic property: Property with sufficient age and significance to be considered historic. Significance can be achieved by direct association with individuals, events, or activities, by embodying distinctive architectural styles or characteristics, or by having the potential to yield information.

Lot: A small tract or parcel of land or real estate that has an owner or is divided by a public entity for the purpose of sale; historically used for smaller portions of land.

Leased property: Real property the reporting agency leases from another entity. The property may be owned by another state agency, another government entity, or the private sector.

Mineral interest: The ownership of any minerals, mines, quarries, mineral springs, or overriding royalty interest, and productions payments with respect to oil and gas leases.

National Register of Historic Places: Official list of the nation’s historic places worthy of preservation. The list is a catalogue of the buildings, sites, structures, districts, and objects with historic significance.

National Trust for Historic Preservation: A privately funded nonprofit organization that works to save America’s historic places.

Owned Property: A property that is owned by the reporting agency or owned by the State of Oklahoma and operated and managed by the reporting agency.

Parcel: A defined piece of real estate, usually resulting from the division of a large area of land; any area of land contained within a single description.

Personal property: The current inventory of tangible assets owned by state boards, commissions, institutions, agencies, and the institutions comprising the Oklahoma state system of higher education and the University Hospitals Authority, including machinery, implements, tools, furniture and livestock, that may be used repeatedly without material impairment of its physical condition and have a calculable period of service and value exceeding the reporting thresholds for the entity.

Predominant use: The general primary function of a property, such as office, colleges or universities, or storage and warehouse.

Real property: Land, and generally whatever is erected, growing upon or affixed to land; also, rights issuing out of, annexed to, and exercising in or about land.

Real Property Inventory List: A comprehensive list of property submitted by the state agencies, boards, commissions, and public trusts listing all real property owned, the value of the property, and any underutilized property.

Rights-of-way: Lands for use for railway or highway; rights-of-way can be comprised of fee ownership, perpetual easements, utility easements, channel easements, drainage easements, dedication deeds and, in some cases, limited term easements.

Tract: A defined area of land; a specific area of land.

Underutilized property: An entire property or portion thereof, with or without improvements, which is used only at irregular periods or intermittently by the accountable landholding agency for current program purposes of that agency, or which is used for current program purposes that can be satisfied with only a portion of the property. Underutilized property may include undeveloped land, office buildings, warehouses, commercial and industrial facilities, and military holdings and residences.

DEFINITIONS OF PROPERTY CONDITION CLASSIFICATIONS

Excellent: Property has no visible defects, is in new or near new condition, and may still be under warranty if applicable.

Good: Property is in good condition, but no longer new, and may have some slightly defective or deteriorated component(s) but is overall functional.

Adequate: Property has moderately deteriorated or defective components; but has not exceeded its useful life.

Marginal: Property has defective or deteriorated component(s) in need of replacement; and it has exceeded its useful life.

Poor: Property has critically damaged component(s) or needs immediate repair; well past useful life.

Dilapidated: Property is substantially deteriorated or defective; and it is unfit for use.

DEFINITIONS OF PROPERTY TYPES

Academic building: Any building with a primary purpose that is academic in nature.

Boat slip: Boat storage or dock.

Cafeteria/food service: A dining facility or food preparation area.

Cemetery/burial site: A location that includes graveyards, cemeteries, or other places of final interment.

Chapel: A facility for religious services.

Clinical space/building: A facility or area for medical services, such as a doctor's or psychologist's office.

Correctional facility: Prisons, jails, reformatories and other places of correction or detention.

Court: A facility or area used as chambers or courts of law.

Fleet: A facility for the storage and maintenance of fleet vehicles.

Hangar/airport: Any facility for the storage or maintenance of aircraft, with or without a complex of runways for takeoff and landing.

Historic structure: A building or structure of historic significance and preserved by the state as such.

Hospital: An inpatient facility for medical treatment or other clinical purposes.

Housing/residence: A residential structure or facility.

Laboratory: A facility equipped to conduct scientific experiments, tests, investigations, and analysis.

Land – agricultural: Land used for grazing, farming or other agriculture uses.

Land – historic site: An archeological site or land in an area or location of historic significance and preserved by the state as such.

Land – livestock: Agricultural land used specifically for livestock.

Land – other usage: Land with a specific usage other than the defined categories, or improved land supporting a campus or program outside the defined categories.

Land – park: An area of land, either landscaped or in its natural state, used for recreation or as a public area. Structures and other improvements may be located on the land.

Land – sports: Land used as an outdoor sports field, such as a baseball, track, or soccer field, where the improvements are minimal.

Land – unimproved: Land with no improvements and no defined usage.

Land – wildlife refuge: An area of land that is being maintained and managed for hunting, fishing or other outdoor activities.

Laundry: A facility for cleaning garments, linens and other fabrics.

Library: A facility where archival documents, reference materials, and other literary, musical, and artistic materials are kept.

Lodging: A facility for temporary stays, such as hotels, motels, guest cabins and lodges.

Maintenance/repair shop: A facility generally used for the support of maintenance and repair of equipment, buildings, and grounds.

Mineral interest: The interest that confers the right to extract, modify and sell the minerals that underlie a defined parcel of property.

Museum: A building in which objects of historical, scientific, artistic, or cultural interest are stored and exhibited.

Office: Any place for the regular transaction of business or performance of a particular service.

Other: Any building or structure that does not fit into the defined categories.

Parking lot: An area used for the parking of vehicles.

Radio/communications: A building or structure that houses radio and other communications equipment, excluding towers.

Radio/communications tower: A structure designed to support antennas for radio communications, telecommunications, and broadcasting, including television.

Salt/sand storage: A storage facility used specifically for salt or sand.

Sports facility: A structure or facility used for sports and athletics, such as stadiums or gymnasiums.

Storage: A structure in which things are stored.

Theater/auditorium: A facility with seating space for audiences and used for performances, movies, conferences, or other large gatherings.

Toll facility: A structure or facility used for collecting tolls, including booths, gates and other structures.

Training: A facility used for training, typically professional or vocational seminars or classes.

Utility building/structure: An ancillary building serving a function, such as a communications hut, machine shed, barn or other support function.

Vehicle storage: A facility for the storage of vehicles, such as cars or machinery.

Visitor's center: A property or structure that provides information or education exhibits and rest areas for visitors to the State of Oklahoma, state properties and points of interest.

Warehouse: A large building where materials or goods may be stored prior to their distribution.

APPENDIX B

UNDERUTILIZED METHODOLOGY

To consider all underutilized properties, regardless of the ability of the State of Oklahoma to quickly divest itself of the property, OMES has altered the method of identifying the 5% most underutilized properties.

Report of Underutilized Property

The Underutilized Property Report contains all properties and land self-reported by agencies as being utilized at 50% or less of capacity.

Report of 5% Most Underutilized Properties

To calculate the 5% most underutilized properties, OMES sorts all the underutilized properties by level of utilization, with the lowest level of utilization first. OMES estimates the fair market value and the local tax revenue for each property. The properties with the lowest level of utilization are sorted by the estimated value, with the highest value first. OMES determines the 5% most underutilized properties by identifying the 5% of the underutilized properties with the lowest utilization and the greatest value.

Oklahoma State Capitol in 1963
