**Subject:** Duke Executive Development Program

This agency is working with The University of Oklahoma to bring the Duke University workshop "**Strategic Leadership for State Executives**", back to Oklahoma this fall. This is the same highly successful workshop courses we offered jointly last year to thirty-six state agency senior-level executives. The University of Oklahoma registration instructions are enclosed.

The course will begin at 1:00 p.m. Sunday, November 15, and run through 5:00 p.m., Wednesday, November 18, 1998, at Lake Murray State Lodge. Please contact Mary Katherine Long (405-325-4813), Public Management Programs, University of Oklahoma; or Larry Fisher (405-522-0762), of this agency if you have questions.

I encourage all agencies to take full advantage of this professional development opportunity for senior-level executives.
