RE: 1998 Charitable Contributions Campaign Final Report

The State Agency Review Committee (SARC) recently released its Final Report for the 1998 Oklahoma State Employees Charitable Contributions Campaign.

Its results are impressive!

State employees contributed \$360,425 in 1998, compared to \$271,517 in 1997 — a 33% increase in contributions! These contributions are distributed to numerous agencies throughout the state which provide various services to children, youth, adults, and families.

Let's prepare for an even more successful Charitable Contributions Campaign in 1999.
