# AEM Interface Navigation - Sites
*(Adobe Experience Manager)*

Site Content Tree

- sites

- sok-wcm

- en

- careertech

- Choose/click "view icon" and Select "List View"

- Click "up/down arrows" next to Title in the first column *(will arrange in A-Z sort order)*

- Choose/click "view icon" and Select "Column View"

Site Tree has two levels of Site Pages *(notice there are no Folders in the site tree)*

- Parent Page

- Child Page

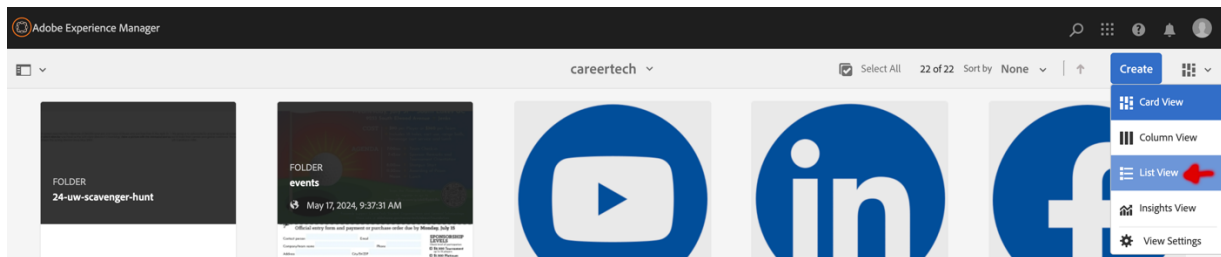

- Highlight Students in the right column and it becomes the Parent to Child pages.

AEM Interface Navigation - Assets
(Adobe Experience Manager)

Asset DAMS Tree *(digital asset management system)*

- assets

- files

- ok

- en

- careertech

- Choose/click "view icon" and Select "List View"

- Click "up/down arrows" next to Name in the first column *(will arrange in A-Z sort order)*

DAMS consist of both "Files" and "Folders with Files"

- File types: .jpg; .png; .ppt; .pptx; .xls; .xlsx; .doc; .docx; .pdf

- File size: **Do not** exceed 1MB

- When possible, save Word files as PDFs to keep the end-user from manipulating the original document when downloaded; and to create a smaller file size for the DAMS. Hhhbb
