SOUTHERN TECH

Summary Covid-19 Guide for Students
Revised July 24, 2020

Southern Tech is optimistic about welcoming students back to campus amid the Pandemic. With the help of students and their families, we can each do our part to limit the spread of the virus and continue to educate students.

The health of faculty, staff and students is paramount as we enter into the fall semester. Therefore, we have adopted campus-wide procedures and are asking students to help as well. Below is a quick guide that summarizes our requests of students. It is not a comprehensive list because risk will be assessed daily. Up-to-date information can be found on our website: www.sotech.edu

- Courses start August 11th and will run on our normal schedule from 8 am to 4 pm every day.
- Student orientation will include a video to answer questions about re-opening as well as special considerations during the Pandemic.
- Supply lists will be available by syllabus and according to course Instructors.
- Students are asked to wear masks at all times; masks can be provided by the school.
- Masks will be required during school transportation.
- Masks should cover the nose and mouth.
- Students should submit to having their temperature taken daily, upon entry into school and/or into buses.
- Temperature must be under 100.4.
- If student has a temperature above 100.4, student will go to the 'isolation' area or exit the school depending on their transportation method.
- Students should use sanitizer upon entry into each classroom.
- Students may be asked to submit a daily Covid-survey on the Canvas App.
- Students who test positive for Covid-19 are asked to stay home and quarantine for fourteen days.
- Students should stay home from school if they exhibit symptoms of Covid-19 including but not limited to cough, fever, loss of taste, shortness of breath.
- Students should stay home if they have had exposure to a person who tested positive for Covid-19.
