WHAT WE DO

CTTC provides assessments and test preparation materials for approximately 175 courses/occupations. Specifically, CTTC:

- » Works with industry to develop state and national standards for emerging occupations.
- » Develops study guides that include test plans, sample questions, curriculum/resource crosswalks, etc.
- » Works with subject-matter experts, state agencies, and industry organizations to develop and validate occupational competencies and provide certification/licensure examinations.
- » Coordinates delivery of assessments through hundreds of test sites throughout Oklahoma and the United States.
- » Provides analytical data that aides in instructional planning, program improvement, and assessing occupational readiness.

SERVICES

- » Student remediation
- » Program remediation
- » Free study guides
- » Free digital badges

ASSESSMENT PRODUCTS AND SERVICES

OKLAHOMA

CTTC CareerTech Testing Center

»» WHO WE ARE

CareerTech Testing Center works directly with instructors, industry representatives, and credentialing entities to identify and develop more than 150 certification assessments and assessment preparation materials that align with recognized industry standards.

Our partnerships with industry leaders ensure our assessments focus on required and/or valued credentials. They are given in Oklahoma through our technology centers, comprehensive schools, and in our skills center programs within the prison system. We also work with other states that use our assessments for state-mandated testing.

We utilize our technology center network of more than 50 locations to provide test sites to our 15 partnering agencies/divisions. We host their certification/licensure exams, and our test site personnel provide a secure, proctored environment for testing. They also validate the documentation required by each agency to test.

CTTC provides a unique opportunity to entities needing a secure testing platform. We provide hosting solutions for your content and assessments, and offer various delivery options to meet your needs.
