

Place a COVID-19 Vaccine Order

- 1. Login into system
 - a. Make sure you are logged into the correct provider/clinic
- 2. Click Inventory from the right menu:

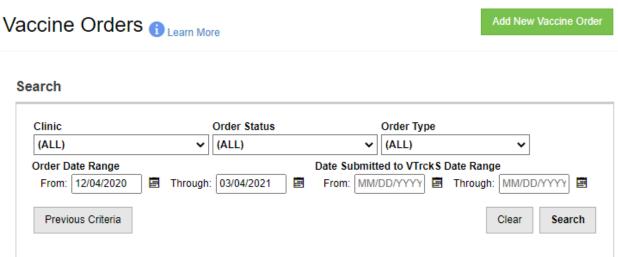

3. Click Vaccines:

4. Click Vaccine Orders:

5. Click Add New Vaccine Order:

6. Click on the drop down and click on the one clinic you see in the list (you will see only one clinic):

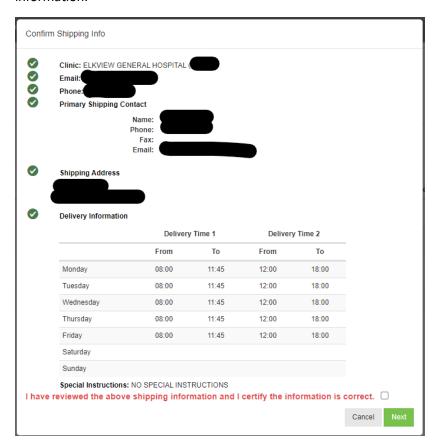

Add - Select Clinic

7. Choose COVID-19 vaccine order and click Next:

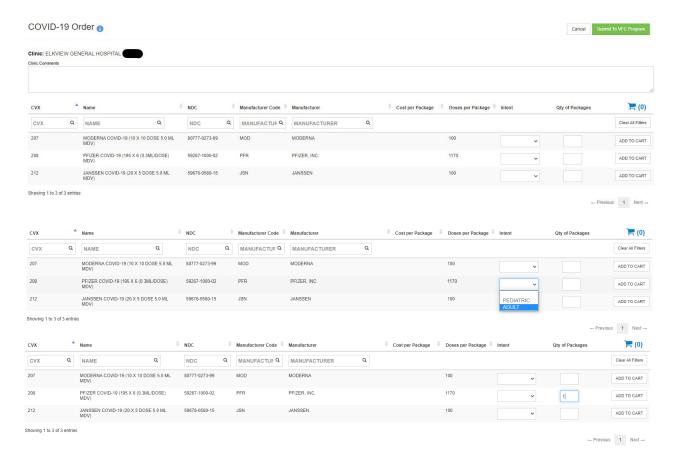

8. On the pop-up screen, check that Primary Shipping Contact has correct Name, Phone #, Email, and that Shipping Address is correct. If not – please call or email OSIIS helpdesk to correct this information.

9. If all information is correct, click "I have reviewed..." and Next

I have reviewed the above shipping information and I certify the information is correct. lacktriangle

- 10. Place order on this screen. IMPORTANT: QTY is the quantity of packages. As of right now, the minimum required order for each vaccine is as follows:
 - Moderna (1pck) = 100 doses
 - Pfizer 12+ (3 packages) = 300 doses
 - Pfizer 5-11 (1 pack) = 100 doses
 - Janssen (1pck) = 100 doses.
- 11. PLEASE NOTE: If you are wanting an amount less than the minimum required to order, you will still need to place an order for the minimum amount, but you will need to add a comment in the Clinic Comments field (see below) indicating the number of doses/vials you want to request. These will be redistributed to you from your local county health department.

12. Once you have selected the type you want:

13. Once you have added to cart you will receive a notice at the bottom for cart confirmation:

1 Info 1 Pfizer COVID-19 (195 x 6 (0.3mL/dose) MDV) added to cart.

14. If you want to review your order before placing click on the (1) icon: (If the order is correct, close the pop-up window; if the order is wrong – click remove and go back to step 10.

15. Click Submit to VFC Program, click OK:

- 16. Order status will change to Submitted for Approval, once approved by the VFC program the order status will change to Approved.
 - a. If the order is for outside the minimum quantity the order status will be changed to Rejected and the local county health department will fulfill the order.

^{***}If the order has mistakes, it will be rejected and a note with needed corrections will be attached. You will have to make the necessary changes to the order and re-submit it as soon as possible.
