I am requesting the attached course be approved for continuing education to meet the training requirements as set out in the administrative rules for wrecker service companies.

Course area of training

☐

Traffic control

☐

Wrecker vehicle operations

☐

Wrecker vehicle operator safety

☐

Towing or Recovery services

Number of Continuing Education hours

When submitting a new course/class for DPS approval, you must provide the course content. Course content can be PowerPoints or slides, manuals, workbooks, or other documentation providing detailed information about the content to be covered in the course/class.

If there is a hands-on section of the training, a detailed description of the hand-on portion must be included.

You will be notified by email after DPS has reviewed the material and has either approved or disapproved the course.
