**Brief Description of the Purpose of the Proposed Rules:**

The purpose of all the rules of the State Election Board is to provide County Election Board Members and employees with the information and instructions needed to perform their duties as required by law. The rules of the State Election Board are the basis of Oklahoma's unified, uniform election system. The rules in Chapter 10 describe the employment and training of County Election Board staff and precinct officials and the organization and maintenance of the County Election Board office. The proposed amendments to the rules in Chapter 10 relate to outdated or unnecessary rules, processes, or procedures, many of which are due to more recent Legislative changes. For example, there is no longer a Chief Clerk position within the County Election Board nor are there Precinct Election Boards. Further, the compensation amounts are being increased for precinct officials in 2024 pursuant to Senate Bill 290 from the 2023 Legislative session. The revocation of the rule related to nepotism is already prescribed in state law.

**Description of the classes of persons who most likely will be affected by the proposed rule, including classes that will bear the cost of the proposed rule, and any information on cost impacts received by the agency from any private or public entities:**

County Election Board Secretaries, Assistant Secretaries, and other employees who maintain records for the office.

**Description of the classes of persons who will benefit from the proposed rule:**

County Election Boards, County Election Board Secretaries, and precinct officials.

**Description of the probable economic impact of the proposed rule upon affected classes of persons or political subdivisions, including a listing for all fee changes and, whenever possible, separate justification for each fee change:**

The proposed amendments in Chapter 10 are not expected to have a significant economic impact on any affected classes of persons or political subdivisions. No fees have been increased or added to these proposed rules and no significant economic impact is anticipated.

**The probable costs and benefits to the agency and to any other agency of the implementation and enforcement of the proposed rule, the source of revenue to be used for implementation and enforcement of the proposed rule, and anticipated effect on state revenues, including a projected net loss or gain in such revenues if it can be projected by the agency:**

No unique or additional costs are anticipated by the State Election Board for implementation and enforcement of these proposed amendments. The proposed amendments in Chapter 10 are not expected to provide any significant loss or gain in agency revenue or the state's general revenue.

**A determination of whether implementation of the proposed rule will have an economic impact on any political subdivision or require their cooperation in implementing or enforcing the rule:**

As previously stated, the proposed amendments in Chapter 10 are not expected to have a significant economic impact on any political subdivisions. The proposed rules will require cooperation from County Election Board Secretaries.

**A determination of whether implementation of the proposed rule may have an adverse economic effect on small business as provided by the Oklahoma Small Business Regulatory Flexibility Act:**

The proposed amendments in Chapter 10 will not have an adverse economic impact on any small businesses.

**An explanation of the measures the agency has taken to minimize compliance costs and a determination of whether there are less costly or non-regulatory methods or less intrusive methods for achieving the purpose of the proposed rules:**

No new or increased fees will be added to these rules. There is no less costly non-regulatory method available to help formally implement these changes.

**A determination of the effect of the proposed rule on the public health, safety and environment and, if the proposed rule is designed to reduce significant risks to the public health, safety and environment, an explanation of the nature of the risk and to what extent the proposed rule will reduce the risk:**

The proposed amendments have no effect on and pose no risk to the public health, safety, or environment.

**A determination of any detrimental effect on the public health, safety and environment if the proposed rules are not implemented:**

The proposed amendments have no effect on and pose no risk to the public health, safety, or environment.

**Date the rule impact statement was prepared and the date modified:**
