5. Reports

- EMS: licensure/certification, inspections
Dean Henke, Regional Coordinator gave a staffing update: Dr. Wyatt Hockmeyer – EMS & Trauma Manager, Michaelde'Angelo Tascier – Medical Facilities Director, Lori Strider – EMS Coordinator, and Grace Pelley – Trauma Coordinator. EMS License renewal season is over and to obtain your EMT license, you must send in an initial license application and follow the instructions.
- No Report Given. Quality Improvement Committee: case reviews, trends
- Regional Planning Committee
Rachel Talley, Committee Chair shared the committee continues to work on an Interfacility Transport Resource Utilization bundle for Level III and Level IV hospitals that includes an EMS fatigue risk assessment and ED Transfer Triage Algorithm for medical patients.
- Regional Medical Response System
Robert Stewart, Director shared for the EMResource MCI drill, 91% of Hospitals responded with 61% correct. 43% of EMS responded with 43% correct. Next RMPG meeting in August 1, 2024, RMRS awareness training is October 11, 2024 at Region 3 MERC at 9:00 a.m. SAVE THE DATE – exercise and planning team dates: August 6, September 3, October 8, and October 16. MRSE November 14. Redundant Communications Drill October 29, 2024.

6. No Report Given EMS for Children

7. Stroke System of Care

Rachel Talley, Regional Stroke Liaison shared OSSAC/OSSCAR are reviewing drafts of stroke plans. All are invited to attend the OSSAC/OSSCAR meetings. Learning opportunities are on demand, helpful resources, and an article “Lay Them Flat” are available. Next Steps are to complete a Stroke Capability form for Hospitals and EMS providing stroke information and to provide this information to OSSAC and OSSCAR.

Southwest (3) Regional Trauma Advisory Board
REGULAR MEETING
Thursday, August 1, 2024 – 10:30 a.m.

8. Presentation: Accuracy of prehospital trauma scoring by EMS in a rural community hospital setting: A retrospective analysis. David Behm, DO presentation included research that shows more than half of all priority 1 patients are missed. The data for this research is from Southwest Region 3 which has a population of over 400,000 people and more than a dozen EMS agencies. Comanche County Memorial Hospital (CCMH) receives more than 100 trauma patients each month. The data reviewed dated January 1, 2017 through December 31, 2019 and included EMS prehospital patient care reports paired with CCMH ED reports. Extracted from the EMS PCR were the Trauma Priority Score (TPS) and variables of age, gender, night vs day, EMS agency, licensure of medic, and mechanism of injury. After reviewing the PCR and the ED chart an accurate TPS is decided upon and compared to the TPS in the EMS PCR. Results are 3563 paired EMS PCRs and ED charts with 812 of the 3563 EMS PCRs had no TPS (22%). Element of Priority 1 most overlooked was sustained tachycardia (71%). Elements of Priority 2 most overlooked were transient LOC / AMS (48%) and multiple comorbidities (40%). This is a study unique to Region 3 Southwest. Comments and critique are welcome david.behm@ccmhhealth.com
9. Discussion, consideration, possible action, and vote
- a. 2025 Board Members discussion

Hospital	EMS
Comanche County Memorial Hospital	Kirks Emergency Service – 14,035 runs
Duncan Regional Hospital	Comanche County Memorial Hosp EMS – 9933 runs
