Mission Statement: Memory Care

Oklahoma Memory Care Institute Nursing Center offers loving care and support for individuals in varying stages of Alzheimer's disease and related dementias. We are dedicated to providing exceptional service that allows our residents to live full and fulfilled lives each and every day. We take a person-first focus that is centered on each resident's individual needs and the dignity and respect, they deserve. Our team members are committed to creating a quality environment that is always inviting and comfortable. We take care to thoroughly understand the unique challenges of our memory loss residents and to meet those challenges with kindness and compassion.

Philosophy

- * Provide a structured setting by offering patient focused care in a environment that allows a full range of unrestricted movement within a safe area.
- * Offer daily activities, both formal and informal, provide an opportunity for each resident to actively engage and thrive in the highest quality of daily life possible.
- * Acknowledge and redirect our residents. Our trained staff acknowledges our residents' realities, redirect them and modify their environment and our expectations.
- * Value each individual by allowing residents to build personal relationships and experience life in a positive environment that honors and respects them and their families.
- * Our focus of care is developed based on the abilities of individual residents, not on their inabilities. We build on the uniqueness of each person.
