We currently have two private Ambulance services in Sequoyah County so the county does not fund any of them. We do dispatch for Pafford EMS due to the them losing their dispatch service and we felt that it would serve our county better to take on that role.

Describe any plans, if any to change, modify, enhance, or improve funding for ambulance operations:

We are currently looking at making all EMS services that are stationed in our county be equipped and staffed to run county wide and be dispatched from a service that is located in county.

Coverage

Are all areas in your county covered by any ambulance services? Yes No

Describe in detail the geographic region for each ambulance agency that will be responding in your county? (Maps may be provided to assist in the explanation of the service areas).

There will not be any geographic boundaries in Sequoyah County.
