

# Oklahoma Live Births and Infant Deaths

## Okmulgee County

County Seat > Okmulgee

### Population Overview - 2014

| Indicator                                                 | County | State     |
|-----------------------------------------------------------|--------|-----------|
| Population <sup>1</sup>                                   | 39,095 | 3,878,051 |
| Number of live births <sup>2</sup>                        | 512    | 53,286    |
| Birth rate (live births per 1000 people) <sup>1,2</sup>   | 13.1   | 13.7      |
| Percent of births by maternal race/ethnicity <sup>2</sup> |        |           |
| · Non-Hispanic White                                      | 59.7%  | 59.5%     |
| · Non-Hispanic Black                                      | 8.3%   | 8.2%      |
| · Hispanic                                                | 4.1%   | 13.7%     |
| · Non-Hispanic American Indian                            | 18.9%  | 9.5%      |
| · Non-Hispanic Asian                                      | ***    | 2.9%      |
| · Other and multiple race                                 | 8.8%   | 6.3%      |

### Five Year Overview for the Period 2010-2014

| Indicator                                                                    | County | State |
|------------------------------------------------------------------------------|--------|-------|
| Infant mortality < 1 year                                                    |        |       |
| · Average infant mortality rate (per 1000 live births) <sup>2</sup>          | 7.8    | 7.5   |
| Number of infant deaths <sup>2</sup>                                         | 20     | 1,979 |
| Birth weight                                                                 |        |       |
| · Low birth weight <sup>2</sup>                                              | 8.0%   | 8.0%  |
| · Very low birth weight <sup>2</sup>                                         | 1.6%   | 1.3%  |
| Preterm births                                                               |        |       |
| · Preterm <sup>2</sup>                                                       | 13.6%  | 13.2% |
| · Early term/late preterm <sup>2</sup>                                       | 32.5%  | 28.0% |
| Prenatal care during 1st trimester <sup>2</sup>                              | 57.2%  | 67.5% |
| Teen birth rate (per 1000 female population aged 15-19 years) <sup>2,5</sup> | 62.8   | 45.4  |

### Socioeconomic Status Overview

| Indicator                                                                           |           | County   | State    |
|-------------------------------------------------------------------------------------|-----------|----------|----------|
| Maternal education < high school <sup>2</sup>                                       | 2010-2014 | 19.2%    | 19.9%    |
| Insurance status                                                                    |           |          |          |
| · Uninsured < 18 years <sup>3</sup>                                                 | 2013      | 10.4%    | 10.6%    |
| · Uninsured females 18-64 <sup>3</sup>                                              | 2013      | 24.5%    | 23.6%    |
| Median household income <sup>4</sup>                                                | 2014      | \$38,183 | \$47,524 |
| Families with children aged 0-17 years below the federal poverty level <sup>4</sup> | 2014      | 29.4%    | 22.4%    |

### Infant Mortality Rate

Infant deaths per 1000 live births

### Percent of Low Birth Weight Births (500-2499 grams)

### Percent of Preterm Births (20-36 weeks)

#### Technical Notes

Infant death= a live birth dying before day 365 or completing one year of life

Infant mortality rate = (number of deaths before day 365 / total number of live births) x 1000

Birth rate = 1000 x number of resident live births / resident population

Low birth rate = birth weight 500-2499 grams

Very low birth rate = birth weight 500-1499 grams

Gestational age data shown in this report are derived from the obstetric estimate of gestation and date of last menses

Preterm births = 20-36 weeks gestation

Early term/late preterm births = 37-38 weeks gestation
