Age: The applicant for licensure must be a minimum of eighteen (18) years of age.

Verification of citizenship status: State law requires the Board of Nursing to issue a license only to U.S. citizens, nationals and legal permanent resident aliens; and to qualified alien applicants who present, ***in person***, valid documentary evidence of:

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the U.S.;
2. A pending or approved application for asylum in the U.S.;
3. Admission into the U.S. in refugee status;
4. A pending or approved application for temporary protected status in the U.S.;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent residence status or conditional resident status.

Applicants in the above six categories will only be eligible to receive a license that is valid for the time period of their authorized stay in the U.S., or if there is no date of end to the time period of their authorized stay, for one year. The license is required to indicate that it is temporary. The information will be verified through the Systematic Alien Verification for Entitlements (SAVE) Program, operated by the U.S. Department of Homeland Security.

Graduation from a state Board-approved program of registered or practical nursing: You must be a graduate of a **state Board-approved program** of registered or practical nursing. An official transcript from the nursing education program must be submitted directly from the nursing education program. The transcript must show the diploma or degree and the date conferred. The transcript must be obtained from an entity approved and recognized by the U.S. Department of Education as a primary source for providing education transcripts. The nursing education program you attended **must have included theory and clinical experience in the following areas:**

- Care of the adult
- Care of children
- Maternal-newborn nursing
- Psychiatric-mental health nursing

Completion of the licensure examination: Once all other requirements for licensure have been met, you will be made eligible to take the NCLEX-RN or NCLEX-PN licensure examination. In order to be made eligible, you must have registered with the testing service: <https://www.nclex.com/>

Review of criminal history: State law (59 O.S. § 567.18.B.) requires each applicant for licensure to have a fingerprint-based background check not more than ninety (90) days old at the time of submission of the application for licensure. The background check consists of fingerprint-based searches of the Oklahoma State Bureau of Investigation (OSBI) and Federal Bureau of Investigation (FBI) Criminal History Record Information databases and name index searches of computerized databases containing criminal history records. Please read the *Privacy Act Statement and Applicant Notification* found in the Appendix to this set of instructions. The Oklahoma Board of Nursing is not authorized to receive criminal history record information prior to receiving an application; therefore, you will receive information on obtaining a fingerprint-based background check in the Message Center of your Nurse Portal account after your application has been successfully submitted.

In addition to the background check, applicants for licensure are required to notify the Oklahoma Board of Nursing, in writing, specific information related to criminal charges and/or convictions, investigations, disciplinary actions, and/or judicial declaration of mental competence. A “report in writing” means that the applicant/licensee provided a description stating in his/her own words the date, location, and circumstances of the incident, and if applicable, the resulting action taken by the court, agency, or disciplinary board. The report should be in the form of a statement in the provided space on the application. Certified court records or a board order, as applicable, must be uploaded during the application process. A verbal report does not constitute a “report in writing”. A written report not accompanied by a full set of certified court records or the board order(s) does not constitute a “report in writing”. Failure to report such action is a violation of the *Oklahoma Nursing Practice Act*.

Criminal offenses of applicants may be used as a basis for denial of licensure or certification. Detailed information regarding which offenses the Board shall consider may be found in the Oklahoma Board of Nursing Rules (OAC 485:10-11-4) which are available on the Board's website at this link: <https://oklahoma.gov/nursing/criminal-history.html>. You have the right to request a determination of eligibility for licensure or certification prior to applying for licensure. To do so, submit the *Petition for Determination of Eligibility for Licensure or Certification* form.

An applicant for a license to practice as a Registered Nurse or Licensed Practical Nurse must submit to the Oklahoma Board of Nursing "certified written evidence that the applicant has never been convicted of a felony crime that substantially relates to the occupation of nursing and poses a reasonable threat to public safety" [59 O.S. § § 567.5, 567.6].

Forms referenced can be found on the Board's website located at this link: <http://www.oklahoma.gov/nursing/applications.html>

Instructions for Completion of the Application

Please upload copies of legal documentation to support your legal names (ex: birth certificate, marriage license). **You must provide a Social Security number on the application.** This information is mandatory, pursuant to 56 O.S. § 240.21A, for administration of the tax laws of the State of Oklahoma.

According to State law, **if you are a qualified alien, you must bring in person** the *Evidence of Status Form* to the Board office along with the original documents that support your qualified alien status, as shown on the *Evidence of Status Part B Form*. At the Board office, a staff member will copy your qualified alien status documentation and will notarize the *Evidence of Status Form*.

3. **Background Check:** Each applicant must provide fingerprint images to be used for the purpose of permitting a state and national criminal history records search through the OSBI and FBI. The Oklahoma Board of Nursing is not authorized to receive criminal history record information prior to receiving an application; therefore, you will receive information on obtaining a fingerprint-based background check in the Message Center of your Nurse Portal account after your application has been successfully submitted. In the event that you submit an incorrect application and fingerprints are collected and submitted following the submission of the incorrect application, note that the criminal history records search must be conducted through the Board's vendor, IDEMIA no more than (90) days prior to receipt of the application in the Board office. The results of the search are provided directly to the Board office by the OSBI usually within one to two weeks. Please read the *Privacy Act Statement and Applicant Notification* found in the Appendix to this set of instructions. Procedures for changing, correcting or updating OSBI and/or FBI results are set forth in Title 28, C.F.R., §16.34 and will be furnished as needed.
