Re: Notice of Intent to Construct a Windfarm in Harper County, OK

Dear Commission,

Pursuant to §17-160.21 of the Oklahoma Wind Energy Development Act (and OAC 165:34-45-4), Mistletoe Wind Farm, LLC, presents this letter to the Oklahoma Corporation Commission (OCC) as notification of intent to construct a wind energy project ("Facility") in Harper County, Oklahoma.

On February 8, 2017, we filed FAA form 7460-1 for 125 permanent wind energy turbine locations. Turbine locations including longitude and latitude are included as Exhibit A. Exhibit B includes a depiction of the project boundary. Please note, the Facility plan is in a preliminary stage and commencement of construction for the installation and commissioning of wind energy turbines is not imminent.

Simultaneously with submitting this letter to the OCC, we are mailing a complete copy of this letter and all exhibits to the Board of County Commissioners for Harper County, Oklahoma (see evidence of mailing to County Commissioners in "cc:" information at end of this page). This Notice is not being provided to the governing body of any municipality since the Facility is not being located in the incorporated area of any municipality.

In the event that this Notice is deemed to be a "Report" pursuant to 17 O.S. §160.20 (B), we attest to compliance with the setback requirements of 17 O.S. §160.20(A).

We request affirmation of submission of this Notice by providing proof of receipt stamp pursuant to OAC 165:3545-4(b). Thank you.

Sincerely,

Michael Rucker
