Proof of Publication Order Number 20-01-35

I, Cindy Shea, of lawful age, being duly sworn upon oath, deposes and says: That I am the Authorized Agent of OK-BEAVER HERALD-DEMOCRAT, a Weekly newspaper printed and published in the city of Beaver, county of Beaver, and state of Oklahoma, and that the advertisement referred to, a true and printed copy of which is here unto attached, was published in said OK-BEAVER HERALD-DEMOCRAT in consecutive issues on the following dates-to-wit:

Insertion: 1/16/2020

That said newspaper has been published continuously and uninterruptedly in said county during a period of one-hundred and four consecutive weeks prior to the publication of the attached notice or advertisement; that it has been admitted to the United States mail as second-class mail matter; that it has a general paid circulation, and publishes news of general interest, and otherwise conforms with all of the statutes of the Oklahoma governing legal publications.

PUBLICATION FEE \$483.45

(Editor, Publisher or Authorized Agent)

SUBSCRIBED and sworn to me this
21 day of January 2020.

(Notary Public)

NOTICE OF INTENT TO CONSTRUCT

In order to comply with the requirements of the Oklahoma Wind Energy Development Act, specifically at section 160.21 of Oklahoma Statutes Title 17, and rules promulgated by the Oklahoma Corporation Commission ("Commission") at Oklahoma Administrative Code ("OAC") 165:35-45, Ponderosa Wind, LLC ("Ponderosa"), a subsidiary of NextEra Energy Resources, LLC, hereby submits to the Commission its Notification of Intent ("NOI") to build the Ponderosa Wind Energy Center ("Project") located in Beaver County, Oklahoma.

The Project has been under active development for several years. On January 30, 2017, Ponderosa submitted its first NOI for the Project. The Project's 7460-1 forms received Determinations of No Hazard ("DNHs") from the Federal Aviation Administration ("FAA") on October 27, 2017. Subsequently, the Project's DNHs received extensions from the FAA on May 2, 2019. Pursuant to the FAA's extensions, the Project's DNHs remain valid through November 2, 2020. Ponderosa is submitting this second NOI to ensure all elements of the wind energy facility are contained within the "project boundary," as that term is defined at OAC 165:35-45-2.

Exhibit A to this letter contains a summary of the FAA Form 7460-1 filings for the Project (the Project's DNHs and extensions granted by the FAA have been previously submitted to the Commission). Exhibit B contains a diagram showing the Project boundary. While portions of the Project are located in the vicinity of municipalities, including Balke, Oklahoma; no portion of the wind energy facility is within an incorporated area of a municipality and thus no additional notice to any municipality is required. As of the date of this notice, and based on publicly available data, Ponderosa attests that the Project's design complies with the setbacks required by the Oklahoma Wind Energy Development Act. Please do not hesitate to contact us at 561-694-4709 with any questions regarding this filing.

Sincerely,
Dian Watson
NextEra Energy Resources, LLC.

Mary. . .

(Continued From Page 3)
 a beautiful Jenny Lind crib. I wasn't all that excited about getting rid of my china closet, either. We had to sell the piano, which was an older one but which had been a gift to us by a friend in Glen Elder. I told Rick if I had to sell all my stuff, he needed to sell his tools, too. (This was a recurring discussion in our moves as well.)

He looked at me with panic in his eyes and said, "Oh, no! I'll lose those at Dad's in case I ever need them." Oddly enough, a man came to the garage sale and offered a high price for them (which they were very much worth) and came the next day to pick them up. Oh, well. We also had to get rid of our washer and dryer, which had been a gift from a couple in the Glen Elder Church. (Their son was minister at Beaver Christian Church at some point in time.) We'd be doing laundry at the laundromat, as we had off-times in the past. Since we'd be moving to a 2-bedroom apartment we also sold Gene's bed and began looking for bunk beds. By the time we needed them, we'd found a set in a Salina paper called "Trading Times." Finally, we got things sold and friends from church loaded what was left of our stuff in their stock trailer and helped us move. I was, I'm sure, bawling as usual.

The city of Salina held promise for a young family—many parks, child-friendly sections in the history museum and the art museum, a totally separate children's library, churches with good children's programs, to name a few things. However, it also had its challenges. At the time we moved to town, there was a rapist on the loose and the police were cautioning citizens against going out by themselves at night. The quadruplex where we lived had some interesting inhabitants. The man across the hall was a drug dealer, which we found out after some time. He and his wife(?) locked their two little girls out of the apartment during the day so the girls would play outside. They were the sweetest little girls but I worried about them because they were friendly with everyone. The people who lived below us had some domestic violence issues going on. When Rick first worked for Salina P.D. he wore slacks and a nice shirt to work. Once he passed the academy, he'd be issued his uniform. Because of that at first, it wasn't evident to the people living around us that he was training to be a policeman. A friend suggested that once Rick was issued his uniform that would make a difference in our neighborhood but I had a different perspective on the matter. I figured once Rick had his uniform, he'd be a target, as would we at times. One thing was for sure. It didn't look like life was going to be dull for us at our new location.

We were all excited to find a church home. We started attending Salina Heights Christian Church. It was funny at first because the name sounded kind of fancy to us. Once we got to know the people, though, we found they were common folk like us. (The pastor there was who I'd begun visiting with.) The church family opened us with welcome arms. The first two months we were there, we were the grateful recipients of the "food basket" from the church. One of the ladies who brought it by the house teased me because there was a beer bottle in the yard of the apartments.

"Is that yours?" she asked me as she set the box laden with food items on the table.

"Um, no." I was pretty sure she was teasing and found out later she definitely was.

We enjoyed the fact that there were people of all different ages at the church. One family we became especially close to had some children our kids' age. There were Sunday school classes for the kids and for us. The church had weekly fellowship meals where different people would host in order to welcome whoever was new at that time. They went by let-

ters of the alphabet to decide whose turn it was to host. Anyone could come to the meals. They also had a small music worship team. Though I've been involved with the music at many of the churches where we've been, I was too intimidated by the fact that they had a "team" to help with music. It wasn't their fault, it was just the fact that my confidence was very low at that time. While Rick was gone to the academy all week, the wife of this family invited the kids and me to go with her and her kids to a church that had children's activities such as Scripture memory and skits. The program was on Wednesday afternoons, so that worked out with Gene's school schedule as well. There were church activities at Salina Heights on Sunday evenings, so we went there right after dropping Rick off at the academy, but that meant we had to arrive at the quadruplex after dark. Rick had put a bolt lock on the door and a block of wood to lock our sliding patio door, but that was for when we were inside

NOTICE OF INTENT TO CONSTRUCT

In order to comply with the requirements of the Oklahoma Wind Energy Development Act, specifically at section 160.21 of Oklahoma Statutes Title 17, and rules promulgated by the Oklahoma Corporation Commission ("Commission") at Oklahoma Administrative Code ("OAC") 165:35-45, Ponderosa Wind, LLC ("Ponderosa"), a subsidiary of NextEra Energy Resources, LLC, hereby submits to the Commission its Notification of Intent ("NOI") to build the Ponderosa Wind Energy Center ("Project") located in Beaver County, Oklahoma.

The Project has been under active development for several years. On January 30, 2017, Ponderosa submitted its first NOI for the Project. The Project's 7460-1 forms received Determinations of No Hazard ("DNHs") from the Federal Aviation Administration ("FAA") on October 27, 2017. Subsequently, the Project's DNHs received extensions from the FAA on May 2, 2019. Pursuant to the FAA's extensions, the Project's DNHs remain valid through November 2, 2020. Ponderosa is submitting this second NOI to ensure all elements of the wind energy facility are contained within the "project boundary," as that term is defined at OAC 165:35-45-2.

Exhibit A to this letter contains a summary of the FAA form 7460-1 filings for the Project (the Project's DNHs and extensions granted by the FAA have been previously submitted to the Commission). Exhibit B contains a diagram showing the Project boundary. While portions of the Project are located in the vicinity of municipalities, including Balco, Oklahoma; no portion of the wind energy facility is within an incorporated area of a municipality and thus no additional notice to any municipality is required. As of the date of this notice, and based on publicly available data, Ponderosa attests that the Project's design complies with the setbacks required by the Oklahoma Wind Energy Development Act. Please do not hesitate to contact us at 561-694-4709 with any questions regarding this filing.

Sincerely,
 Dian Watson
 NextEra Energy Resources, LLC.
