RE: Delay in posting the March Bid Opening B (March 19, 2026) Sample Proposals and Plans

To facilitate the timely authorization of federally funded projects on the March 19, 2026, bid opening, the department will delay their advertisement until February 26, 2026. Projects on Bid Opening A (March 12, 2026), and OTA's Call Order 040 on Bid Opening B will be advertised normally on February 19, 2026.

As a result of this delay, the pre-bid question cut-off deadline for the March 19th 2026, bid opening will be extended to March 6th, 2026.

If you have questions or concerns, please contact the ODOT Office Engineer Division at ODOT-Prebid.Question@odot.org.

John Ngoka, P.E.
