## Public Assistance Applicant Quick Guide

This Quick Guide provides **step-by-step guidance** for **Applicants** on **completing** and **submitting COVID-19 project applications**, including tracking and monitoring the status of submitted projects.

Applicants are state, tribal, territorial, or local governments or private non-profit entities that submit requests for assistance under a Recipient's Federal award. Recipients are state, tribal, or territorial entities that receive and administer Public Assistance Federal awards.

### COVID-19 Streamlined Project Application

The **COVID-19 streamlined project application** is the formal request for COVID-19 funding under the Public Assistance program that is submitted online in Grants Portal. The project application requires information and supporting documentation about the activities for which the Applicant is requesting funding. Once the project application is submitted in the system, the Applicant can track project status, answer requests for information, and review and sign the project application.

**Grants Portal**  
is the system used by  
Recipients and Applicants  
to manage PA grant  
applications.

The Applicant should plan to spend 1-2 hours completing the project application. For detailed instructions on the information and documentation required to submit a project application, refer to *COVID-19 Streamlined Project Application* in the Resources tab of Grants Portal. It provides a detailed overview of each section and schedule requested in the online project application. The appendix should be used for reference only and should not be used to submit a request for funding to FEMA.
