The proposed minutes for the August 16, 2022 board meeting approved.

Director's Report

Director Holt discussed the attached report.

Chair Youngblood: Since you have mentioned it, and it is on the agenda and it's appropriate. I do think, they have done an admirable job with what they were promised and what has happened. The Board is very humbled and appreciative of their work and their dedication to the kids. Never giving up. I think overall it is a raw deal for the whole area. I think it needs to be acknowledged that the Board recognizes that and appreciates that these people are such professionals. They stayed there because the kids mattered, talk about higher order above adults, they were true champions and true professionals in every sense. I don't think I have adequate words to express our appreciation for each and every one of them. The time they've served, the fact this is their home, they have stayed. It is not what we have hoped, it is not what we had planned, it is not what we wanted, and yet everyone has done their job for the best of the state. Again, there is not proper words, but the Board is so appreciative. I know this has been extraordinarily difficult for you and your team, for the kids and especially, the staff there. We appreciate each and every one of you both at SWOJC and at COJC and throughout our entire system and at headquarters. The prayers that have gone with each and every person.

Judge Foss: I wanted to say thank you Rachel, I know you tried really hard to take care of the staff that was down there. You went above and I think people need to know that.

Discussion and possible vote to approve recommendation from the State Advisory Group (SAG) to utilize \$25,000 of Separation funds for Effective Interactions with Youth training for jail administrators, law enforcement, and system stakeholders

Chair Youngblood: Thank you Dr. Grissom for your work on SAG.

Director Holt: If I could just clarify, these are federal funds not state appropriated funds. The SAG voted at their meeting, and it comes here for your approval.

Dr. Grissom moved to approve with a second by Ms. Worthen

Aye: Bouse, Emerson, Foss, Grissom, Johnson, Worthen, and Youngblood

Nay:

Absent: Jones and Tardibono

The recommendation from the State Advisory Group (SAG) to utilize \$25,000 of Separation funds for Effective Interactions with Youth training for jail administrators, law enforcement, and system stakeholders approved.

Dr. Grissom: Pare of the reason why, I said I hope Laura is here. The meeting was on the 15th, we have not had a SAG meeting for a while because there were delays in appointments. The day we could achieve quorum, was the day that I could not be there.

Chair Youngblood: That makes sense.

<u>Update on the Next Generation Campus Project</u>

CFO Clagg introduced the video update and informed the Board there were no action items for the month.

Judge Foss: What are we doing with our contingences?

Ms. Worthen: That was my question as well.

CFO Clagg: That is my next slide. Continues with presentation.

Judge Foss: I just want to clarify these are not change orders, these are funds that are built in. We are not going over and above the contract. Kevin knows we question everything to verify we need to do this. I appreciate you. It is my hope we stay within our budget. Unlike, all the things we had to deal with in the first phase.

Chair Youngblood: Thank you for keeping us informed and the video.

Discussion and/or possible vote to approve the year-to-date OJA Finance Report

CFO Clagg presented the attached finance report.

Dr. Grissom: Residential Behavior Management Services (RBMS) projected is based upon number of beds we have that drawn down RBMS, with the loss of the facility, that makes it look like we are getting less than projected?

CFO Clagg: Correct. We will probably look at a budge revision. It a good point.

CFO Clagg continued with the presentation.

Judge Foss moved to approve with a second by Ms. Worthen

Aye: Bouse, Emerson, Foss, Grissom, Johnson, Worthen, and Youngblood

Nay:

Absent: Jones and Tardibono

The year-to-date OJA Finance Report approved.

Discussion and/or possible vote to approve the FY2024 Budget Work Program

Dr. Emerson: When it comes to those Level E homes, it is concerning when we have already addressed the fact we are losing beds, we see a potential obstacle facing us with rates being offered in other ways. Can you speak to that? How real do you see this issue becoming over this next year? Is this something

we can proactively get ahead of in other manner? Is there something the Board should be aware of or be doing? Some of these decisions are local. The local community is making decisions.

Director Holt: Yes, thank you for the question. DHS is currently contracting with Guidehouse to look at their rates, to review what are true rate for all their levels of contracted programming. We are looking forward to looking at, and possible using, that report to say we need to meet this level as well. We have always, traditionally, been lower than DHS. We share a lot of the same providers. There are many similarities between the children but there are differences in programming and the contractors. We have been blessed. Losing these beds, we currently have 134 kids in Level Es today, we have room in the system. But it will get tight, losing this program. When I was at People Inc. this month, I spoke with Director and he mentioned, like all places, they are having a real hard time in recruiting staff. We know that here in Tecumseh, we feel that. The economy, unfortunately, as strong as it is, these are really hard jobs. Being understaffed means long hours and you can get similar pay at a gas station or casino. He mentioned if he could get a little bit of an increase, and he would put that directly towards staff pay. He thinks that would help retain current staff. That is what we did with the \$2.5 million for shelters, we asked them to put that towards staff retention and recruitment, and they are doing that to retain staff. While we were really pleased with the budget we received last year, and currently knowing the economy is the way it is, we feel good about asking for a flat budget at this time. If the economy shifts and there are some differences in the spring, that would be one of our top priorities to keep those group homes. Also, if the DHS report were to come back and show that we are really far off of what a sustainable amount is, we would use that information to inform the Legislators and ask for a way to improve that rate.

Judge Foss: Is there currently a wait list to get kids in a Level E, right now?

Director Holt: We do not currently have a waitlist for Level Es or COJC.

Dr. Emerson: Am I hearing you correctly in saying, the closure of some of these Level E beds is a consequence of staffing issues?

Director Holt: Yes, that is what the ROCMND board said. They said, even if you throw money at it, we don't know if that will ultimately solve it, they just can't get applicants in. They have tried all the recruitment they could think of, they don't have the applicants regardless of the rate. Being able to provide a better rate helps but they didn't ask that. We have worked with many providers, ROCMND included, when they were in a crisis situation and trying to come up with solutions, and we have incentivized a turnaround, but they did not ask for that. Their Board made the decision to close the program and ROCMND was a very strong program, and it is certainly a loss to our system and to the boys that have been and would have been house there.

Dr. Emerson: It is a canary in the mine. We need to closely pay attention to other group homes.

Director Holt: Welcome to my sleepless nights.

Ms. Worthen: Audrey and I spoke a couple of months ago, and I feel like now is the time to tell you all, we need to raise a little money, we need to replenish our Christmas fund. We need to raise about \$20,000.00, I told her I would spearhead the effort, but it will take all of us to get there. I have already started to put the bug in people's ear, if you start thinking of people you know, if this is the heart of their mission, please keep this in mind. Audrey, if you will keep reminding me to keep this in focus. Thank you so much.

Chair Youngblood: I will go ahead and pledge \$1,000.00.

Ms. Worthen: I will match you.

Dr. Emerson: I will join as well.

Ms. Worthen: We are not trying to pressure anyone.

Dr. Emerson: Is anyone great at creating a graphic?

Ms. Worthen: I will do that.

Chair Youngblood: It is an amazing labor of love.

Judge Foss: How has the money been raised in the past?

Secretary Rockwell: When I came in, the fund was at \$50k, and we have cleared the fund. Kevin is better at the money, I just cleared the fund, as I was told to do.

CFO Clagg: We brought a lot over from DHS, there were the folds that gave every year. So, for quite a while we had more than we needed, and interest rates were higher. We've never had to fund raise until

til this year, we just had a healthy bank account. When Steve Buck came in, he asked why we had this much money, he asked us to spend it down.

Dr. Emerson: Will this replenish that fund?

Secretary Rockwell: It will cover the year.

Judge Foss: Will this be an annual thing?

Chair Youngblood: So we spend \$20K a year.

Secretary Rockwell: Well, we spend about \$12 to \$15K a year, but with inflation I gave a higher number.

Judge Foss: I feel like everyone on this board works really hard and donates a lot of time, there are lots of things many things we don't do. A one-time thing is one thing, but you may want to get some ongoing sponsors.

Ms. Worthen: That is what we are initiating. To be clear, I wasn't asking anybody here to give personally, I was just asking who you know. Karen ruined that for all of us.

Chair Youngblood: I usually give annually.

Ms. Worthen: I am teasing. Just let me know if you have a lead, I am happy to make all the calls, and I will make a little graphic.

Judge Foss: I don't feel comfortable asking people to do that.

Chair Youngblood: We need you on Next Gen, and SAG for you Dr. Grissom.

Chair Youngblood: We have had some good press from Constanzia and Rachel, tell us about it.

Chief of Staff Nizza: The Oklahoma Young Professionals were kind in recognizing me in this year's Top 50 of Young Professionals. Rachel was also in a magazine, and her photos were much better than mine.

Director Holt: Constanzia was also named as a member of the next LOYAL class.

Chair Youngblood: I think it is important that when we have amazing recognitions, we should bring them forward. It is fun to celebrate those things.

Director Holt: A board member is launching a book today; I want to recognize Jenna Worthen is launching Mom Who Works.

Ms. Worthen: It is out in the wild.

Chair Youngblood: Tells us a little about this.

Ms. Worthen: I wrote a book, last year, it is called Mom Who Works: The Tools to Redefine What It Means to be a Working Mom (In a World Without Working Dads), it is a tongue in cheek way of saying a label gets put on us that is being a mother is the greatest joy of my life, but it adds a level of shame, and career mobility and lesser pay comes along with that. While my husband is an amazing partner and dad, he does not assume the same things. It is something we carry with us everywhere we go. I've been collecting other stories of other women from the last 4 years, so it incorporates all of their stories as well, so it is not just my story. But I hope it makes mom's who are figuring this thing out feel a little less alone and you can do it. Colleen is actually quoted in the book; she doesn't even know that.

Chair Youngblood: I had no idea, way to go. Thank you for sharing your contribution. I think each of us on the Board brings a unique perspective and so to get a glimpse into more of you and your perspective will be a joy to read. Speaking of, we have a new board member, Colleen Johnson, as we have all read a little bit of bio. We are glad to welcome you aboard. Do you want to tell us a little bit about you, I hate to put you, I love to put everyone else on the spot?

Ms. Johnson: Thank you all. Colleen Johnson, my husband Rob and I, have a blended family. We have 5 teenage daughters; 2 we have just launched off to college. The oldest 2 are twins. Teenagers is a passion of mine, makes sure they are well cared for, and adequately resources not only those that have adequate resources but especially those that are not. My degree in college is actually family relations and child development, I never went into social work. It is a tremendous blessing to be tapped for this, I feel my education is coming full circle.

Chair Youngblood: Tim and I have been working on re-orging the Board for committee members. I have a suggestion that all new members should spend a year on finance. To be on our Board you need to understand finance.

CFO: Is that a punishment?

Chair Youngblood: No, Finance is a very well oiled. I think as Chair or Vice Chair I think you should spend a year on Finance, because the Chair of Finance is automatically on rates and standards which gives you brings you a perspective on how we set our rates. Anyone interested in being vice chair or coming up through definitely needs to "volunteer" for finance committee before you take on vice chair or chair. I could not be the chair I am without spending 3 years doing finance and understanding the innerworkings. It is a delicate balance between OYACS and how we do funds, and all the different avenues for funding. We are so glad that you are here. Any further announcements?

Modifications to and standards Shelter Bed Rates – Flex Bed Rate, RS2023-001-004, from \$138.63 to \$196.63 per bed per day approved.

Dr. Grissom: From our rates and standards committee, my observation was that agency staff, and our youth services partners did an excellent job of working together to come up with the rates that we just voted on. From my perspective, that is how the process is supposed to work and I was really, really pleased with the way that meeting finalized and played out. Everybody was on board; it was good work all the way around.

Judge Foss: That is good to hear.

Chair Pro Tempore Bouse: Since I've been on the Board, there has been a lot of cooperation there with these rates. I think, in the past, there wasn't necessarily always that.

Dr. Grissom: I'm happier.

Director Holt: We were very pleased when we made this kind of last-minute request to add those \$2.5 million specifically funding shelters and the work they do and in wanting to maintain quality staff in that work. The Legislature funded it. Kevin, Laura Broyles, and the Rates and Standards committee have worked hard to implement and set out a plan for it.

Dr. Grissom: I have never been all that excited to get into meetings. I have to say that was an enjoyable meeting with our partners. I think when things go well, we should recognize it.

Chair Pro Tempore Bouse: That is good, I was in a hurry.

<u>Annual Dropout and Student College Remediation Report</u>

Superintendent White discussed the attached presentation.

Dr. Grissom: Off the top of your head, do you know what regular public school percentage runs?

Superintendent White: I don't, but I will find out. I do know that you get kind of dinged if you have too many students that are identified but it is just our population. We have a lot of students that come to us that are academically behind.

Dr. Grissom: I hadn't thought of it that way before. Has there ever been any issue from the State Department of Ed because of our high percentage?

Superintendent White: We are just always put on a plan, we submit our data, and they have to approve it. We don't get in trouble for it, but we do have to provide the additional documentation. They understand of the services we provide and the students we serve.

Dr. Grissom: Of course, the issue is, the State Department of Ed has to provide extra money for special education, differing amounts depending on the category.

Superintendent White: Correct.

Superintendent White continued the discussion.

Mr. Tardibono: So then that dropout rate is based on a particular timeframe?

Superintendent White: No, there are several times throughout the year, I think there is 4 times a year that we are required to submit those numbers to the State Department of Ed and they can change. There is a big difference between what they consider a graduation rate and a dropout number. We are reporting on dropout, that is what the law requires us to do. Dropouts do allow us to include our GED recipients, if they go to a homeschool or a private school. Where the grad rate is either the graduate or unfortunately, they are no longer with us.

Mr. Tardibono: Presumably, September or October, those numbers could go down?

Superintendent White: Yes. I do foresee that happening.

Superintendent White continued the discussion.

Mr. Tardibono: On the automotive program, how does a student select into it? At the end, is it certification where they can go get a job?

Superintendent White: No, automotive is a 2-year program, so no we cannot provide the full certification. However, we do print off certifications in the specific areas to assist with employability. In our situation, we identify employable skills. With those certificates, they can transfer to career techs, if they choose to, and there is a push from their leadership to accept those certifications.

She completed 6 URC Step Down/Extension requests and had 3 new restitution application. Ms. Thatcher also participated in multiple executive case staffings, reviewed parole reports and provided GPS training to District 3 JSU.
- Rex Boutwell, Placement Program Manager processed 45 placement worksheets. He also participated in numerous executive placement staffings.
- Jennifer Creecy's, JSD Federal Funding Program Field Rep Targeted Case Management review for Title XIX reimbursement are pending some technical issues last month. Ms. Creecy assisted with the finalization of FY 2023 TCM contract for the Canadian County Juvenile Bureau. She attended mandatory SEAT training and attended the DS/CBS meeting. She processed internal OJA TCM audits for July and attended a Workday training.
- Jeremy Evans, JSD Level E/Detention Program Manager, visited Scissortail Pointe group home, Garfield County Detention, Woodward County Detention and Cleveland County Detention. He participated in multiple executive staffings and attended a training in Workday.

District Activity Highlights from District 3 Supervisor Jeff Mader

District 3 continued to attend trainings throughout the month including GPS training to become more familiar with the system and better equipped to install the tracking devices and Workday training provided by IT and Len Morris.

The 4 new Chevrolet Equinox's were picked up and distributed to the selected Counties. There has been a lot of positive feedback on how nice they are and how they are equipped with several safety features.

The district had a busy August placing 16 youth in either Level E or Secure Care. We also participated in 10 grand/executive staffings. Workers have made several referrals to the FFT program and started working with the providers to initiate services.

District Activity Highlights from District 2 Supervisor Tracie Goad

On August 30, Tracie Goad was invited to attend a meeting hosted by the Ray of Hope Advocacy Center. The ROH Director, Rhonda Hudson, was able to speak about Child Advocacy Centers and Domestic Violence Resource Centers. Community partnerships were highlighted as having critical roles in the prevention of child abuse/neglect, juvenile delinquency, and domestic violence. In attendance were representatives from the Oklahoma Commission on Children and Youth (OCCY), including Ms. Annette Jacobi, Joe Dorman with the Oklahoma Institute for Child Advocacy (OICA), Senator Julie Daniels and State Representative Judd Strom.

District Activity Highlights from District 5 Supervisor Ron Coplan

The Cherokee Nation utilized our office in Sallisaw to complete a tribal intake. The family lived in Sequoyah County and did not have reliable transportation to travel to Muskogee for intake. The Cherokee Nation intake worker came to Sallisaw and met with the family in our office.

OPI completed their review of Adair County, Sequoyah County, and PEOPLE Inc. during August. In my opinion PEOPLE Inc. is one of the stronger group home programs that we currently have. The Cherokee County and Seminole County audits will be scheduled for September.

We have three counties that will be included in this round of Functional Family Therapy. Wagoner staff will attend training on the morning of Sept. 13th in Tulsa. Seminole and Hughes County will meet on the afternoon of Sept. 13th at the Seminole County JSU Office.

I just learned that the Rise program will be closing their residential program and focusing on services to the community. I am scheduled to meet with Laura Broyles, her staff, and Rise Program staff on September 30 to learn about their new focus.

District Activity Highlights from District 7 Supervisor Rodney McKnight

District 7 activities for the month of August 2022 includes monthly MDT meetings, liaison visits to JDC and YS Shelters, CARS staffing's, drug coalition, graduated sanctions, and several online trainings. Alison Humphrey, Garvin County caseworker/Programs Manager, has been actively working with the Functional Family Therapy (FFT) grant to recruit local service providers to begin family first therapy for kids and family in our care. We will be meeting with selected FFT service provider on September 21st in Ada. Counties that will be in the catchment area for District 7 will be Pontotoc, Murray, Johnston, Marshall, Atoka, and Coal.

On August 19th, ADS Bobbi Foster and caseworker Barbara Walker (Pushmataha) met with LIFT (formerly Little Dixie) on a new program that they have called Youth Build, that services kids 16-21 years old providing them with jobs and independent living skills. Apparently, this one of the only programs of its kind in Oklahoma. Currently, Youth Build is only servicing youth in Choctaw and Pushmataha Counties but supposed to be providing more information in the coming weeks.

ADS Timothy Miller and I attended meetings held by TSET and Ed Long, Metafund chief impact officer, a listening session held on Aug. 17, 2022 and an idea session on Aug. 24, 2022. Both meetings were attended by community partners, ranging from hospital representatives, city leaders, service providers and state agencies. The information provided was informative and well presented.

Janelle Bretten, Director of Strategic Planning and Engagement

Board Report September 2022

Science of Hope Initiative

- Met with Executive Director Holt and lead hope navigator, Kheri Smith to discuss hope updates and development of hope-centered and trauma-informed framework.
- Met with Kheri and hope navigator team to review goals with our DHS hope ambassador who is
 providing technical assistance. Discussed agency hope assessment/data and roll-out of hope science
 training for staff. Focused on JSU intake and strategies DHS has utilized and can share as we develop
 how we will infuse the science of hope into our practices.
- Provided updates on hope work at district supervisor/community-based services meeting. Also
 provided status on plan to conduct second organizational trauma-informed care survey in the
 coming weeks.
- Kheri, myself and a few other hope navigators met with Dr. Pharris to discuss organizational assessment for hope and how we can measure our progress.

Family Engagement

- OJA has a new family engagement coordinator, Apryl Owens. Apryl started her new position on August 29th. She has previously worked for OJA as a JSU worker. We are currently working on developing goals and work with hope navigators. Apryl is scheduled to attend developing and sustaining effective parent advisory training this month.
- Scheduled meeting with Greg, Carol, Apryl, Kheri and our partners Jeff Tallent, Evolution Foundation and Joni Bruce, Oklahoma Family Network to discuss next steps with OJA's new family advisory council.

Governor's Interagency Council on Homelessness (GICH)

- Attended tribal listening session with United States Interagency Council on Homelessness (USICH)
 Executive Director Jeff Olivet and Regional Coordinator, Tamara Wright who were visiting Oklahoma
 to share updates on the Federal Strategic Plan to Prevent and End Homelessness and seeking
 additional feedback from a broad range of stakeholders, including people with lived experiences of
 homelessness and tribes, to make sure the plan reflects the best and most current thinking.
- Attended GICH main meeting where the Executive Director of USICH presented the Federal Strategic Plan to Prevent and End Homelessness. Provided education, employment and training subcommittee report and website updates to the Council.
- Leading meetings with presenters of Homeless Children and Youth Forum project finalizing next forum for Tulsa continuum of care region on October 5th. We will then provide the forum to NW continuum of care on October 26th. The Tulsa forum will include a panel, which includes a community provider, youth with lived experience, school district homeless liaison, and a representative from Head Start to share about their work and collaboration efforts to prevent and end homelessness.
- Assisted in working with OMES to get new GICH website launched.

Children's State Advisory Workgroup (CSAW)

- Attended Trauma-informed care (TIC) Website Content Subgroup Committee. Agenda included viewing draft content for new website.
- Attending weekly CSAW strategic planning meetings.

- Attended Thriving Families Safer (TFSC) children round table discussions, project management, and planning team meetings for the Leflore County and NE Oklahoma City projects. NE OKC launch scheduled for September 19th. LeFlore County coalition meeting planned for September 21st.
- Attended CSAW's TIC practices workgroup meeting.
- Attended monthly OKC's Children's Behavioral Health Partnership meeting.
- Attended meeting with parent leaders for the TFSC work in LeFlore County to hear presentation on Be a Neighbor and how this can be a supportive resource for their identified community needs.
- Met with team and Paula Brown, Director of Oklahoma Head Start Collaboration, to discuss collaboration on LeFlore County TFSC project.
- Co-chaired CSAW monthly meeting. Agenda included presentation from SDE on their traumainformed care framework. In addition, updates provided on the development of TIC website.

Justice Assistance Grant Board

Attended JAG meeting serving as designee. Agenda included one year progress update.

ODMHSAS Planning and Advisory Council

 Represented OJA at meeting and provided agency updates. Agenda included review of block grant data

Youth Level of Service/Case Management Inventory (YLS/CMI)

 Met with our training team to plan for next 2-day certification training and plan for annual refresher training.

OJA Standing Meetings

Executive Team, Executive Team Quarterly Recharge, Rates and Standards, data governance, JJS
 Support meetings, and Lunch and Learns.

Training/Conferences-

- Tribal Youth Resource Center Online Learning Event: Cultural Humility: Working in & with Tribal Communities.

State Advisory Group (SAG)

Effective Interactions with Youth

Course

- Designed for all patrol officers, especially entry level, school resource officers, youth detectives (supervisory staff are also strongly encouraged), juvenile justice field workers, and all other child-serving agency professionals.
- The role of patrol /school resource officers/child-serving agency professionals in helping to eliminate racial and ethnic disparities in the juvenile justice system-wide causes adolescents to behave the way they do, to test boundaries, challenge authority, and most importantly, controlling impulsivity.
- Practical strategies on how to communicate more effectively with young people, which results in better outcomes for all involved.

> Goal

Disrupting the pathway into the juvenile justice system starts with effective interactions between police/child-serving agency professionals and youth, for we are the gatekeepers into, or away from, the juvenile justice system. Therefore, a thorough understanding of the concepts of restorative justice practices, diversionary programs, and the philosophies of juvenile justice reform, is critical and will be discussed at length as part of this curriculum.

State Advisory Group (SAG) Recommendation

Utilize \$25,000 of Separation funds for Effective Interactions with Youth training for jail administrators, law enforcement, and system stakeholders

The Oklahoma Economy

Gross Receipts to the Treasury in August set several new records, indicating a strong Oklahoma economy.

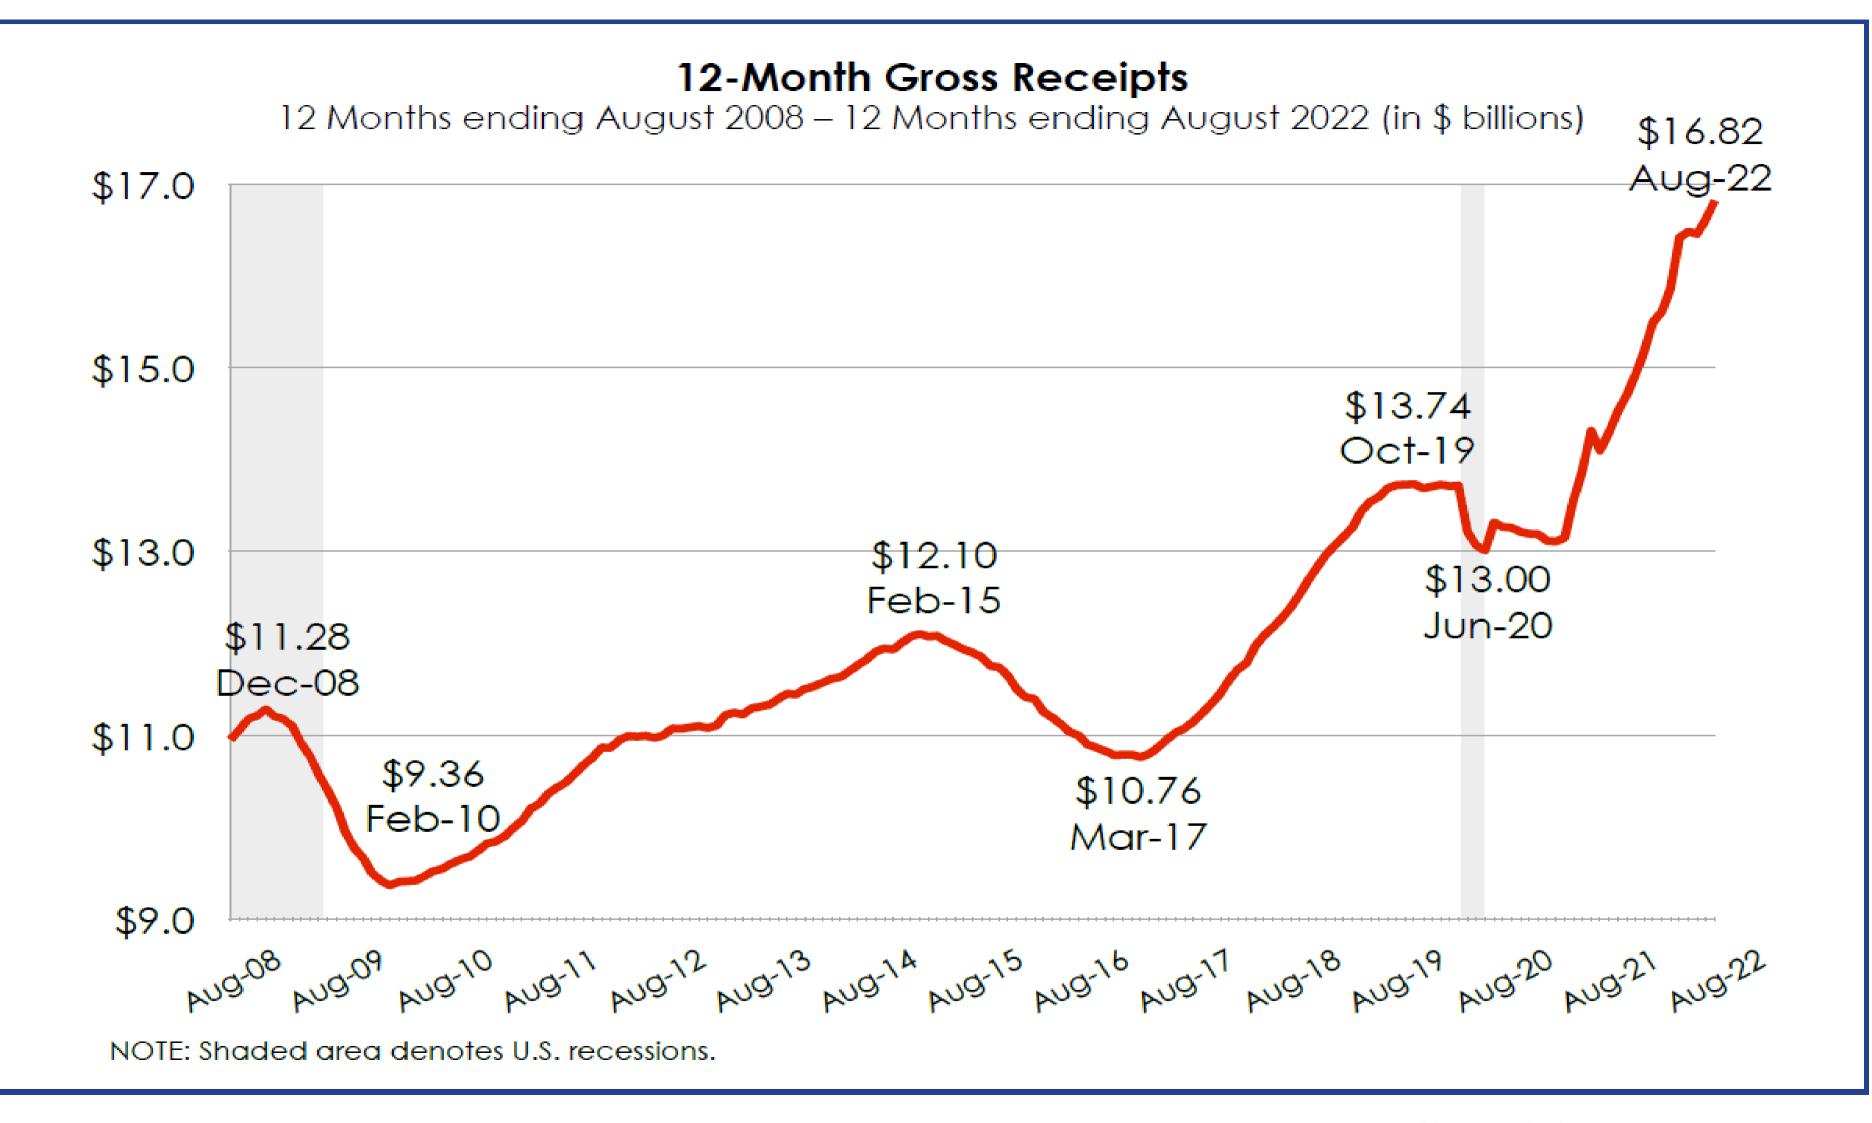

Records:

- 1. Twelve-month total receipts of \$16.82 billion − 17.7% %↑
- 2. Twelve-month Use Tax receipts of \$1.01 billion $-15\%\uparrow$ (internet sales)
- 3. Collections for the month of August at \$1.37 billion -17.2%
- 4. Monthly Gross Production tax collections of \$205.6 million − 99.5%↑ (June prices 114.84/BBL)

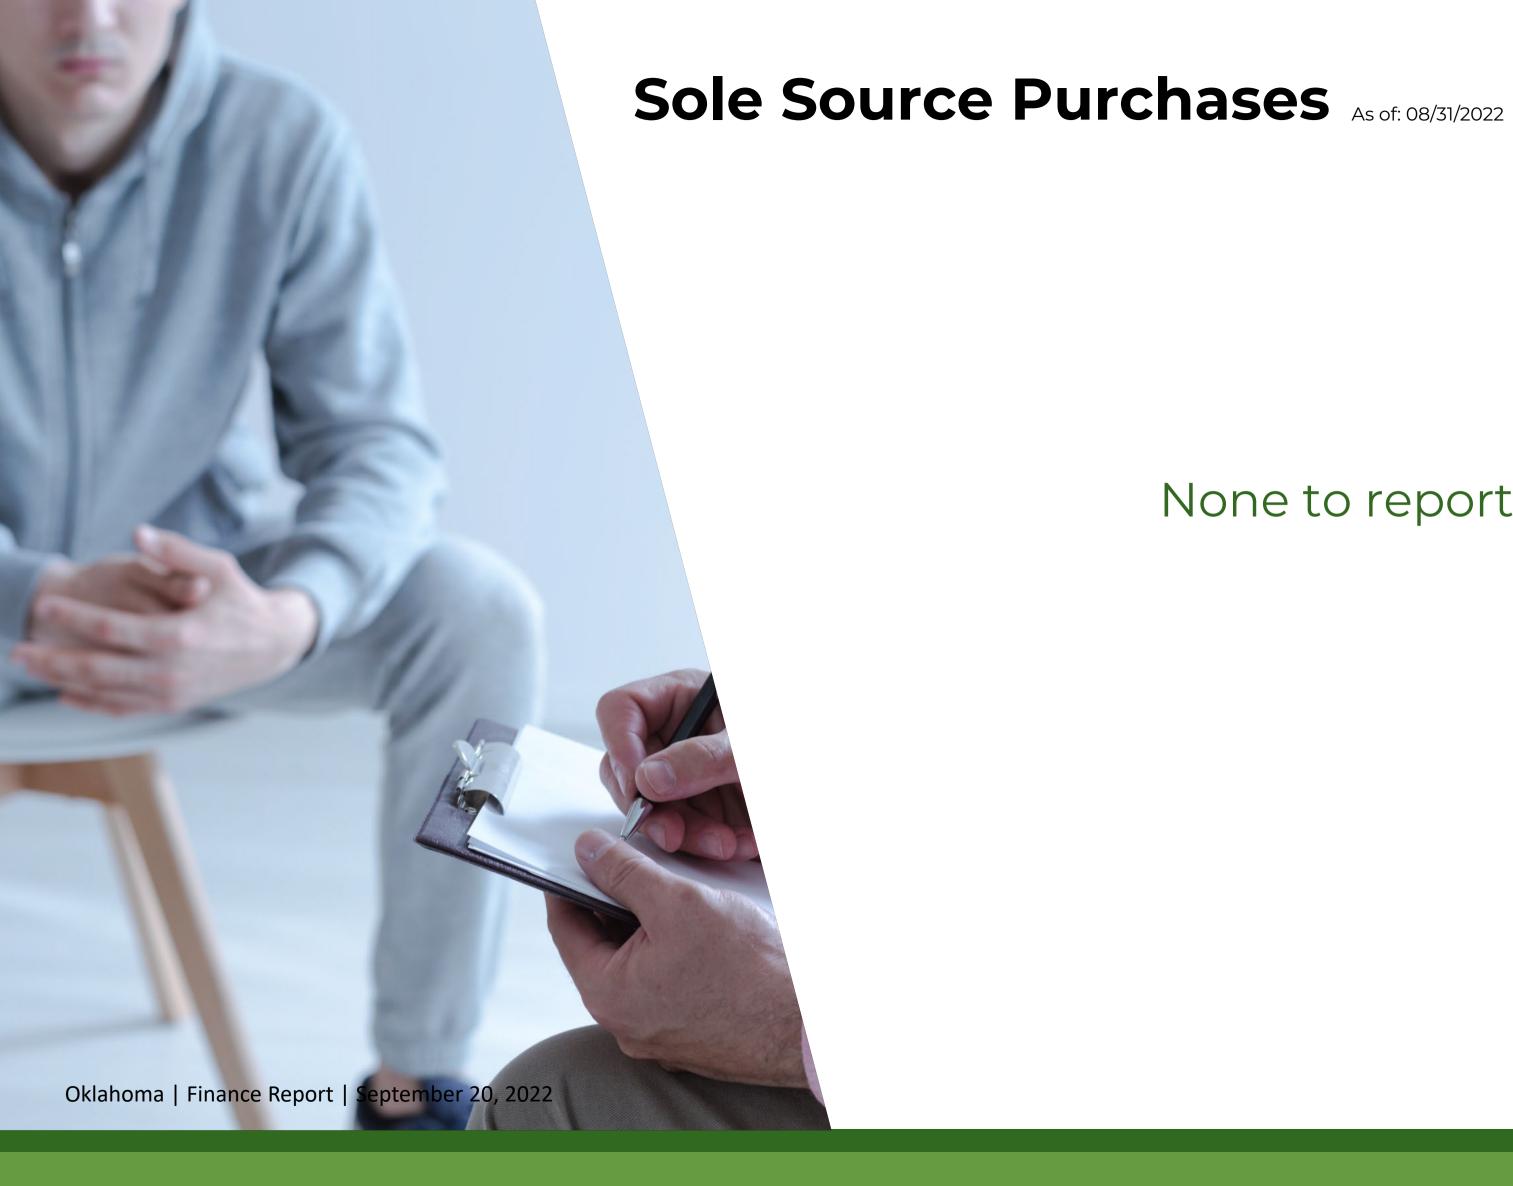

As measured by the Consumer Price Index, the U.S. Bureau of Labor Statistics (BLS) reports the annual inflation rate at 8.5% in July. The energy component of the index is up 32.9% over the year. The food index rose by 8.5%.

The Oklahoma unemployment rate for July, according to BLS, is 3.0% up from 2.9% in June. The U.S. jobless rate was listed as 3.5% in July, down by one-tenth of a percentage point from June.

The monthly Oklahoma Business Conditions Index shrank in August. The index for the month was set at 60.7, down from 63.2 in July. The outlook remains positive as numbers above 50 indicate economic expansion during the next three to six months.

FY2024 Budget Work Program

FY2024 Budget Work Program Proposal

Following Direction from the Governor's Office and OMES, OJA will request to maintain current levels of appropriations. Rather than ask for an increase, we will advocate to keep the 8.5 million received over the last two years. We are preparing for FY25 by promoting future needs that could be escalated to FY24 if funds become available through the appropriations process or grants.

These are:

1)	Expanding Specialized Community Homes	\$600,000
2)	Expand Staffing for Children's Emergency Resource Centers (Shelters)	\$1,200,000
3)	Increase Level E rates to remain competitive (\$50 – \$75/bed-day)	\$3,500,000
4)	Reestablish Community Intervention Centers (CICs)	\$2,500,000
	Total	\$7,800,000
