## Re: Soon-To-Be-Sooners (STBS) Program Information

Dear Provider,

The Oklahoma Health Care Authority (OHCA) continues to be committed to providing optimal health care for children, as well as making improvements that may contribute toward positive birth outcomes in our state.

The agency is excited about the launch of a new webpage (<https://oklahoma.gov/ohca/individuals/programs/stbs.html>), which provides information for the Soon-to-be-Sooners (STBS) program. The STBS program provides medical coverage to expectant mothers to increase positive birth outcomes for eligible unborn children. To qualify for the STBS program, a pregnant woman must meet all SoonerCare eligibility requirements, with the exception of citizenship requirements.

The following services are covered through the STBS program when medically necessary and provided for the benefit of the unborn child during pregnancy:

- Routine office visits
- Medications
- Ultrasounds
- Dental services
- Lab services
- Some specialty services
- Hospital services
- Mental health services
- Substance use disorder services
- Services associated with miscarriage or a non-viable pregnancy such as a molar pregnancy, ectopic pregnancy, or fetal death in utero

*\*Services provided through the STBS program end upon delivery.*

Reference Oklahoma Administrative Code [317:35-22](#) for OHCA's policy regarding the STBS program.
