RE: SoonerSelect Pharmacy Split Fill Logic for Certain Medications for Oklahoma Complete Health

Dear Provider,

The SoonerSelect contracted entities (CEs) are required to administer medically necessary, covered services in a manner that is no more restrictive than what is required by OHCA in the SoonerCare fee-for-service (FFS) program (see O.A.C. 317:55-3-10). CE's may request to implement alternative processes for administration of medically necessary, covered services under the SoonerSelect program. The alternatives requested are subject to OHCA review and approval.

Oklahoma Complete Health (OCH) recently requested to implement changes related to pharmacy fill logic for certain medications. This request is to add a split fill logic for new-to-therapy claims. It is anticipated this change will help decrease waste of medications during the initial 90 days of treatment.

OHCA subject matter experts (SMEs) reviewed OCH's proposed revisions and assessed the appropriateness of the proposed practices. The approved changes are effective for Oklahoma Complete Health members for dates of service on or after May 1, 2025.

If you have any questions or comments about the implementation of this request to change service provisions, please contact Oklahoma Complete Health at 833-752-1664 or online at OklahomaCompleteHealth.com.

Thank you for your continued service to Oklahoma's SoonerCare and SoonerSelect members.

Sincerely,

Melody Anthony
Interim State Medicaid Director
