

# **2022 PATIENT- CENTERED MEDICAL HOME (PCMH) REDESIGN**

Obesity Measure and Provider Scorecards

July 2022

# AGENDA

- Obesity Measure
  - Overview
  - 1<sup>st</sup> quarter reporting review
  - Coding requirement
  - Counseling requirement
- Provider Scorecards

**SOONER EXCEL  
PERFORMANCE  
MEASURE:  
OBESITY**

# OBESITY OVERVIEW

---

- The performance measure is largely based upon the [CMS Core Set measure WCC-CH \(NQF #0024\)](#) adjusted for age range 3-64 years.

# OBESITY OVERVIEW

The total allotment for the obesity performance measure for all SoonerExcel eligible PCMH providers is \$500,000 annually.

The corresponding amount available per quarter is \$125,000.

Every dollar will be dispensed to qualifying providers who meet criteria.

# JANUARY-MARCH 2022 REPORTING

For reporting period  
January-March 2022:

- There were **674** eligible PCMH providers

- Claims for BMI, nutritional counseling, or physical activity
- No claims for BMI, nutritional counseling, or physical activity

# JANUARY-MARCH 2022 INCENTIVE PAYMENT

Applying the Rule of Thirds:

- Approximately **63** providers fell into the top, middle and lower third
- Resulting in a top performers payment of \$664.89 and middle performers payment of \$443.26\*

Applying the Improver Bonus:

- Approximately **25** providers received an Improver bonus payment of \$2,225.18\*

*\*Reimbursement rates listed are based on preliminary numbers and total dollar amounts may change when final numbers are pulled.*

# OBESITY CODING

Providers' score on this measure will be based on three components submitted on claims:

- **BMI**
- **Counseling for Nutrition**
- **Counseling for Physical Activity**

# OBESITY CODING

## BMI

- Providers will submit ICD 10 diagnostic codes applying to BMI on the claim Z68-Z68.54.
  - *Please be aware most BMI diagnoses are not acceptable as a primary diagnosis.*

# OBESITY CODING

## Counseling For Nutrition

- **G0447 Behavioral Counseling for Obesity**
  - *15 minutes on the claim along with any other services rendered that day.*
- **Z71.3 Dietary Counseling and Surveillance**
  - *Must be coded with BMI.*
  - *Acceptable as a primary diagnosis.*

# OBESITY CODING

## Counseling for Physical Activity

- **G0447 Behavioral Counseling for Obesity**
  - *15 minutes on the claim along with any other services rendered that day*
- **Z71.82 Exercise Counseling**
  - *Must be coded with BMI*
  - *Acceptable as primary diagnosis*

# OBESITY CODING BEST PRACTICES

- **Primary Care Practitioners** within the PCMH bill for obesity counseling (G0447).
- G0447 reimburses up front at \$0 and must be coded with BMI for the PCMH provider to be eligible for the SoonerExcel incentive.

Procedure Code	
G0447 AND	Behavioral Counseling Obesity
Diagnostic Codes	
Z68-Z68.54 AND	BMI
Z71.3 AND/OR	Dietary Counseling and Surveillance
Z71.82	Exercise Counseling

# COUNSELING FOR OBESITY

Medical homes are expected to report BMI for all assigned panel members.

Counseling for nutrition and/or physical activity is required for members that meet overweight or obesity criteria.

There is no penalty for providing counseling to a member that is not overweight.

# **PROVIDER SCORECARDS**

# PROVIDER SCORECARDS

---

PCMH providers received new Scorecards in November 2021 and quarterly throughout 2022.

November scorecards highlighted baseline data for Emergency Department Utilization and Behavioral Health Screening.

The first 2022 Scorecard will be available in July and will highlight all four clinical measures.
