

2019-20 OHCA TRIBAL PARTNERSHIP ACTION PLAN

<b>Action Item:</b> Support tribal partner efforts to increase preventive care services available to AI/AN SoonerCare members for improved health outcomes.					
<b>Strategy</b> <i>Conditions that favor success</i>	<b>Objective</b> <i>What does success look like?</i>	<b>Activities</b> <i>Who will contribute what?</i>	<b>Resources Needed</b>	<b>Partner Pledges</b>	<b>Update</b>
I/T/U providers are aware of SoonerCare allowable preventive services, thus increasing their capacity to provide these services to SoonerCare members.	1. Increase from 0 to 1 the number of SoonerCare I/T/U quick reference guide for preventive services.	<ol style="list-style-type: none"> <li>OHCA will distribute a survey tool, to determine current practices and needs for preventive care in tribal communities.</li> <li>OHCA will review policy for allowable services to determine which align with I/T/U provided services.</li> <li>OHCA will create a quick reference guide and make available to I/T/U providers.</li> </ol>	<p>OHCA: Utilize administrative agency resources for research and creation of the guide.</p> <p>Tribes: Participation for the survey and guide development.</p>	<p>(ODMHSAS) Assist in developing behavioral health areas of guidebook.</p> <p>(Absentee Shawnee Tribe) Participate in the workgroup to develop the guide.</p>	
I/T/Us receive a Medicaid Incentive for all services currently related to obesity prevention.	1. Increase from 0 to 1 the number of incentives to I/T/Us for services specific to obesity prevention. I/T/Us and OHCA will establish performance measures and data sharing agreements.	1. OHCA will research budget implications and feasibility within the current SoonerCare program.	<p>OHCA: Utilize administrative agency resources, including federal policy.</p> <p>Tribes: Apprise OHCA of prevention efforts and share data for services provided.</p>	(Wyandotte Nation) In an effort to begin addressing the need for obesity prevention in tribal communities, will provide dietician counseling to parents of teens/children with obesity.	
SoonerCare members have access to culturally appropriate information about rules and protections for American Indians.	1. Increase from 0 to 1 the number of tribal specific SoonerCare member handbook/guide.	<ol style="list-style-type: none"> <li>OHCA will create a tribal specific member handbook/guide and will seek input from I/T/Us and American Indian members to develop content.</li> <li>Tribal partners will send FAQs to OHCA and assist with developing content. Tribal partners will disseminate handbook/guide to tribal citizens and community members.</li> </ol>	<p>OHCA: Utilize administrative resources and cost to develop the handbook/guide</p> <p>Tribes: Provide input and disseminate materials to constituents.</p>		American Indian Medically Fragile brochure and SoonerQuit poster have been updated and available for download on the OHCA webpage.
