Email: mcau@ouhsc.edu • OHCA Website www.ohca.state.ok.us

March 17th, 2004

Dear Pharmacy Provider,

Effective April 15th, 2004 Quantity limits approved by the Drug and Utilization Review Board will go into place. The quantity limits will be posted on the OHCA website in the near future. The next fax blast will give you the exact link.

OHCA is compiling a list of pharmacies that are willing and able to bill diabetic supplies and/or other DME for patients under their OHCA DME contract provider number. If you would like to have your pharmacy listed, please complete the following information and **fax to 405-530-7119**.

Pharmacy Name: _____

Address: _____

City/State: _____

County: _____

Telephone: _____

Contact person: _____

Survey Question:

Are you aware that OTC loratadine is a covered benefit to clients under 21 years of age with a valid prescription and without prior authorization? Please circle YES or NO and **fax to 405-530-7119**.

Prilosec OTC is covered for Oklahoma Medicaid clients without a prior authorization. Please check with the prescriber before changing the patient from the prescription product to the OTC. Prilosec OTC is not generically equivalent to Prilosec or Omeprazole Rx. Prilosec OTC is covered for the 28 and 42 count package sizes. The 14 count package is not covered.

Items of interest you may find at the www.ohca.state.ok.us website.

- Under the “Provider Pharmacy **Updates**” section you will find current and past pharmacy fax updates.

Thank you for your continued service to Oklahoma’s Medicaid clients.
