### Supplemental Hospital Offset Payment Program (SHOPP) CY 2014 Revision

OHCA PRN 2014-05

July 14, 2014

#### **Hospital Administrators**

This letter is to notify you that the payment amounts for the Supplemental Hospital Offset Payment Program (SHOPP) for calendar year 2014 have been revised effective July 2014.

The Oklahoma Health Care Authority (OHCA) updated payment amounts due to a hospital's recent exclusion from SHOPP. Since the hospital is no longer subject to the assessment, all hospital payment amounts must be adjusted to account for the reduction in state share and the exclusion of that hospital from the access payments.

There will also be an access payment adjustment for the last quarter of CY 2014 due to the decrease in the federal matching assistance percentage (FMAP) in FFY 2015. Due to this decrease in federal matching dollars OHCA will not be able to allocate the amount estimated at the beginning of CY 2014. OHCA will adjust all payments according to the new FMAP effective October 2014.

OHCA has posted hospital specific assessment and payment information on our public website at [www.okhca.org/SHOPP](http://www.okhca.org/SHOPP).

If you have any questions or require additional information please phone or email Kelly Taylor at (405) 522-7108 or [Kelly.Taylor@okhca.org](mailto:Kelly.Taylor@okhca.org).

Thank you for your continued service to Oklahoma's *SoonerCare* members.
