Proposed Rule, State Plan, and Waiver Amendments

Reimbursement of Long-Acting Reversible Contraceptives (LARC) in a Federally Qualified Health Center (FQHC) — The proposed revisions removes the reimbursement of a covered LARC device from the FQHC encounter reimbursement rate to be paid separately. Currently, the cost of the LARC device is included in the FQHC encounter rate.

Medicare Advantage Plans (Medicare Part C) — The proposed revisions, regarding the payment of Medicare deductibles, coinsurance, and copays, will standardize Medicare Part A, Part B, and Part C language in policy.

SUPPORT Act Medication-Assisted Treatment (MAT) — The proposed revisions formalize the State's coverage of MAT to treat substance use disorders in accordance with Section 1006(b) of the SUPPORT Act, HR 6 by allowing coverage for all FDA-approved drugs to treat Opioid Use Disorders (OUD) and establishing reimbursement rates for MAT providers.

Opioid Treatment Programs (OTPs) — The proposed revisions establish provider qualifications, coverage of services, and reimbursement methodology for registered OTP providers, including reimbursement for drugs used to treat opioid use disorders.

ADvantage Waiver — The proposed revisions to the ADvantage waiver will add new language allowing an Oklahoma Department of Human Services (OKDHS) nurse to assess the applicant remotely via electronic communication, in the applicant's home, or other appropriate setting using the Uniform Comprehensive Assessment Tool (UCAT) for the initial level of care (LOC) assessment. Additionally, policy revisions will describe the procedures and requirements involved in administering the UCAT and determining the medical level of care of a member based upon the assessment.

J. Kevin Stitt | Governor

Third Party Managed Care Organization — In order to improve Oklahoma’s health outcomes, increase access to health care, and foster a more accountable system, the Oklahoma Health Care Authority (OHCA) will seek proposals from qualified managed care organizations to facilitate health care services to eligible and enrolled members of Oklahoma’s Medicaid program, commonly known as SoonerCare. Following the request for proposals and in order to obtain authority to establish the managed care organization, the agency will seek to revise/add federal and state policy including: 1115 and 1915 waiver requests, Title XIX and XXI state plan amendments, and state rules.

Coverage for Adults in SoonerCare - Due to the passage of State Question 802 (SQ 802), the OHCA will add adults 19-64 years of age as a new eligibility group in the SoonerCare program as described in Section 435.119 of Title 42 of the Code of Federal Regulations.
