

PROVIDER INCENTIVE DIRECTED PAYMENT PROGRAM

Section 3241.3 of Title 63 of the Oklahoma Statutes, as amended by Oklahoma Senate Bill 1396 (2022), creates a new managed care provider funding pool which OHCA is implementing as a state directed payment for physicians and other qualifying practitioners pending CMS approval.

Eligible Providers

- Advance practice nurse, mid-level practitioner, mental health provider and licensed behavioral health practitioners¹, podiatrist, physician², or anesthesiologist assistant.

Provider incentive pool for initial 15-month rate year = **\$134,330,110**

How the payment program is distributed

- 1) Add on payments for certain services to support health care quality assurance and access improvement initiatives. SBIRT screenings, after hours care, and well visit services are eligible for a \$25.00 increase payment:
 - Screening, Brief Intervention and Referral to Treatment (SBIRT) screenings provide early detection and intervention to address substance use in a variety of health care settings.³
 - After hours care for increased access to services, excluding services provided in an urgent care or hospital setting.⁴
 - Any well visit service to incentive primary care. ⁵
- 2) Percentage increase on payments for all covered services provided by eligible providers:
 - Modeling based on historical utilization estimates the percent increase at almost 19% for services billed by an entity that is not HIE-connected.
 - The increase for services billed by an HIE-connected entity will be 1.5 times the uniform percentage increase for services billed by an entity that is not HIE-connected. Ex: For a visit reimbursed at \$100 per visit, a non-HIE connected entity would receive \$119 and an HIE connected entity would receive \$128.
 - Only services covered under the Oklahoma Medicaid State Plan, covered by the SoonerSelect medical program, and provided by in-network providers will be eligible for the uniform dollar increase and/or uniform percentage increase amounts.

¹Behavioral Health Services by Mental Health professionals and Licensed Behavioral Health Practitioners at Community Mental Health Centers are excluded as they participate in a separate directed payment program.

²Services rendered by state employed or contracted physicians are excluded as they participate in a separate directed payment program
