

SoonerSelect Medical and Children’s Specialty Program (CSP) Contracted Entity (CE) Requests to Change Service Provisions

The SoonerSelect Medical and Children’s Specialty Program Contracts at Section 1.7: Covered Benefits and Section 1.8: Medical Management states that contracted entities (CEs) may not impose prior authorization guidelines/criteria or utilization management practices that are more restrictive than OHCA without OHCA prior approval.

On 11/14/2025, Oklahoma Complete Health (OCH) & Oklahoma Complete Health Children's Specialty Program (OCHCSP) submitted a formal request to OHCA for review and approval to change service provisions.

OHCA subject matter experts (SMEs) reviewed the requests, evaluating them in comparison to OHCA historical processes and practices, standard business practice in other markets, and available data to determine whether to approve the requests.

OHCA decisions are noted in the table below:

SoonerSelect Medical & CSP Requests to Change Service Provisions				
PROCEDURE CODES	PROPOSED MODIFICATION TO CURRENT PROTOCOL	REASON FOR PROPOSED MODIFICATION	ANTICIPATED IMPACT	OHCA DECISION
Addition of Prior Authorization Requirements				
92928 – Stent placement with coronary angioplasty 15734 – Creation of muscle graft to trunk	The addition of a prior authorization (PA) requirement to the CPT codes listed to the left.	The addition of PA requirements allows OCH and OCHCSP the ability to promote appropriate utilization of healthcare resources, reduce unnecessary, or duplicative services, and support cost-effective care delivery. Additionally, this change enhances oversight and helps maintain quality of care by verifying that interventions meet defined clinical criteria before services are rendered.	These changes will help to manage the utilization of specific codes and achieve overall cost savings for OCH, OCHCSP and its members, helping control healthcare costs by preventing overuse of high-cost or non-essential services.	Approved 12/15/2025 This change will be implemented on or after 2/1/2026

SoonerSelect Medical & CSP Requests to Change Service Provisions

PROCEDURE CODES	PROPOSED MODIFICATION TO CURRENT PROTOCOL	REASON FOR PROPOSED MODIFICATION	ANTICIPATED IMPACT	OHCA DECISION
<p>T4523 – Adult sized disposable incontinence product, brief/diaper, Large, Each</p>	<p>Originally, OCH and OCHCSP did not require a PA for this code. OCH and OCHCSP will now mirror OHCA's protocol and require a PA.</p>	<p>Reinstating the applicable PA requirement allows OCH and OCHCSP the ability to promote appropriate utilization of healthcare resources, reduce unnecessary, or duplicative services, and support cost-effective care delivery.</p> <p>Additionally, this change enhances oversight and helps maintain quality of care by verifying that interventions meet defined clinical criteria before services are rendered.</p>	<p>This change will help to manage the utilization of specific codes and achieve overall cost savings for OCH, OCHCSP and its members, helping control healthcare costs by preventing overuse of high-cost or non-essential services.</p>	<p>Approved 12/15/2025</p> <p>This change will be implemented on or after 2/1/2026</p>
