Subject: RE: Request

Pursuant to our Rule 510:10-4-3, I can only give temporary approval for up to ten mid-levels. Is it possible for you to designate the ten you want to have temporary approval for? How will you handle the two remaining individuals? Do you meet the other requirements? They are:

(a) To be eligible to serve as a supervising physician for mid-level practitioners, an osteopathic physician shall meet the following criteria:

(1) Have possession of a full and unrestricted Oklahoma license to practice osteopathic medicine; with Drug Enforcement Agency (DEA) and Oklahoma Bureau of Narcotics and Dangerous Drugs Control (OBNDD) permits.

(2) The supervising physician shall be trained and fully qualified in the field of the mid-level practitioners specialty.

"Practice Agreement" means a written agreement between a physician assistant and the delegating physician concerning the scope of practice of the physician assistant to only be determined by the delegating physician and the physician assistant based on the education, training, skills and experience of the physician assistant. The agreement shall involve the joint formulation, discussion and agreement on the methods of supervision and collaboration for diagnosis, consultation and treatment of medical conditions. 59 O.S. § 519.2(9).

1. DESCRIPTION OF THE SCOPE OF PRACTICE OF THE PHYSICIAN ASSISTANT

Assess, evaluate, diagnose & provide treatment in the ED setting.

"Supervision" means overseeing or delegating the activities of the medical services rendered by a physician assistant through a practice agreement between a medical doctor or osteopathic physician performing procedures or directly or indirectly involved with the treatment of a patient, and the physician assistant working jointly toward a common goal of providing services. Delegation shall be defined by the practice agreement. The physical presence of the delegating physician is not required as long as the delegating physician and physician assistant are or can be easily in contact with each other by telecommunication. At all times a physician assistant shall be considered an agent of the delegating physician. 59 O.S. § 519.2(7).

2. DESCRIBE THE METHOD(S) OF SUPERVISION AND COLLABORATION OF THE PHYSICIAN ASSISTANT WHICH INCLUDES REVIEWING A SAMPLE OF OUTPATIENT MEDICAL RECORDS. THIS REVIEW OF A SAMPLE OF OUTPATIENT MEDICAL RECORDS MAY OCCUR USING ELECTRONIC OR VIRTUAL CONFERENCING OR AN AGREED UPON SITE.

Supervision will include in person, telephonically & electronically.

All practice agreements and any amendments shall be filed with the State Board of Medical Licensure and Supervision within ten (10) business days of being executed.

By signing the agreement below, we agree to follow the Physician Assistant Act and Rules as listed at the Oklahoma State Board of Medical Licensure and Supervision. Osteopathic Physicians will also follow rules as listed at the Oklahoma State Board of Osteopathic Examiners.

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners (“Board”) at a special meeting of the Board on March 13, 2025. Christopher Bradshaw, D.O. (“Dr. Bradshaw”), appeared in person at the hearing on this date. He was not represented by legal counsel.

Dr. Bradshaw requests reinstatement of his license due to compliance with his June 20, 2024 Order of Suspension. Specifically, Dr. Bradshaw states he has completed most of the conditions outlined as required in Paragraph 2 of aforementioned Order. The Board staff has received documentation supporting that most of the conditions outlined in the Order dated June 20, 2024 have been complied with. After consultation with OHPP, the Board's administrative staff supports Dr. Bradshaw's request to return to practice with a restricted license with conditions as outlined below. The Board hereby enters the following Order.

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED by the Board that Dr. Bradshaw's license to practice osteopathic medicine in the State of Oklahoma is **reinstated** and the following restrictions and conditions shall apply:

OSBOE Q2 BOARD MATERIALS 0058

1. Respondent is hereby placed on probation for a term of five (5) years and shall comply with the probationary terms and conditions outlined in this Order.
2. Respondent may not work more than forty (40) hours per week.
3. Respondent may not prescribe controlled medication.
4. Respondent is to appear at the June 2025 meeting so the Board may assess status.
5. Respondent will maintain a professional monitoring contract with Oklahoma Health Professionals Program (OHPP). Toxicological testing will be conducted per the OHPP monitoring contract.
6. Respondent must continue to participate in individual therapy, frequency to be determined by his provider. Respondent will submit documentation of therapy attendance to the Board Compliance Officer monthly.
7. Respondent must continue to engage in mutual-aid meetings at a frequency of three meetings weekly as recommended by OHPP. Respondent will submit documentation to Board Compliance Officer monthly verifying meeting attendance.
8. Respondent shall utilize Vivitrol injections or oral Naltrexone and may manage this medication through his Primary Care Physician ("PCP"). Respondent may pursue testosterone replacement through his PCP as well.
9. Respondent shall complete an OHPP approved Prescription Writing course by June 15, 2025.
10. Respondent shall be enrolled in, or have completed, an 8-hour course offered by the DEA/OBN on prescribing controlled substances by June 15, 2025.
11. That Respondent must appear before the Board, in person, once a year during the pendency of this matter or as requested by the Board. At said appearances, Order(s) may be amended.
12. That Respondent complete the Compliance Information Request Form (CIF) and submit it to Board staff within ten (10) days of issuance of this order. In the event there is a change to the information contained in the CIF, Respondent shall submit an updated CIF to the Board within 10 days of any such change.
13. That Respondent will initiate monthly contact with the Board Compliance Officer by the tenth (10th) day of each month.

14. That Respondent must complete the Monthly Supervision Self-Report by the tenth (10th) day of each month.
15. Upon employment, the Respondent will be assessed an ongoing monthly Administrative Maintenance fee of one hundred dollars (\$100), due by the first day of each month and continued monthly during the pendency of any active and ongoing Board Order.
16. Respondent shall bear the financial costs of any expenses incurred from this Order.
17. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Respondent to attend meetings, provide urine drug tests if requested, and to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board.
18. That Respondent may utilize their right to consult legal counsel in connection with this inquiry by the Board known as OSBOE-2023-101, this Order, or any other inquiry by the Board.
19. That Respondent is required to notify the Board within seven (7) days of any changes to legal counsel.
20. Respondent shall provide a copy of this Order in whole with any current or potential employer.
21. That Respondent is required to notify the Board within seven (7) days of any changes to their residential address, practice address, and/or their cell phone number.
22. That Respondent renews their license yearly as required by the Board's statutes and rules. Failure to renew your license could result in cancellation by the Board.
23. That Respondent maintains compliance with continuing medical education ("CME") credits as required by the Board's statutes and rules.
24. In the event Respondent surrenders their Oklahoma license to practice osteopathic medicine, the terms and conditions of this Order shall be tolled.

Any violation of this Order may result in further discipline of Dr. Bradshaw's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank (NPDB) pursuant to federal law, including but not limited to, 45 CFR Part 60.

Moreover, as facts may indicate any violation of this Order may result in a referral to the Oklahoma Attorney General for the unauthorized practice of osteopathic medicine in the State of Oklahoma.

This Order constitutes final action by the Board on the date it was announced.

IT IS HEREBY ORDERED AND EFFECTIVE this 13th day of March 2025.

I, Dr. Dennis Ho, would like to appear before the Osteopathic Board in June 2025 to discuss discontinuing my Vivitrol injection. If, at any point, I return to anesthesia, I would possibly start the injections again.

Thank you,

Dennis Ho, D.O. (Apr 7, 2025 16:35 CDT)

3-21-2025 Dennis Ho DO Vivitrol Injections

DR. Ho is 3 and ½ years into his monitoring contract. He has been in good compliance during this period. Recently, the common recommendation for our participants is 2 years of Vivitrol post treatment. Also, the original recommendation was based on the premise that Dr. Ho would be practicing anesthesia. Dr. Wilkerson did not suggest a repeat evaluation for Dr. Ho. His therapist would not have the expertise to make recommendations regarding Vivitrol.

Dr. Ho has not practiced medicine since his treatment. The cost of Vivitrol injections are on average, \$1500 per month. His insurance recently stopped paying. If Dr. Ho ever is able to return to anesthesia with an active DEA registration, I believe he should resume the injections if they are discontinued at this point.

CONSENT ORDER

The State of Oklahoma, *ex rel.* Oklahoma State Board of Osteopathic Examiners ("Petitioner" or the "Board"), by and through the undersigned counsel for the Board, as represented by J. Patrick Quillian, and Dennis Ho, D.O. ("Respondent" or "Dr. Ho"), Oklahoma license no. 6672, who appears in person, and through counsel Elizabeth A. Scott, of Crowe & Dunlevy, PC (collectively, the "Parties"), offer this Consent Order (herein, "Order" or "Agreement") for acceptance by the Board.

By voluntarily entering into this Order, Respondent admits to certain of the allegations herein contained and further acknowledges that a hearing before the Board could result in some sanction under the Oklahoma Osteopathic Medicine Act ("Act"). 59 O.S. § 620 *et seq.*

Respondent, Dennis Ho, D.O., states that he is of sound mind and is not under the influence of, or impaired by, any medication or drug and that he fully recognizes his right to appear before the Board for an evidentiary hearing on the allegations made against him. Respondent hereby voluntarily waives his right to a full hearing, submits to the jurisdiction of the Board and agrees to abide by the terms and conditions of this Order. Respondent acknowledges that he has read and understands the terms and conditions stated herein, and that this Agreement may be reviewed and discussed with him by legal counsel prior to execution.

If the Board does not accept this Order, the Parties stipulate that it shall be regarded as null and void. Admissions by Respondent herein, if any, shall not be regarded as evidence against him in a subsequent disciplinary hearing. Respondent will be free to defend himself and no inferences will be made from his willingness to have this Order accepted by the Board. The Parties stipulate that neither the presentation of this

CONSENT ORDER
Dennis Ho, D.O. (#6672)

Order nor the Board's consideration of this Order shall be deemed to have unfairly or illegally prejudiced the Board or its individual members and, therefore, shall not be grounds for precluding the Board nor any individual Board member from further participation in proceedings related to the matters set forth herein.

FINDINGS OF FACT

The Parties stipulate and agree as follows:

1. In July 2019, Dr. Ho was issued Oklahoma Osteopathic Medical License No. 6672. Dr. Ho is an anesthesiologist and most recently practiced in Lawton, Oklahoma.
2. In July 2021, Dr. Ho contacted former Executive Director Michael Leake and self-reported his use of fentanyl without a legitimate prescription since May 2021. Dr. Ho advised that he was addicted to fentanyl and had obtained the medications from his employer, Comanche County Medical Center ("CCMC"). Dr. Ho stated that he had been using fentanyl due to his depression from being away from his severely ill wife.
3. From July 15, 2021, until September 30, 2021, Dr. Ho obtained inpatient treatment for substance abuse at Bradford Health Services.
4. On August 16, 2021, while still in residential treatment at Bradford, Dr. Ho executed an Agreement Not to Practice with the Board wherein he agreed not to practice until he appeared before the Board.
5. Upon release from Bradford, on October 12, 2021, Dr. Ho signed a five (5) year monitoring contract with the Oklahoma Health Professional Program ("OHPP") and has remained in compliance since that time.
6. On June 6, 2022, the Department of Health and Human Services ("DDHS") officially excluded Dr. Ho from participating in all federal health care programs as defined in Section 1128B(f) of the Social Security Act.
7. On April 3, 2023, Dr. Ho was charged in the Western District of Oklahoma, Case No. CR-23-150-SLP with One (1) Felony Count of Obtaining a Controlled Dangerous Substance by Subterfuge, in violation of Tit. 21 U.S.C, Section 843(a)(3).
8. On April 19, 2023, Dr. Ho plead guilty to the charge, stating in open Court to District Judge Scott Palk that he was addicted to fentanyl and had illegally obtained fentanyl on the job while working at CCMC.

9. On December 12, 2023, Dr. Ho was sentenced to 36 months' probation, a \$2,500.00 fine, and a \$100.00 special assessment.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over the subject matter and is a duly authorized agency of the State of Oklahoma empowered to license and oversee the activities of osteopathic physicians in the State of Oklahoma. 59 O.S. § 620 *et seq.* and Okla. Admin. Code §§ 510: 1-1 -1 *et seq.*
2. The Board is authorized to suspend, revoke or order any other appropriate conditions against the license of any osteopathic physician holding a license to practice medicine in the State of Oklahoma for unprofessional conduct. 59 O.S. §§ 637.1.
3. Based on the foregoing, Dr. Ho is guilty of unprofessional conduct as follows:
 - a. Has engaged in the use or employment of dishonest, fraud, misrepresentation ... unethical conduct or unprofessional conduct, as determined by the Board, in the performance of functions or duties of an osteopathic physician, including but not limited to dispensing, prescribing, administering or otherwise distributing any drug, controlled substance or other treatment or violating any state or federal law on controlled dangerous substances. 59 O.S. §637(A)(2)(g).
 - b. Has entered a guilty plea in a criminal proceeding for any offense reasonably related to the qualifications, functions, or duties of an osteopathic physician. 59 O.S. §637(A)(5).
 - c. Has had the authority to engage in the activities regulated by the Board revoked by a federal agency. 59 O.S. §637(A)(5).
 - d. Has been guilty of habitual addiction to the use of habit-forming drugs. 59 O.S. §637(A)(12).

ORDER

IT IS THEREFORE ORDERED by the Oklahoma State Board of Osteopathic Examiners as follows:

1. The Board hereby adopts the Agreement of the Parties in this Consent Order, including the Findings of fact and conclusions of law stated herein.
2. **Dennis Ho, D.O.** is hereby placed on Probation for a term of five (5) years beginning on October 12, 2021, and shall comply with the following probationary terms and conditions:

CONSENT ORDER
Dennis Ho, D.O. (#6672)
OSBOE 2021-119
Page 3 of 6

- a. Board staff shall have oversight of this Order on behalf of the Board, and the authority to direct Respondent to provide any and all reports, evaluations, assessments, and/or documents, relevant to this matter, including but not limited to, the signing of any authorizations necessary for the release of any and all evaluations/reports directly to the Board.
- b. Respondent shall continue to comply with his current five (5) year contract with Oklahoma Health Professionals Program ("OHPP").
- c. Respondent shall abide by all recommendations of OHPP, including but not limited to attendance at Caduceus meetings.
- d. Respondent shall ensure OHPP provides quarterly reports to the Board and/or the Board's Compliance Officer regarding Respondent's progress and participation in OHPP, including but not limited to meeting attendance records.
- e. Respondent will maintain monthly contact with his assigned Board Investigator.
- f. Respondent shall complete Monthly Supervision Self-Reports provided by Board Staff by the tenth (10th) day of each month.
- g. Respondent shall establish a therapeutic relationship with a therapist and participate in regular individual therapy sessions with such therapist. The therapist shall be preapproved by the OHPP. Respondent shall execute appropriate releases and ensure the therapist provides updates to the Board's Compliance Officer as requested.
- h. Respondent shall obtain a primary care physician.
- i. Respondent shall remain on Vivitrol injections as long as he is a practicing physician. Respondent's injections shall be administered by his primary care physician or at a location as approved by OHPP.
- j. Respondent shall conduct his practice in compliance with the Oklahoma Osteopathic Medicine Act ("Act") as interpreted by the Board. Any question of interpretation regarding the Act or this Order shall be submitted in writing to the Board, and no action based on the subject of the question will be taken by Respondent until clarification of interpretation is received by Respondent from the Board or its authorized designee. 59 O.S. § 620, *et seq.*
- k. Respondent shall furnish a file-stamped copy of this Order stipulating terms imposed by the Board, to each and every state in which he holds licensure or applies for licensure and to all hospitals, clinics or other facilities in which he holds or anticipates holding any form of staff privileges or employment.

- l. Respondent will keep the Board informed of his current home, work, and email address, as well as cell phone number.
 - m. Respondent shall maintain compliance with continuing medical education credits as required by the Board's statutes and rules.
 - n. In the event Respondent leaves the State of Oklahoma to practice medicine in another jurisdiction, and surrenders his license here in Oklahoma, the terms and conditions of this Order shall be tolled.
 - o. Respondent shall notify the Board in writing within fourteen (14) days in the event he is terminated or resigns from employment as an osteopathic physician.
 - p. Respondent will keep current payment of all assessments by the Board for prosecution, investigation, and monitoring of his case, which shall include, but is not limited to, a fee of one hundred dollars (\$100.00) per month during the term of probation, unless Respondent affirmatively obtains a deferment of all or part of said fees upon presentation of evidence that is acceptable to the Board.
 - q. Until such time as all indebtedness to the Board has been satisfied, Respondent will reaffirm said indebtedness in any bankruptcy proceeding.
 - r. Respondent will not supervise allied health professionals, physician assistants, or advanced nurse practitioners, that require surveillance of a licensed medical practitioner. Okla. Admin. Code § 510:10-4-3
 - s. Upon request, Respondent shall make himself available for one or more personal appearances before the Board or its authorized designee.
 - t. Respondent will execute such releases of medical and psychiatric records during the entire term of this Order as necessary for use by the Board and/or Compliance Officer to obtain copies of medical records and assessments and authorize the Board and/or Compliance Officer to discuss Respondent's case with Respondent's treating physicians and/or any physicians holding Respondent's records.
3. A copy of this Order shall be provided to Respondent as soon as it is processed.

Any violation of this Order may result in further discipline of Respondent's license to practice osteopathic medicine in the State of Oklahoma.

This Order is a public record and therefore subject to the Oklahoma Open Records Act. Further, This Order may be reportable to the National Practitioner Data Bank pursuant to federal law, including but not limited to, 45 CFR Part 60.

IT IS SO ORDERED AND EFFECTIVE this 12 day of April, 2024.

Re: Notice of Appearance re OSBOE v.
Ochije Okonya, D.O. (No. OSBOE-2024-L009)

Dear Dr. Okonya:

Please be advised that you are required to appear before the Oklahoma Board of Osteopathic Examiners at its next meeting on **June 19, 2025. All such appearances are set for 9:00 a.m. Please be advised that this is a two-day meeting and your appearance could be moved to Day Two, Friday, June 20, 2025.** The Meeting will be held at the Board offices located at 5400 North Grand Boulevard, Suite 125, Oklahoma City, OK 73112.

Be further advised that at the conclusion of the appearance, the Board may take no action, or any action allowed by provisions of the Oklahoma Osteopathic Medicine Act, 59 O.S. Section 620 et. seq., including reprimand, probation, suspension, or revocation.

If you are represented by counsel, a courtesy copy of this Notice has been provided to them. Please feel free to contact us if you have any questions.

Very truly yours,

Dear Members of the Oklahoma State Board of Osteopathic Examiners,

I am writing to you regarding a plan for Dr. Okonya to continue his pathway towards licensure reinstatement. Dr. Okonya is seeking a preceptorship with me, Dr. Stilwell. I will provide supervision for Dr. Okonya to work as a general practitioner with NEO.

The Board has recommended that Dr. Okonya work in an underserved community, such as Muskogee. Scott Rosenthal, CEO, has expressed his willingness to hire Dr. Okonya with NEO, provided that the logistics can be worked out and a formal agreement can be reached. The contract term will focus on training, with the specific duration to be determined. During this period, I will periodically report to the Board to ensure that Dr. Okonya is progressing well. If all goes well, Dr. Okonya will meet with the Board to obtain unrestricted licensure, allowing him to continue working as a general practitioner.

To my understanding, Dr. Okonya must present this plan to the Board. If they are agreeable, he will begin working as soon as all the details of his employment, including insurance and pay, are finalized. His anticipated start date will likely be December 1, 2025. We look forward to working with Dr. Okonya and anticipate that he will provide excellent service to the community in which he works.

Thank you for your consideration.

Sincerely,

Dr. Kyle Stilwell, D.O.

Kyle Stilwell

IN THE MATTER OF OCHIJE)
OKONYA, D.O., APPLICANT FOR) Case No. 2024-L009
FULL LICENSE (Osteopathic)
Medical License No. 8794)

**AGREED MODIFICATION OF ORDER GRANTING APPLICATION FOR FULL
LICENSURE IN PART, AND PLACING CONDITIONS ON THE LICENSE**

This matter comes on for consideration before the Oklahoma State Board of Osteopathic Examiners ("Board") at a special meeting of the Board on September 26, 2024. Ochiye Okonya, D.O. ("Dr. Okonya"), appeared in person at the hearing on this date represented by legal counsel M. Todd Konsure, J.D.

This Order is issued pursuant to the Oklahoma Osteopathic Medicine Act, 59 O.S. § 620 et. seq. and the Oklahoma Administrative Procedures Act, 75 O.S. § 250 et. seq. The Board after reviewing Dr. Okonya's application for licensure and hearing testimony and evidence enters this Order Granting the Application for Licensure In Part, and Placing Conditions on the License.

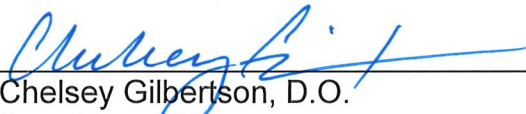

IT IS HEREBY ORDERED by the Board that Dr. Okonya's application for full license is granted in part and Dr. Okonya is subject to the following terms and conditions:

1. Dr. Okonya's License to practice medicine shall be conditioned by the limitation to use such license to practice medicine only during his resident training under the supervision of the McAlester Regional Family Medicine residency program.
2. Further, Dr. Okonya's license to practice medicine shall not be valid for use in any location or practice that is not an integral part of the McAlester Regional Family Medicine residency program
3. Further, if Dr. Okonya is terminated from the McAlester Regional Family Medicine residency program, either voluntarily or involuntarily, this conditional license to practice medicine is automatically suspended and may not be reinstated without written application and appearance before the Board.

4. This Order is a final determination of this Board and is therefore appealable as a final order. However, the Order is not an adverse determination since it grants the application for a license and allows full unrestricted participation in the Respondent's residency program.
5. The Board has not reached any final determination on the granting of a full license to practice medicine should Dr. Okonya successfully complete his residency program. Upon satisfactory completion of the McAlester Regional Family Medicine residency program, Dr. Okonya shall make written application for an unrestricted license and appear before the Board. Nothing in this Order shall guarantee further licensure of Dr. Okonya.

This Order is a public record and therefore subject to the Oklahoma Open Records Act.

IT IS HEREBY ORDERED AND EFFECTIVE this 12th day of December, 2024.

MEMORANDUM

FROM: Christi Aquino, Director of Licensing

TO: Board Members

DATE: June 10, 2025

SUBJECT: Ammaar Anwar, D.O. – Lic. # 8843 - PGY 2 Resident Resignation

Dr. Anwar resigned from his residency at Norman Regional as a PGY 2 while under a remediation plan for professionalism. He has not completed his PGY 2.

7/1/2023 – 11/15/2024 - Dr. Anwar started and completed his PGY 1 at Norman Regional. His PGY 1 was extended due to failing his COMLEX III.

11/27/2024 – 5/8/2025—Dr. Anwar voluntarily resigned from Norman Regional and was terminated from the hospital. He did not finish his remediation plan for unprofessionalism. (pg. 002-004)

5/28/2025 – Dr. Anwar completed the renewal process and answered “no” to all his questions. He should have answered “yes” on #3, which states:

Within the last twelve (12) months, or since your last renewal, have you resigned, surrendered, or been terminated from any medical training program, residency program, hospital staff/faculty, managed care organization, group practice, or any other setting? Yes, or No; if Yes: explain in detail. (pg. 005-012)

To Whom It May Concern:

This letter is to inform you that Dr. Ammaar Anwar voluntarily resigned from the Norman Regional Health System Emergency Medicine residency program effective May 8, 2025. He has completed one full year of training but did not complete his second year. When he resigned, he was on a remediation plan for professionalism, however, there were no concerns about his clinical abilities.

Thank you,

Understood. It was combination of factors including severe sickness in family members requiring my attention, feeling unhappy with myself in the ER, and growing more interested in family medicine and longitudinal care that made me decide to switch. I have attached the email screenshots to this email.

Dr. Anwar, I apologize. Technically, as I understand it, it was a termination in the hospital and a resignation from residency. However, I will still need you to explain the events that made you choose differently. Also, please email me the resignation letter. If you are not in a residency now, I will need you to appear before the Board in June. Have a good evening.

No worries. I made most of the changes. Please review. For purposes of introduction, I don't think we are going to have any legal issue referring to you as a doctor. When you see patients and we do billing, those will all be handled with appropriate credentials. But, for introductions, you ARE a doctor! :-)

Good morning!

Thank you so much for making the changes and for being so kind throughout this process, I truly appreciate it.

I confirmed that I'm able to start on May 26. I just realized that it's a holiday, so I wanted to check if the clinic will be open that day. Could you please let me know?

Also, I just wanted to point out a few small wording details in the press release that I've highlighted below. Would it be okay to revise those parts slightly to something like this?

Physicians Clinic of Healdton Welcomes **New Clinical Associate**

HEALDTON, OK — May 14, 2025 — Physicians Clinic of Healdton is thrilled to announce the addition of Jaine Queiroz to its team of dedicated healthcare professionals. With eight years of **clinical** experience, Jaine brings a passion for family medicine and a commitment to providing personalized, patient-focused care in a small-town setting.

Jaine has experience in comprehensive family healthcare, emphasizing preventive medicine and patient education. Her dedication to fostering strong patient relationships aligns perfectly with the clinic's mission of delivering compassionate and high-quality medical care to residents of Healdton and the surrounding areas.

"We are excited to welcome **Jaine** to our practice," said Dr. Stephen Treadwell, DO, of Physicians Clinic of Healdton. "Her clinical experience and

passion for family medicine will be invaluable as we continue our tradition of excellent care.”

Jaine is looking forward to contributing to the care of patients and families in Healdton alongside Dr. Treadwell. To schedule an appointment or learn more, please contact Physicians Clinic of Healdton at 580-229-1111.

For my credentials, you’re welcome to use “**IMG**” or “**internationally licensed physician**,” whichever you prefer. According to Oklahoma medical board regulations, “MD” or “Dr.” should only be used for U.S.-licensed doctors. I hope that makes sense. I just want to make sure nothing could be misinterpreted.

Thanks again for your understanding and for so kindly including me on the website, I’m genuinely grateful.

Warmly,

Jaine

Good morning, Jaine! I edited the press release, adding your own written bio. I also edited the statement about accepting patients. Please review again and let me know what you think. I will republish on the web page when you are ready.

Also, what date did you and Stephen agree on for starting?

On Wed, May 14, 2025 at 4:31 PM Stephen Treadwell, DO [REDACTED] wrote:

Hi Jaine! It was such a pleasure to meet you. I am thrilled you are joining our practice. I am preparing a press release and adding you to our web page.

Can you send me a professional portrait, also called a headshot and a brief bio?

Here is the draft of the press release I prepared. Please let me know if you want to change anything.

I look forward to working with you.

Investigator Fullbright is obtaining her Certified Medical Board Investigator certification from Administrators in Medicine

Investigator's Fullbright and Freeman and Auditor Johnson continue to attend training relevant to their positions (FSMB Annual Conference, National Association of Drug Diversion Investigators, Association of Narcotic Enforcers)

OSBOE Investigations coordinated a quarterly meeting for state investigators to network, discuss trends, and current issues. This was attended by the Medical Board, OBNDD, Veterinary Board, Pharmacy Board and Dental Board.

2025 Agreements

2025-076

Investigations received a report from OBN that Physician was arrested for Domestic A&B by strangulation against their spouse. During the initial investigation Physician's spouse made statements that they are abusing prescription drugs. Physician's spouse later recanted/changed their story, and it appears they will not be following through with criminal charges. Investigations contacted Physician through their attorney and an agreement was reached for Physician to sign up with OHPP and follow all of their recommendations. A letter memorializing this agreement was drafted and signed by Physician and the board. The letter states that should Physician fail to comply with or complete their OHPP contract, the board investigation will be reopened.

2024-151

Investigations received a complaint from Physicians's ex-spouse alleging substance abuse and diversion of prescription medications. The complaint was submitted nearly four years after the incidents were said to have occurred. Physician admitted to writing stimulant prescriptions to a friend for personal use in 2021. They stated this was due to their stress from being a victim of domestic violence by their spouse and the stress of being the sole financial provider for their family. Physician and their ex-spouse are still engaged in a bitter custody battle. Physician also admitted to using medical marijuana to help them sleep. Physician agreed to sign up with OHPP, to cease medical marijuana usage, and to follow all recommendations from OHPP. They underwent an assessment by Dr. Julio Rojas to assess their treatment needs. A safe harbor agreement was drafted and signed by Physician. The letter states that should Physician fail to comply with or complete the OHPP contract, the board investigation will be reopened.

2025-011

Investigations received a referral from the Oklahoma Medical Board regarding Physician and two MD's. The referral alleged that one of the MD's has been running a "pill mill" for ADHD patients in Oklahoma City and that Physician has been working there, part-time. The medical board contracted Dr. Jason Beaman to review medical records from the clinic. Beaman found that proper testing and diagnoses were not being done before patients were being prescribed stimulants. It also appeared that proper physician oversight was lacking,

and that midlevel's were being heavily relied upon. Physician denied being involved in patient care, stating that their role was only covering prescriptions when needed and some chart review. Physician was counseled on the need to stay within the scope of their training when working any job. Physician signed an agreement with the board to immediately cease working at the clinic. The agreement states that if Physician does not comply, the investigation will be reopened.

2024-026

Physician has a lengthy history with both the NPDB and the board. Physician's NPDB report is 27 pages long and includes multiple lawsuits and losses of privilege from their time as an OBGYN. They have had 10+ board complaints in the span of their career. Most of the complaints were nuisance issues that did not rise to the level of a board complaint. In the past few years, they have been focusing on family medicine, medical marijuana, and hormone therapy. In 2024, the board received a complaint that Physician was asked to leave their physicians group after it was discovered that they may have been billing fraudulently. Two key witnesses in the case were uncooperative or gave conflicting statements. Physician is currently the target of a DEA investigation into their billing practices and prescribing. Physician has agreed in writing to forgo renewal of their Oklahoma license and to seek licensure and employment out of state.

2024-116

In 2024, the board received a complaint from an MD at Mercy regarding Physician's prescribing for one of their longtime patients who was hospitalized. The board contacted Physician and discovered that they have been working at a pain management practice that is being run by a civilian office manager. Physician went to work for the practice when they were unable to find work anywhere else. The physician who had been running the practice left immediately, leaving Physician with a complex patient population in a specialty they were unfamiliar with. There was also a conflict between Physician and the office manager, who felt she was the owner of the practice. She would routinely refuse to grant Physician access to patient files and contacts. Physician's patient charts were audited by Kris Johnson and multiple problems were found. Physician met with Fullbright, Johnson, and Dr. Scott Anthony to discuss remedies for their treating and charting deficiencies. They were also provided with guidance on how to effectively navigate their EMR system by Johnson. Physician has been fully compliant and will be leaving the practice to work at a medical spa as of June 1. Physician will take some of their pain patients to their new

practice. They will be audited again on July 1 and October 1 to ensure they are compliant with statute and board expectations.

2025-045

The board received a complaint on Physician from another physician, who took over Physician's practice after Physician was terminated. Complainant stated that they had concerns about Physician's prescribing habits and had been struggling to transition former patients to what they feel are more appropriate medications and dosages. Physician countered with claims that Complainant was verbally abusive and physically aggressive to patients. Physician is now employed with a new pain group, and they are excited to support and assist them. Physician's charts were audited by Kris Johnson and some charting deficiencies were noted. It should be noted that some of the deficiencies may have occurred due to Physician's inability to navigate their former EMR system. Johnson is currently working with Physician and members of their new practice to ensure the deficiencies are corrected. A follow-up audit will be conducted in three months to assess their progress. It appears the complaint generated from a business dispute between two competing pain practices. *side note* the allegations regarding Complainant's behavior appear to be unfounded currently.

2025-037

The board received a complaint from a female patient of Physician who had been seeing them for a short time to receive ketamine treatments for her treatment-resistant depression. The patient stated that when she arrived alone, for her final appointment, the office was dark, and no one was present in the building except for Physician. She stated that they proceeded to make several comments that made her feel uncomfortable and made her feel as if they were "hitting on her" or might attempt a sexual advance toward her. She also complained that Physician talked very openly of their disdain for medicine, and their unhappiness with their life in general. The patient was unable to receive the therapy due to hypertension, which she attributes to her panic over Physician's behavior. She left and never returned to their clinic. I also spoke to another patient who only saw Physician once, for an intake. She was also looking to receive help with treatment-resistant depression. This patient's husband was present during her intake. She claims Physician spoke openly about their own depression and their disdain for the medical field. She felt their oversharing and lack of boundaries were very inappropriate, and she declined to see

them for treatment. Physician was interviewed with their attorney and categorically denied all the allegations. They have had no disciplinary action from the board and no similar allegations before. Physician agreed to attend courses in Ethics and Professionalism and Professional Boundaries and to provide the board with certificates of completion. This agreement was memorialized in writing.

2025-066

The Board received information regarding the arrest of a resident for Possession of CDS with Intent to Distribute. The resident was arrested after refusing to stop for police while speeding. During a subsequent search of the car, officers located individual baggies containing what later tested positive for Ketamine and MDMA. The resident was charged with felonies and was terminated from their residency program one month before they were set to complete the program. The resident obtained legal counsel and agreed not to renew their license. They will be seeking drug rehabilitation treatment and will consider reapplying for licensure in the future pending the outcome of their criminal case and their ability to find a new residency.

Re: Notice of Hearing re OSBOE v R. Troy
Lehman, D.O. (OSBOE-2024-114)

Dear Dr. Lehman:

Please be advised that you are required to appear before the Oklahoma Board of Osteopathic Examiners at its next meeting on **June 19, 2025. Your hearing has been tentatively set for the afternoon. Please be advised that this is a two-day meeting and your hearing could be moved to Day Two, Friday, June 20, 2025.** The Meeting will be held at the Board offices located at 5400 North Grand Boulevard, Suite 125, Oklahoma City, OK 73112.

Be further advised that at the conclusion of the appearance, the Board may take no action, or any action allowed by provisions of the Oklahoma Osteopathic Medicine Act, 59 O.S. Section 620 et. seq., including reprimand, probation, suspension, or revocation.

If you are represented by counsel, a courtesy copy of this Notice has been provided to them. Please feel free to contact us if you have any questions.

Very truly yours,

charting courses, address any issues raised by a CPEP investigation, instruct hospitals where he enjoyed privileges to report any incidents to the board, and pay the investigative costs of \$4,148.

5. Dr. Lehman received an Order Terminating Probation on September 22, 2011, for good cause shown three (3) months prior to completion of a full calendar year.

6. Dr. Lehman became board-certified in obstetrics and gynecology in 2011 but allowed that certification to lapse in 2016. He has not renewed board certification since that time.

7. On December 12, 2024, the Board issued an Interim Order Directing Competency Evaluation in OSBOE-2021-201. The Board found Dr. Lehman violated the Oklahoma Osteopathic Medicine Act (hereinafter referred to as “the Act”), Tit. 59 O.S. § 637(A)(2) and (A)(4), which states:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in the use or employment of ... unethical conduct or unprofessional conduct, as may be determined by the Board, in the performance of the functions or duties of an osteopathic physician, [or] ...

4. Has engaged in repeated acts of negligence, malpractice or incompetence[.]

8. The Board found Dr. Lehman was practicing outside the standard of care when managing known uterine malignancies.

9. The Board found Dr. Lehman knowingly did the incorrect procedure on the patients identified in OSBOE-2021-201, which put their long-term survival at risk due to improper staging for endometrial malignancy.

10. At the expense of Dr. Lehman, The Board Ordered him to complete an approved physician competency program within six (6) months.

II. NEW CAUSES OF ACTION

11. Dr. Lehman has violated the Act in two new instances not previously considered for action by the Board. The first instance stems from a suspension of privileges from Integris Health Woodward Hospital in June 2024 and a failure to report this action. The second instance stems from his treatment and failure to report a malpractice action in CJ-2023-52.

12. It is alleged that in these two instances, Dr. Lehman violates the Act, specifically provisions in Tit. 59 O.S. § 637(A)(1), (A)(2)(f), and (A)(4) which states:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

1. Has obtained a ...license renewal ...through... deception, [or] misrepresentation ... or has been granted a ...license renewal ...based upon a material mistake of fact;

2. Has engaged in the use or employment of ... unethical conduct or unprofessional conduct, as may be determined by the Board, in the performance of the functions or duties of an osteopathic physician, including but not limited to the following:

...

f. acting in a manner which results in final disciplinary action by any professional society or association or hospital or medical staff of such hospital in this or any other state, whether agreed to voluntarily or not, if the action was in any way related to professional conduct, professional competence, malpractice or any other violation of the Oklahoma Osteopathic Medicine Act[.]

...

4. Has engaged in repeated acts of negligence, malpractice, or gross incompetence[.]

A. Suspension from Integris Health Woodward Hospital

13. At all relevant times, Dr. Lehman had clinical privileges at Woodward Hospital.

14. On July 9, 2024, Board investigators received a National Practitioners Data Bank (hereinafter referred to as “NPDB”) alert for Dr. Lehman indicating his clinical privileges at Integris Health Woodward Hospital (hereinafter referred to as “Woodward Hospital”) had been suspended.

15. Documentation provided by Woodward Hospital when requested by the Board in response to the NPDB alert, indicates Dr. Lehman was initially given a fourteen (14) day summary suspension effective June 6, 2024. The suspension stemmed from a review of multiple cases of sub-par OBGYN care provided at the time of multiple births.

16. When Dr. Lehman applied for a licensure renewal on July 2, 2024. He did not report his suspension to the Board or disclose his suspension in his renewal application.

17. On June 6, 2024, Woodward Hospital's Medical Executive Committee ("MEC") suspended Dr. Lehman's clinical privileges due to concerns related to the care he provided to Patient K.O., Patient T.B., and Patient M.D. on or about June 1, 2024.

18. Per reports, Dr. Lehman violated the standard of care with regards to Patient K.O. due to continued use of a Kiwi vacuum after the third pop-off during delivery. These actions resulted in the infant being born flaccid, with no respiratory effort, no heart sounds, no reflexes, and grunting respirations.

19. Regarding Patient T.B., it was reported a nurse contacted the department chair because she disagreed with Dr. Lehman's plan of care to monitor the patient for one more hour after he was notified of the category 2 fetal heart rate strip with recurring late decelerations after the magnesium had been off for three hours. Dr. Ray evaluated Patient T.B. and requested a c-section which resulted in a viable baby with severe hypoglycemia. Violative of the standard of care required.

20. Regarding Patient M.D., it was reported that Patient M.D. suffered circulatory overload post-partum after receiving a blood transfusion, violative of the standard of care required.

21. On October 4, 2024, the MEC conducted an external review of the cases mentioned above.

22. With regard to Patient K.O., the MEC found Dr. Lehman exceeded the maximum time limit for utilizing the Kiwi device and his charting was inadequate for Patient K.O.

23. A Board expert reviewed the medical records relating to the care provided to Patient K.O. and generally concurred with the MEC's conclusion.

24. With regard to Patient T.B., the MEC found Dr. Lehman's charting documentation was inadequate.

25. A Board expert reviewed the medical records relating to the care provided to Patient T.B. and found inadequate documentation. Additionally, she found Dr. Lehman to be in violation of the standard of care by improperly administering fetal steroids and a magnesium sulfate drip, as well as improperly delaying a cesarean section without justification.

26. With regard to Patient M.D., the MEC found Dr. Lehman maintained an inadequate medical record due to poor charting. Additionally, they found he did not adhere to widely accepted guidelines suggesting a lower target level of hemoglobin as a goal for post-transfusion in a non-hemorrhaging patient who is also not at high risk for coronary artery disease.

27. A Board expert reviewed the medical records relating to the care provided to Patient M.D. and generally concurs with the MEC's conclusion.

28. The MEC also found it has been engaged in efforts to address Dr. Lehman's inadequate documentation prior to Integris ownership and since at least 2015, and his lack of documentation and lack of efforts to improve his documentation constitutes a risk to patient care and safety.

29. The MEC recommended Dr. Lehman develop a personal plan to ensure he communicates the number of instances of pop-offs when using a Kiwi vacuum and documents the pop-offs in the medical record in addition to any nurse documentation.

30. The MEC recommended Dr. Lehman develop a personal plan to ensure he is aware during delivery how long he has utilized the Kiwi vacuum and when to cease use.

31. The MEC recommended Dr. Lehman complete one (1) hour of MEC-approved education for transfusion complications and four (4) hours of MEC-approved education for medical record documentation.

32. The MEC recommended the summary suspension be lifted on the condition Dr. Lehman complete all required educational courses and provides the MEC with a written narrative outlining his personal plan related to communicating pop-offs, understanding how long he has used a Kiwi vacuum during a delivery, and documenting his own pop-offs.

B. Named Defendant in CJ-2023-52

33. The Board received an NPDB alert indicating a January 2025 settlement of a 2023 lawsuit related to Dr. Lehman's patient care.

34. Dr. Lehman received notice of this lawsuit in August of 2023 but failed to report it on his 2024 Board renewal application or report it to the Board at the Hearing in December of 2024.

35. CJ-2023-52 in the District Court of Woodward County, involved the death of an infant shortly after its birth on July 31, 2022. One in which Dr. Lehman waited over thirty-nine (39) hours to see Patient L.I. after being made aware she had presented to Woodward Hospital for premature membrane rupture and contractions. Records indicate Dr. Lehman used a vacuum device to assist with delivery. The infant was found to have suffered from chorioamnionitis, pneumonia, and skull fractures and died within a day of birth.

36. Through an independent review of the medical records related to the care provided to Patient L.I., a Board-expert found Dr. Lehman deviated from the standard of care by failing to

come to see Patient L.I. in a timely manner after being made aware she had presented with a prematurely ruptured membrane, he unnecessarily and improperly used a vacuum during delivery, and consistent with his pattern of behavior again inadequately documented the procedure. The Board-expert concluded the infant's death could have been prevented were it not for these shortcomings.

III. VIOLATIONS OF THE ACT

37. In addition to the violations previously presented to the Board, Dr. Lehman has violated the Act by:

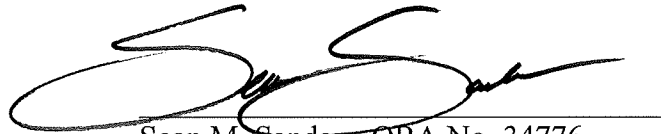

- a) Showing a repeated pattern of violating Tit. 59 O.S. § 637(A)(1) by knowingly failing to report his suspension from Woodward Hospital and his status as a Defendant in CJ-2023-52;
- b) Engaging in unethical and unprofessional conduct in the performance of the functions or duties of an osteopathic physician through his unsafe documentation practices (as far back as 2010 and continued through litigation in 2022). Posing a substantial risk to his patients, a blatant disregard for the standard of care, and violative of Tit. 59 O.S. § 637(A)(2)(f);
- c) Engaging in unethical and unprofessional conduct in the performance of the functions or duties of an osteopathic physician through his unsafe and sub-par medical care provided to the aforementioned Patients K.O., T.B., M.D., and L.I.;
- d) Engaging in repeated acts of negligence, malpractice, and gross incompetence through his inadequate documentation practices at Integris Health Woodward Hospital, using a Kiwi vacuum outside the standard of care, administering a blood transfusion outside the standard of care, and failing to meet the standard of care with respect to delivery protocols for the timing of treatment and administration of medications; and
- e) Acting in a manner which results in final disciplinary action by Integris Health Woodward Hospital due to the violations above and violative of Tit. 59 O.S. § 637(A)(2)(f).

WHEREFORE, premises considered and pursuant to Tit. 59 O.S. § 637 et. seq., Deputy General Counsel, Sean M. Sanders, asks the board find Dr. Lehman violated the Act, and as a result, requests revocation of his licensure.

Alternatively, Counsel asks that Dr. Lehman have his license suspended for the period of not less than one (1) year, and he be required to become board-certified prior to any application for reinstatement.

Furthermore, Counsel asks that Dr. Lehman be found responsible for the fees and costs associated with prosecution of his licensure, and/or any other relief the Board finds equitable and just.

PROSECUTORS FOR PETITIONER

8. In 2019 and 2020, Dr. Lehman provided care to several individuals who became the subject matter of a complaint filed against Dr. Lehman in September of 2020 regarding mismanagement of known uterine malignancies.

9. On December 12, 2024, the Board issued an Interim Order Directing Competency Evaluation in OSBOE-2021-201. The Board found Dr. Lehman violated the Oklahoma Osteopathic Medicine Act (hereinafter referred to as “the Act”), Tit. 59 O.S. § 637(A)(2) and (A)(4).

10. The Board found Dr. Lehman was practicing outside the standard of care when managing known uterine malignancies.

11. The Board found Dr. Lehman knowingly did the incorrect procedure on the patients identified in OSBOE-2021-201, which put their long-term survival at risk due to improper staging for endometrial malignancy.

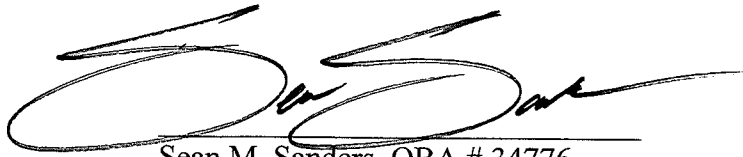

12. Dr. Lehman was ordered to complete an approved physician competency program within six (6) months.

13. Dr. Lehman has substantially complied with the December Order and is presently enrolled in KStar and set to attend on June 24th and 25th.

14. Dr. Lehman was served a Petition in July of 2023 in case number CJ-2023-52 in which he was a named defendant.

15. Dr. Lehman did not report the litigation naming him a Defendant in his Board renewal application in 2024.

Landrum, D.O. (OSBOE-1019-105, 2022-215)

Dear Dr. Landrum:

Please be advised that you are required to appear before the Oklahoma Board of Osteopathic Examiners at its next meeting on **June 19, 2025 and June 20, 2025. Your hearing has been tentatively set for the morning of June 20. Please be advised that your hearing could be moved at the election of the President.** The Meeting will be held at the Board offices located at 5400 North Grand Boulevard, Suite 125, Oklahoma City, OK 73112.

Be further advised that at the conclusion of the appearance, the Board may take no action, or any action allowed by provisions of the Oklahoma Osteopathic Medicine Act, 59 O.S. Section 620 et. seq., including reprimand, probation, suspension, or revocation.

If you are represented by counsel, a courtesy copy of this Notice has been provided to them. Please feel free to contact us if you have any questions.

Very truly yours,

AMENDED PETITION

COMES NOW, Deputy General Counsel, Sean M. Sanders, for the State Board of Osteopathic Examiners (hereinafter referred to as “the Board”), and states as follows:

I. FACTUAL HISTORY

1. Joe Tre’Gawen Landrum, D.O., (hereinafter referred to as “Dr. Landrum”) became licensed as an osteopathic physician in the State of Oklahoma on July 1, 2005, license number 4310.

2. At all times relevant to this Amended Petition, Dr. Landrum worked as an otolaryngological surgeon in Ada, Oklahoma.

3. Dr. Landrum was set to appear in front of the Board in December of 2024 in relation to the original Complaint, consisting of the first three causes of action listed below.

4. Two additional complaints were filed by individuals, alleging Dr. Landrum’s care was improper and in violation of the Act.

5. As such, the hearing was postponed to give proper time for a thorough investigation into the newly reported complaints.

II. CAUSES OF ACTION

6. In total the OSBOE has been made aware of five (5) separate case files alleging various instances of either sub-par care or breaches of the standard of care as it relates to care provided by Dr. Landrum.

7. Dr. Landrum has violated the Act, specifically Tit. 59 O.S. § 637(A)(4) which states:

A. The State Board of Osteopathic Examiners may institute disciplinary action, enforce sanctions, ... upon proof that the applicant or holder of such a license:

...

4. Has engaged in repeated acts of negligence, malpractice, or incompetence[.]

A. Investigation: OSBOE-1219-126-1

8. On February 15, 2018, Dr. Landrum conducted an exploratory surgery in response to respiratory issues T.W. had been experiencing.

9. T.W. had a DNR in place and was assured by Dr. Landrum a tracheostomy tube would not be inserted during this surgery.

10. T.W. died on the table during the surgery and was resuscitated in violation of T.W.'s DNR and brought to the ICU at Mercy, Ada where Dr. Landrum worked.

11. Doctors at Mercy, Ada, inserted a tracheostomy tube into T.W. on February 16 and 17, 2019, and T.W. was again resuscitated in violation of the DNR.

12. T.W. remained unconscious for three (3) weeks thereafter, and for the next year and a half required multiple corrective surgeries.

B. Investigation: OSBOE-2022-215

13. On August 29, 2019, Dr. Landrum was the supervising physician for an outpatient tonsillectomy and adenoidectomy procedure for minor patient M.T.

14. Dr. Landrum was overseeing a CRNA who administered excessive doses of analgesic and anesthetic medications as well as narcotics to M.T. for the surgery.

15. M.T. was discharged home that same day and shortly thereafter began to experience respiratory failure from the medication administered by the CRNA.

16. Later that day, M.T. fell into a coma and was transported to OU Children's Hospital where doctors found M.T. to have no brain activity due to ischemic hypoxia.

17. M.T. was taken off of life support and pronounced deceased on August 30, 2019.

18. On December 19, 2020, Dr. Landrum was served with an Amended Petition which named him as a defendant as it related to the care provided to patient M.T.

19. On February 9, 2022, all Defendants were dismissed with prejudice from the lawsuit.

20. On February 10, 2022, the OSBOE was made aware of a NPDB (National Practitioner Data Bank) report which indicated Dr. Landrum settled the lawsuit for a nominal sum.

C. Investigation: OSBOE-1019-105

21. In September 2019, Dr. Landrum diagnosed minor patient G.O. with a thyroglossal duct cyst after reviewing an ultrasound.

22. Dr. Landrum's treatment plan for G.O.'s cyst was a Sistrunk outpatient procedure to be performed at Apex Surgery, LLC in Ada, Oklahoma.

23. Dr. Landrum performed the Sistrunk procedure on G.O. on October 10, 2019.

24. While removing G.O.'s cyst, Dr. Landrum negligently removed thyroid cartilage, damaged laryngeal tissue, and injured G.O.

25. As a result of the damage, G.O. was transferred to OU Children's Hospital, where doctors inserted an endotracheal tube and placed G.O. on a bag ventilator.

26. OU Children's doctors found G.O. to have a torn necrosed, likely burned right true vocal cord, severe trauma to the right false vocal cord, and a separate lesion extending to the base of the tongue.

27. On October 14, 2019, OU Children's doctors performed a tracheostomy due to concerns regarding G.O.'s ability to breathe without mechanical assistance.

28. On October 17, 2019, OU Children's doctors conducted a second surgery on G.O. in which they further repaired G.O.'s larynx, replaced the tracheal tube, and installed a MIC-KEY gastronomy feeding tube.

29. G.O. was discharged from the hospital five (5) days later.

30. G.O.'s injuries from the surgery placed severe limitations on G.O.'s ability to speak and required multiple follow-up surgeries at OU Children's.

31. A medical negligence lawsuit naming Dr. Landrum as a Defendant was filed in Oklahoma County on December 5, 2019, styled as CJ-2019-6811.

32. In the civil litigation that followed Dr. Landrum's surgery on G.O., Dr. Landrum executed a sworn affidavit in which he acknowledged he was not specially trained in pediatric otolaryngology at the time he operated on G.O. and he was the only surgeon present during the surgery.

33. He further admitted in the affidavit that he had misjudged anatomical landmarks and caused damage to G.O.'s larynx, removed hyoid bone and thyroid cartilage which resulted in permanent injury to G.O. and necessitated a tracheostomy.

34. Dr. Landrum also admits in the affidavit that the injuries he caused were the result of a departure from the standard of care that trained pediatric otolaryngologists must meet.

35. Dr. Landrum was dismissed as a Defendant of the lawsuit on August 29, 2023.

36. On September 29, 2023, the OSBOE was made aware of a NPDB (National Practitioner Data Bank) report which indicated Dr. Landrum settled the lawsuit for a nominal sum.

37. The civil litigation continued after the dismissal of Dr. Landrum and resulted in a \$45 million dollar jury verdict against the remaining Defendants.

38. The results of the civil litigation are currently being appealed and are in the purview of the Oklahoma Supreme Court for consideration.

D. Investigation: OSBOE-2025-015

39. On February 7, 2025, OSBOE received a complaint which alleged Dr. Landrum removed patient B.W.'s thyroid without obtaining consent and against the patient's wishes.

40. Additional allegations were made regarding either manipulation or alteration of medical documents.

E. Investigation: OSBOE-2025-022

41. On March 7, 2025, OSBOE received a complaint with regard to medical care provided to patient D.E. by Dr. Landrum in November of 2020.

42. Patient D.E. presented to Dr. Landrum on November 4, 2020, for a sinus procedure, specifically a balloon sinuplasty of bilateral maxillary sinus, frontal anterior ethmoidectomy, sphenoid sinuplasty, SMR inferior turbinate with shaver, to remove polyps.

43. She presented with several comorbidities including the "Samsters Triad", and recurrent polyps.

44. Due to her condition, she was not the proper candidate to have the procedure done outpatient.

45. Dr. Landrum either failed to recognize the risk factors or failed to take proper steps to ensure the safety of D.E. by doing the procedure outpatient.

46. D.E. was discharged into her own care home following the procedure.

47. 24 hours later she developed mental status change and presented to the ED at McAlester Regional Hospital with fever, metabolic acidosis, severe sepsis, acute encephalitis, and cellulitis down her neck.

48. Patient D.E. was subsequently intubated and would remain that way for 14 days prior to being sent to an LTACH and eventually discharged home after approximately 1.5 months of inpatient care.

III. VIOLATIONS OF THE ACT

49. Dr. Landrum has violated the Act by:

- a) “engag[ing] in repeated acts of negligence, malpractice, or incompetence[.]
Tit. 59 O.S. § 637(A)(4).

WHEREFORE, premises considered and pursuant to Tit. 59 O.S. § 637 et. seq., Deputy General Counsel, Sean M. Sanders, asks the board find Dr. Landrum violated the Act, and as a result, requests he be allowed to voluntarily relinquish his privileges to perform pediatric Sistrunk procedures and Ordered to attend a CME on “overview of Perioperative Medicine from Outpatient Pre-operative Assessment to Inpatient Post-operative Care” hosted by the Mayo Clinic.

Furthermore, Counsel asks that Dr. Landrum be found responsible for the fees and costs associated with prosecution of his licensure, and/or any other relief the Board finds equitable and just.

Clayton H. Royder, D.O.
Osteopathic Medicine License No. 5009

Respondent.

Case No. 2024-114

PETITION

The Prosecutor for the State Board of Osteopathic Examiners (the “Board”), Matthew J. Becker, states as follows:

1. Dr. Clayton H. Royder, D.O., is the holder of a license to practice as an osteopathic physician in the State of Oklahoma, license number 5009. Dr. Royder primarily engages in the practice of family medicine in the Oklahoma City metropolitan area.
2. Dr. Royder originally received his license to practice medicine in the State of Ohio in 1987.
3. On August 5, 1997, Dr. Royder agreed to a settlement agreement between himself and the State of Ohio while he was running the Town Street Medical Clinic Inc. and Cleveland Morse Road Clinic in Ohio. Dr. Royder was submitting billings to the Ohio Department of Human Services for physical therapy services that were not provided by a licensed therapist. Dr. Royder agreed to a \$90,000.00 reimbursement and paid \$20,000.00 initially with monthly payments of \$1,945.00.

4. On April 14, 1999, the State Medical Board of Ohio (“Ohio Board”) notified Dr. Royder that the Ohio Board had proposed to take disciplinary action against his certificate to practice osteopathic medicine in Ohio. The Ohio Board’s action was based on allegation that Dr. Royder violated the terms of the supervision agreement filed with the Ohio Board on behalf of Scott Thomas Stewart, P.A.

5. The matter was heard on December 13-17, 1999, and January 24-36, 2000, where the Attorney Hearing Examiner, Sharon W. Murphy, proposed an order that Dr. Royder’s license be permanently revoked.

6. On August 3, 2000, the Ohio Board approved the proposed order from the Attorney Hearing Examiner to permanently revoke Dr. Royder’s license and his license was revoked.

7. On November 30, 2001, the Franklin County Court of Common Pleas affirmed the decision of the Ohio Board to permanently revoke his license, upholding the decision by the Ohio Board to permanently revoke Dr. Royder’s license.

8. On December 24, 2002, the Tenth Appellate District of the Ohio Court of Appeals upheld the Franklin County Court of Common Pleas decision.

9. In 2010, Dr. Royder applied for a license from the Board in order to be able to practice osteopathic medicine in Oklahoma.

10. On December 9, 2010, the Board, in public meeting, granted Dr. Royder a license to practice osteopathic medicine in Oklahoma with restrictions.

11. On January 7, 2011, Dr. Royder received his license as an osteopathic physician in Oklahoma from the Board with restrictions of a five (5) year probation amongst other restrictions and requirements.

12. On March 21, 2013, the Board terminated his probation and the restrictions on his license was removed. However, Dr. Royder was formally encouraged on the record to avoid supervision of all mid-level practitioners.

13. Dr. Royder is currently in violation of the Oklahoma Osteopathic Medicine Act (the “Act”), specifically 59 O.S. § 637(A)(2)(a), (A)(2)(b), (A)(2)(c), (A)(2)(d), (A)(2)(j), and (A)(2)(k) which state:

A. The State Board of Osteopathic Examiners may ... suspend or revoke any license issued or reinstated by the Board upon proof that the applicant or holder of such a license:

...

2. Has engaged in the use or employment of dishonesty, fraud, misrepresentation, ... unethical conduct or unprofessional conduct, as may be determined by the Board, in the performance of the functions or duties of an osteopathic physician, including but not limited to the following:

a. obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation; willfully and continually overcharging or overtreating patients; or charging for visits to the physician’s office which did not occur or for services which were not rendered,

b. using intimidation, coercion or deception to obtain or retain a patient or discourage the use of a second opinion or consultation,

c. willfully performing inappropriate or unnecessary treatment, diagnostic tests or osteopathic medical or surgical services,

d. delegating professional responsibilities to a person who is not qualified by training, skill, competency, age, experience or licensure to perform them, noting that

delegation may only occur within an appropriate doctor-patient relationship, wherein a proper patient record is maintained including, but not limited to, at the minimum, a current history and physical,

...

j. failing to furnish a copy of a patient's medical records upon a proper request from the patient or legal agent of the patient or another physician; or failing to comply with any other law relating to medical records,

k. failing to comply with any subpoena issued by the Board[.]

Previous Complaints

14. On March 24, 2016, OSBOE-0316-42, Sylvia Lopez, M.D., a doctor for the Oklahoma Health Care Authority ("OHCA"), filed a complaint requesting that the Board investigate Dr. Royder due to OHCA's findings through their external peer review with their External Quality Review Organization ("EQRO"). After reviewing numerous medical records from Dr. Royder, OHCA terminated their contract with Dr. Royder. This in turn prevented him from taking Medicaid patients after March 23, 2016. The following is an excerpt from the EQRO's findings:

"There seems to be significant evidence in the medical records that overutilization is a major problem. There is a consistent pattern of excessive, medically unnecessary laboratory testing and radiologic imaging. In most cases, they are not even remotely indicated but continue to be reordered by the physician time and time again. Office injections are also very prevalent and do not seem to be necessary."

This complaint was never acted upon by the Board. The case was closed.

15. On September 30, 2016, OSBOE-1016-137, a patient submitted a complaint stating that Dr. Royder's wife and office manager, Mona Royder ("Mona"), was practicing medicine on Dr. Royder's behalf. This complaint was never acted upon by the Board. The case was closed.

16. On November 10, 2016, OSBOE-1216-158, a patient submitted a complaint stating that Dr. Royder's staff requested \$200 for the patient to be seen at his clinic. The waiting room was empty, so the patient went and got his basic vitals measured and was waiting for Dr. Royder to see the patient. After waiting for what the patient considered an unreasonable amount of time, he wanted to leave and wanted his money back. They refused to give it back to him. This complaint was never acted upon by the Board. The case was closed.

17. On October 25, 2019, OSBOE-1019-111, a patient submitted a complaint stating that Dr. Royder's office was charging for services already paid by the patient's insurance company, amongst other complaints of derogatory statements made against the patient in the patient's medical records, and false statements about the patient in said medical records. This complaint was never acted upon by the Board. The case was closed.

18. On October 14, 2021, OSBOE-2021-205, a patient submitted a complaint that the patient requested medical records from Dr. Royder's office and was refused. Former Inv. Zimmer got the records for the patient and sent them to the patient. The case was closed.

19. On December 29, 2023, OSBOE-2023-238, a patient submitted a complaint that the patient requested their medical records from Dr. Royder's office and was denied. The patient received their records after an investigator for the Board had to mediate again. The case was closed.

20. On April 5, 2024, OSBOE-2024-053, a patient submitted a complaint stating that they were a patient of Jennifer Pannell, CNP-APRN, f/k/a Jennifer Rich ("Pannell"), who was working as a nurse practitioner at the clinic from August 25, 2020 to December 11, 2023, that the patient was being refused medical records. Dr. Royder was ordered to give the records. The patient received their records after an investigator for OSBOE had to mediate again. The case was closed.

21. On July 25, 2024, OSBOE-2024-105, a patient submitted a complaint stating that the patient was requesting their medical records and was being refused by Dr. Royder's office. Inv. Freeman went to Dr. Royder's office in person to get the records due to the history of Dr. Royder's office refusing to hand over patients' medical records. Dr. Royder acknowledged that Pannell was no longer an employee of the clinic. Inv. Freeman presented a Board Subpoena to Dr. Royder. Dr. Royder refused to honor and provide the medical records stating that he would not do so until his attorney reviewed the Board Subpoena. Inv. Freeman demanded them right then as per the Board Subpoena. The patient received their records after an investigator for the Board had to mediate again. The case was closed.

Current Action

22. On August 19, 2024, Jennifer Pannell, filed a complaint with the Board stating that she was a former employee of Dr. Royder. She has entered into a management agreement with Dr. Royder and Mona Royder on August 25, 2020 for a term of three (3) years. When she met with the Royders on December 11, 2023 to discuss an extension of the contract, she expressed multiple concerns to the Royders over practice management and financial transparency. After the meeting, the Royders became hostile with her saying she had to sign the contract extension or they were going to sue her. When she refused to sign it, the Royders told all the patients to leave the clinic. Dr. Royder told all the patients they had to leave "because Jennifer was throwing a bitch fit". Pannell realized shortly after that she was locked out of her Electronic Medical Records ("EMR"). Mona told her she would not give her access until she signed the contract extension. Mona also blocked her from being able to treat patients scheduled that day to receive their suboxone prescriptions to her opiate addicted patients and would not allow her to do so until she signed the contract extension.

23. Mona even attempted to withhold her Drug Enforcement Agency Prescription Pad (“Pad”) from her, which prevented her from giving prescriptions for suboxone, until Mona’s legal counsel advised Mona that it was illegal for her to keep it. When Pannell went to pick up the Pad, Mona told Pannell that she could only have it back after she signed a statement that Mona didn’t know that Mona had her Pad. Pannell signed the statement and her Pad was returned. Later in the evening, Pannell was provided a new contract and was told to sign it before coming back to the clinic to work. She refused so she was advised to come back on December 13, 2023 to retrieve her belongings.

24. When Pannell would return on December 13, 2023, she was given some of her personal belongings. Pannell asked Dr. Royder if she could pick up her medication samples and her Vivitrol injections that were being stored at the clinic. He stated that he would need to confirm with the pharmacy board on whether she could take them. While Pannell was on the phone with the pharmacy board, police arrived at the clinic and stated they were called to remove her from the clinic. She was never asked to leave the building and she was removed from the clinic in front of her patients. Pannell’s medication samples and Vivitrol injections were never returned to her. The day that Pannell left the clinic, she had 25-30 Vivitrol injections and one Sublocade injection in the clinic. Multiple patients of Pannell informed her that Dr. Royder was attempting to sell the injections. He was selling them back to the patient’s who had shots in the clinic for \$125. He was also selling the same shots to new patients for \$200. He was attempting to sell shots to patients that were already paid for by their insurance company and was selling shots to new patients that were paid for by another patient’s insurance company. He was also selling the samples issued to Pannell that were never assigned to a specific patient.

25. Mona also told patients at the clinic that Pannell was embezzling money from them and refused to give the patients their vivitrol injection that was prescribed to them with Pannell's name on the injection.

26. After December 13, 2024, she had very little direct contact with the Royders. They continued to refuse her access to her EMR and paper records. Pannell attempted to gain access to these records multiple times without success. This led to her being unable to comply with any record audits and the outstanding audits were deducted from Pannell's reimbursements as a provider adjustment due to lack of documentation on the old claims. They also were giving false statements to one insurance company, United Health Care ("UHC"). One UHC representative told Pannell that UHC was being told by Dr. Royder's office that the Royders had no prior relationship with Pannell. The audit issue was also happening with other insurance companies as well.

27. On January 24, 2024, Pannell was informed that one of Pannell's former patients called Mona for her records but was told to get them from Pannell. Mona asked the patient questions about how she was getting care and who she was receiving the care from currently. When the patient told Mona it was a telehealth appointment with Pannell, Mona told the patient that it was illegal. Pannell's office had to clarify with the patient that it was not illegal. The patient transferred care to Pannell.

28. Dr. Royder during the period from December of 2023 to August of 2024, was ordering labs, tests, medications, etc. under Pannell's name. One in particular on January 22, 2024, showed in her SoonerCare provider portal that she had billed for an office visit and a flu test for a patient. This visit was not performed by Pannell. On June of 2024, Dr. Royder ordered a vivitrol injection for Dr. John Nedza under Pannell's name. This visit was not performed by Pannell. Another visit was billed as Pannell being the ordering provider for a mammogram for a Medicare patient on July

of 2024. This visit was not performed by Pannell. This led to an investigation by Board staff into this matter.

29. On October 7, 2024, Pannell reached out to Inv. Freeman stating that they were getting calls from Humana Insurance stating that Pannell needed to send patient records over for an audit. However, Pannell couldn't get the records because Dr. Royder's office was intentionally being difficult or refusing to provide the records. Inv. Freeman spoke with Kaylee at Humana Insurance. Kaylee informed him that they requested twenty-six (26) patient records and had received all but nine (9) patient records, and Dr. Royder's office stated that they did not have access to the missing nine (9) patient records. Inv. Freeman spoke with Mona about getting those records. Mona stated that that because Pannell was not a direct employee of the clinic, and that Mona was not a Doctor of Osteopathic medicine, that Inv. Freeman had no authority over Mona and that she did not have to turn over the records. This being despite the fact that those records are kept at Dr. Royder's office and that the records belong to Pannell. She stated further that they would not release the records due to Pannell allegedly owing them roughly \$200,000.

30. On November 1, 2024, Inv. Freeman and undersigned counsel met with Pannell and her clinic's staff to discuss the issues in Pannell's OSBOE-2024-114 complaint.

31. On November 6, 2024, Dr. Royder was commanded by the Board to attend a Pre-Hearing Conference on November 21, 2024 for refusing to comply with the Board staff's demands to be given Pannell's medical records for this case to be heard during the December 2024 Board meeting.

32. On November 19, 2024, Inv. Freeman served a subpoena on 4 R Management, LLC, for all of Pannell's paper and electronic medical records.

33. On November 21, 2024, undersigned counsel filed a Motion for Order, requesting the Board order Dr. Royder to produce all medical records, both electronic and physical that were

requested by Pannell, and to appear before the Board to explain why Dr. Royder is consistently refusing to turn over patient and medical provider medical records.

34. On December 3, 2024, undersigned counsel and counsel for Dr. Royder and Mona, Paul Ross, came to an agreement that we would dismiss the Motion for Order and that Dr. Royder would not need to attend the December 2024 Board meeting if Dr. Royder would turn over all physical and electronic medical records belonging to Pannell.

35. On December 6, 2024, Inv. Freeman, Inv. Fullbright, and undersigned counsel went to Dr. Royder's office to retrieve the physical medical records. The electronic records belonging to Pannell needed to be separated from Dr. Royder's medical records packaged up by MicroMD, and we would receive those records when they were ready to be sent to the Board. The physical records were not boxed up in any conceivably orderly fashion.

36. On December 6, 2024, undersigned counsel filed a Motion to Dismiss the Motion for Order without prejudice in a good faith belief that all the physical and electronic medical records would be given to the Board.

37. On December 13, 2024, undersigned counsel reached out to the Royders' counsel, Paul Ross, about the timeline on when to expect the electronic medical records to be sent to the Board. Paul Ross responded on December 17, 2024, by email asking for a call with undersigned counsel about a call in regards to the electronic medical records. He stated further in the email that the segregation of the electronic records would cost \$6,000. Undersigned counsel emailed Paul Ross the same day saying he was free to discuss the matter. Paul Ross never reached out to the undersigned counsel.

38. On January 13, 2025, undersigned counsel reached out to Paul Ross again but never received any further communication from Paul Ross. To this date, the Board has not been given the electronic medical records belonging to Pannell.

39. From December 7, 2024 to present, a review of the physical medical records retrieved on December 6, 2024 show that many of the medical records received were missing documents and that they were altered. There are even medical records missing entirely for Pannell's patients.

40. Dr. Royder has violated the Act by: 1) engaging in dishonesty, fraud, misrepresentation, unethical, and unprofessional conduct in the performance of the functions or duties of an osteopathic physician through fraud, deception, and misrepresentation by willfully overcharging patients, over treating of patients, and charging patients for visits that did not occur or for services not rendered, and practicing medicine under Pannell's name; 2) engaging in dishonesty, fraud, misrepresentation, unethical, and unprofessional conduct in the performance of the functions or duties of an osteopathic physician by using intimidation, coercion, and deception to retain a patient that wanted to transfer care to Pannell; 3) engaging in dishonesty, fraud, misrepresentation, unethical, and unprofessional conduct in the performance of the functions or duties of an osteopathic physician by willfully performing inappropriate and unnecessary treatment and diagnostic tests as found by the OHCA in 2016 as well as times after 2016; 4) engaging in unethical and unprofessional conduct in the performance of the functions or duties of an osteopathic physician by delegating professional responsibilities to Mona who is not qualified by training, skill, competency, age, experience and licensure to perform said responsibilities; 5) engaging in unethical and unprofessional conduct in the performance of the functions or duties of an osteopathic physician by failing to furnish patient medical records upon a proper request from patients, and failing to furnish patient medical records upon a proper request as requested by

Pannell; 6) failing to comply with any subpoena by the Board in refusing to turn over Pannell's records subpoenaed by the Board.
