#### Section 42.8. Requirements for Exemption.

A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. The board of education of the school district shall, through adoption of a resolution, approve the plan prior to application being made to the State board of Education.

B. Each educational improvement plan approved by the State Board of Education shall include the following components:

1. A description of the educational benefits to be derived;
2. A definition of the standards of the plan;
3. Development of definitive work products, such as site improvement plans and progress reports;
4. Demonstration of collaboration by teachers, administrators, higher education representatives, students, parents/families, and the community;
5. Development and the use of an assessment mechanism to determine progress in meeting the goals and objectives of the plan;
6. Development of an in-service training plan to be provided to personnel at the site who will participate in the project;
7. Report on the results of the plan to the State Board of Education and provision of appropriate technical assistance to other school districts and the State Department of Education as required; and
8. Explanation of how the plan will affect other schools, program or sites in the district.

C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. The State Board of Education may grant an exemption from certification requirements for superintendents to any district with an unweighted average daily membership over twenty-five thousand (25,000). Library media Specialist

**A. Reason for the waiver/deregulation request (be specific).**

Our Library Media Specialist retired to pursue a different career in April 2019. We were given a waiver for one year so Mrs. Whitnie Evans could get her classes and certification in LMS. She is lacking three college hours and will finish Fall 2020. Mrs. Evans was employed by Monroe Public School for the 2019-2020 school year and done an excellent job in the library. We would like for her to continue her profession here at Monroe Public School.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Monroe Public School offers their students the opportunity to strive for and achieve success, develop a love of reading and explore the world around them through print, electronic and other media. we offer Kindergarten - 8th Grade one class period a day in the library/computer lab. A disruption in our planned schedule will ultimately affect our student's performance and their time on task in the media room.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

The statutory waiver would allow MPS to keep their schedule that allows all students the opportunity in the media room. Mrs. Evans uses a number of programs to monitor each student's individual learning progress with data derived from Renaissance Learning, Star READING, StarMATH, and our Accelerated Reading Program. Early Literacy is a key component here at MPS and the media lab offers that extra support for the classroom teachers.

**D. Timeline:** (Please submit class schedule, calendars, assessment forms and other attachments as necessary.  
A waiver/deregulation can only be granted for a one school year period)  
**NOTE:** A School District Empowerment Waiver can be for up to 3 years.  
Class Schedule, Calendars, and evaluation forms (attached)

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**  
There would be no financial impact to the district. Mrs. Evans salary is already budgeted and accounted for.

**F. Describe method of assessment or evaluation of effectiveness of the plan.**  
Mrs. Evans collaborated with teachers and integrate literature and information skills into the curriculum to impact student achievement during the 2019-2020 school year. Her influence, skills and strategies made a positive impact on student achievement. MPS collects data from three sources to evaluate student achievement. We use this data for our RSA reports along with individual student portfolios. Teachers and parents have access to these portfolios daily and it helps to monitor student's progress. Mrs. Evans supplies the teachers with all the data for these portfolios.

To whom it may concern,

May 14, 2020

Monroe Public School would like to request a statutory waiver/deregulation for our Library Media Program. In April 2019, our Library Media Specialist retired to pursue a different career. At this time, we have a certified teacher that was given a waiver last year to finish up her classes for Library Media endorsement. She is lacking three hours and would will finish in the fall 2020. She is eager to continue her role in the Library Media program at Monroe Public School. This waiver would allow us to keep our literacy/technical program schoolwide without any major changes.

Respectfully Submitted,

Karen LaRosa, Supt.

To Whom it May Concern:

May 14, 2020

I would like to present my application for a statutory waiver pertaining to the Library Media Specialist position at Monroe Public School. I was given a one-year waiver for the 2019-2020 school year. I am three hours short on my Library Media Specialist endorsement and will have it finished in the fall of 2020. I am confident that my work in the field of education and my enthusiasm for integrating technology and informational literacy into the curriculum will make me a valuable member of their team.

My experiences have prepared me for this position, demonstrating my literacy, educational technology, communication and leadership skills. Most notably, are hands-on teaching experiences, including a full-time teaching position in early childhood education with a Master's degree in counseling.

In addition to my teaching skills, I have a background in public relations, specifically my work with our youth and their families in our surrounding area with River Valley Counselling Services; I learned the value of teamwork, time management, patience and flexibility – all valuable skills I will use when working with the team of teachers to encourage student innovation. I am passionate about instilling a love for reading and learning. I am excited for this new journey in my career and will be dedicated in pursuing continued professional development to further my knowledge and understanding.

I welcome any questions to discuss how my experience and enthusiasm will benefit Monroe Public School and the new Library Media Specialist position. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Whitnie Evans". The signature is written in a cursive, flowing style.

Library Media  
NAME OF WAIVER  
Specialist

A. Reason for the waiver/deregulation request (be specific).

Eric Dabney has been working as the Media Specialist at Orvis Risner Elementary for the 2019-20 school year, under a statutory waiver/deregulation application that was submitted July 9, 2019 by EPS Superintendent, Bret Towne. This is a request to extend that application for another school year while Mr. Dabney completes his final two semesters at the University of Central Oklahoma in Library Media in the Education Program. His expected date of graduation from the program is July, 2021.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Eric Dabney will provide the needed support to the students and staff as he manages the media center. He will teach students how to research and navigate the databases. Mr. Dabney will help students choose books that promote reading for enjoyment and prepare them for the continuous learning through the media the library has available.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Due to the size of Edmond Public Schools, it is imperative that every elementary school has a Media Specialist available to serve our large student body.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.  
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Document(s) are attached from the University of Central Oklahoma stating Mr. Dabney's completion of his first year of study in the Library Media program, as well as his current enrollment to begin in the Fall of 2020.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

I do not foresee any financial impact to the district.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Mr. Dabney will be evaluated based on the district's TLE Evaluation tool.

To Whom It May Concern:

My name is Eric Dabney. I have been approved by the school board of Edmond Public Schools, pending a certification waiver to continue as the librarian / media specialist at Orvis Risner Elementary School for the 2020-2021 school year. My intent is to serve as the librarian while I complete my Masters in Library Media through the University of Central Oklahoma. I hold a current state teaching certificate and Masters in Education, and my projected graduation from the Library Media program is May, 2021. Please let me know if you need further information.

Sincerely,

A handwritten signature in black ink that reads "Eric Dabney". The signature is stylized with a large, sweeping "E" and a long horizontal line extending from the end of the name.

NAME OF WAIVER Specialist

A. Reason for the waiver/deregulation request (be specific).

Sunset Elementary had a Media Specialist position open for the 2019-2020 school year. After many interviews, Sarah Shackford was the best candidate for our position. Ms. Shackford has one more year of study at East Central University in the Library Media in Education field and she will graduate in May, 2021.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Ms. Sarah Shackford will provide needed supports to students as she visits classrooms, and as classes circulate through the library. She will teach them about library resources that are available to support thier learning now and in their future educational endeavors.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Due to the size of our district, it is imperative that we secure a full time librarian for our site. We have many diverse needs and she can help support them in a variety of ways that can have a positive impact on student performance.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.  
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

A transcript is attached as well as a letter from Ms. Shackford documenting her enrollment and expected graduation day of May, 2021.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

I do not foresee an financial impact to the district.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Ms. Shackford will be evaluated based on the District's TLE Evaluation Instrument.

NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

We are requesting the waiver to allow my teacher, Kathryn Williams, one year to complete her Library Media Specialist Certification. Mrs. Williams is half way through with the Library Media in Education program at the University of Central Oklahoma. Mrs. Williams is currently certified in Early Childhood, Elementary Education, and Mid-Level English. She previously taught English for two years and has been teaching literacy for the last six years. We are requesting the waiver for the 2020-2021 school year, so that we are in compliance with Accreditation Standards in this area.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

The proposed plan, with this waiver, is to allow Mrs. Williams to oversee the operation of the Summit Media Center for the 2020-2021 school year. In fulfilling this role, Mrs. Williams will work collaboratively with school administration and staff to develop a media center that supports curriculum, offers a wide variety of materials, provides current information by integrating new technology, allows students regular access to books, provides opportunities to work with teachers to create and present lessons, and includes a collection that is relevant and current.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

The Summit Media Center plays a vital role in our school wide reading improvement plan as well as promoting students' independent reading, research skills, and integration of technology in learning. We are recommending Mrs. Williams for the Library Media position because her background experience as an English and literacy teacher has allowed her to gain the knowledge, skills, and understanding of comprehensive well-developed media center program. The trust and relationships that Mrs. Williams has established with our staff, as a teacher, will further promote the use and collective vision we have for the Summit Media Center.

**D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.**

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

With the waiver, our plan is to have our literacy classes visit the library once a week for book talks and to check out independent reading material. The Summit Media Center will be open from 7:30am-3:00pm M-F for students and teachers to access materials. Each nine week, Mrs. Williams will plan with teachers from each grade level for special projects, research papers, or STEM related co-curricular activities that can be supported through the library. Summit will follow recommendations found in the Research Journal of the American Association of School Librarians.

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

The financial impact to the District is neutral for the propose of this waiver.

**F. Describe method of assessment or evaluation of effectiveness of the plan.**

Throughout the time of this waiver, Mrs. Williams will be evaluated on a annual basis. Mrs. William's job performance will be evaluated using the TLE for the library/ media teacher. We will use walk through data collected bi-weekly, to evaluate Mrs. Williams and provide feedback. We will also collect survey data from staff and students regarding the ease of use and impact of the library media center. Part of the survey will include collecting ideas or suggestions for materials and activities that the library media center can help support.

Library Media  
NAME OF WAIVER SPECIALIST

**A. Reason for the waiver/deregulation request (be specific).**

Requesting waiver for 70 O.S. § 3-126 - Library Media Specialist/waive certification only - teacher attending college/university to obtain Library Media Specialist certification. This is to allow Mrs. Ally (Nash) Schreck to obtain her Library Media Specialist degree and certificate while operating the Media Center. Mrs. (Nash) Schreck is a certified Mid-Level English Teacher. This will allow the district to meet Accreditation Standards in this area.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

The alternative plan, with a waiver for O.S. 70 3-126, will allow Cimarron to have a Leader, Teacher and Instructional Partner, Program Manager, and Information Specialist in the area of the Media Center. In fulfilling these roles, as the Media Specialist, she is responsible for working collaboratively with school administration and staff to develop a program that supports the curriculum; provide instructional leadership for the teaching of literacy skills; develops and maintains a media center collection rich in both print and non-print materials; and manages the Media Center as a flexible, multi-task learning environment.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

The Media Center is a core component of our reading and instructional program. The recommendation of Mrs. Ally (Nash) Schreck is because she works diligently to help students grow and learn in support of the site improvement plan. Mrs. (Nash) Schreck is excited to continue her education and meet the needs of our young men and young women.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.  
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

The alternative plan, with a waiver for O.S. 70 3-126, will have our students attending the Media Center once a week through Literacy based classes. At other times there will be facilitated classroom visits led by Mrs. Ally (Nash) Schreck. Cimarron will follow many of the recommendations found in the School Library Media Research from the Research Journal of the American Association of School Librarians.

The Media Center is generally planned to open M-F 7:30-3:00pm.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The financial impact to the District is neutral for the proposed waiver.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Throughout this time and the career of Ally (Nash) Schreck on an annual basis, we will use survey data regarding the "Teacher Role of the Library Media Specialist," "Instructional Partner Role of the Library Media Specialist" and "Initiation of Collaboration." Questions related to the above on a 5 point Likert Scale presently noting the surveys by Audrey Church from pp. 30-34.

Attn: Accreditation Standards Division

I am applying for Library Media Specialist as a teacher obtaining their LMS degree and certification.

Starting in June 2020 I will be attending Oklahoma State University pursuing a M.S. in Educational Technology-School Library Media. It is a two year program, with a planned graduation of Spring 2022.

During the Summer of 2020 I will be taking "Teaching Reading with Literature" and "Mobile Learning." "Teaching Reading with Literature" is a class required for the Library Media portion of the degree. "Mobile Learning" is considered an elective course for three of the nine required elective hours. In addition to the summer courses, I have already enrolled in one course for the Fall of 2020. I will be taking "Selection & Organization of Educational Resources." Which is another class required for the Library Media portion of the degree. All are three hour graduate level courses. ("Foundations of Educational Technology" has not opened enrollment yet for the Fall of 2020. I will be enrolled in it as well, as soon as it opens.)

Proof of enrollment is attached, as well as my current plan of study.

Sincerely,

Allyson Blair Nash Schreck

Library media  
NAME OF WAIVER Specialist

**A. Reason for the waiver/deregulation request (be specific).**

Due to the shortage of Media Specialists applicants, Tabitha Still is the most qualified for this position! She is currently a media specialists in Norman Public Schools. Her references are outstanding, and she is a good "fit" for Centennial Elementary. We feel very fortunate to find someone as qualified as Tabitha to be our new library media specialist!

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Because of Mrs. Still's qualifications, students will benefit both emotionally and academically. Tabitha feels the media center should be the hub of the school.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

There should be no negative educational impact on Centennial or any other schools within the District by hiring Tabitha Still.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.  
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There should be no financial impact to Edmond Public Schools other than to pay a certified media specialist's salary.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Mrs. Still will be evaluated equivalent to all certified teachers within the District.

Good afternoon,

I am currently enrolled at OU for my Masters in Library Sciences with an anticipated graduation date of Dec of 2021.

Currently I am taking for 6 hours for Spring 2020 and 6 hours for Summer 2020.

Thank You,

Tabitha Still

*Library Media Specialist*

NAME OF WAIVER

**A. Reason for the waiver/deregulation request (be specific).**

Oklahoma City Public Schools is seeking statutory waiver(s) for exemption to certification for library media specialists due to a lack of certified candidates. The District is committed to meeting the Oklahoma State Standards and the mandates of HB 1017. All school sites have allocations for media assistants and specialists that comply with Accreditation Standard VII. Unfortunately, enough certified candidates do not exist in the Oklahoma City area. The District seeks permission to hire certified classroom teachers and college graduates with library experience/education, to work as library media specialists. These employees serving in library positions without the benefit of library media certification will hereafter be referred to as paralibrarians. Every candidate will be required to be actively working toward library media certification. Paralibrarians will be paired with certified librarians who serve as mentors and consultants.

**B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.**

Oklahoma City Public Schools is seeking fully certified library media specialists (LMS), for vacancies. In cases where a quality LMS is not available, library services to students will be provided by alternative means. We intend for the following plan to help develop our own specialists by hiring quality certified teachers or college graduates with library experience, requiring enrollment in graduate school, and providing support for services through certified library consultants/mentors. The following strategies will be used:

- \* Paralibrarians will be hired only in instances when a quality certified LMS cannot be found.
- \* Each paralibrarian will be paired with a mentor LMS who will provide support.
- \* Paralibrarians will be required to be enrolled in a graduate program actively working toward LMS certification.
- \* Meetings and/or training seminars will be provided and required for paralibrarians.
- \* Library media activities will be developed at each site to ensure provision of quality services.

**C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.**

- \*Each elementary, middle, and high school will be served by a certified LMS and a media assistant or a paralibrarian and a media assistant. Staffing recommendations of the Media Program (OAC 210:35-5-71) based on school enrollment will be followed.
- \*Students and staff at all sites will have access to library programs, services, and resources for a minimum of 6 hours each regular school day.
- \*Each candidate for the position of paralibrarian will demonstrate progress toward the appropriate degree and/or certification requirements.
- \*The district follows the information literacy standards for student learning for all school library media programs as defined by the American Association of School Librarians and the American Library Association as set forth in the 2007 publication Standards for the 21st-Century Learner.
- \*Paralibrarians will receive assistance and support on a regular basis through site visits by the director of library media and mentor LMS, communication with the director and mentor LMS, and meetings and/or training seminars.

**D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.**

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

\*Paralibrarians will be encouraged to enroll in at least three credits per semester, completing certification requirements in a three to four year period.

\*Oklahoma City Public Schools request the Statutory Waiver for one year.

**E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.**

N/A

**F. Describe method of assessment or evaluation of effectiveness of the plan.**

\*Principals of schools employing a paralibrarian will complete the district's current teacher evaluation tool in order to collect data regarding the performance of the employee.

\*The paralibrarian will complete an evaluation tool designed to assess the effectiveness of the district provided professional development activity.

\*Paralibrarians will complete an end-of-the-year report designed to assess the effectiveness of the library media program.

\*Mentors will log contact with paralibrarians.

\*Human resource records will track graduate courses completed.

\*\* You will be contacted if more information is needed to process this request.

To Whom It May Concern:

This letter is to inform you that I am voluntarily working as a library media specialist for Oklahoma City Public Schools under a statutory waiver granting an exemption of certification for library media specialists. In accordance with my educational plan, I am also voluntarily enrolled in university classes pursuing library media certification. Thank you.

Sincerely,

Dear Director:

Attached please find a statutory waiver application of exemption from library media specialist certification requirements for three schools: Buchanan ES, Hawthorne ES, and Nichols Hills ES. This statutory waiver seeks permission to hire a certified teacher, currently working towards library media certification, to function as library media specialists in the school.

Oklahoma City Public Schools Library Media Program has benefited greatly from the previous statutory waivers. This statutory waiver is seeking an exemption of certification for each library media specialist to serve one school for one year.

With your advice and consent, we would appreciate your presenting this statutory waiver application to the State Board of Education for the review and action. Thank you for your assistance and support.

Sincerely,

Dr. Sean McDaniel  
Superintendent of Schools
