

Western Heights

indicators where we need more information:

PPR8b – Mandatory Disclosure of Violations: Even if there have been no violations, please submit a statement to that effect.

SID8a – Title IV Consultation: Even if all Title IV funds are consolidated, there should be some sort of consultation among school leadership to determine that consolidation is the best use of those funds. Here we would like some record of such a meeting.

PNASE 13a – Services to Homeless students: The documents provided are both from FY20. Have you had any expenditures in FY21? If so, please send sample documentation.

PNASE22a – Instructional Opportunities for Immigrant Students: Even if funds are consolidated, the requirements of the title program must still be met. Please provide evidence of instructional opportunities for Immigrant students. These will probably overlap with opportunities for English Learners.

PFE1c – Parent Notification Letter (language other than English): This document is missing.

PFE12-13 – Notifications and Activities for Immigrant Students: These documents are missing. These will probably overlap with notifications and activities for English Learners.

CA1a-i – CARES Act/ESSER Funds: No documentation was submitted for this section.
