3. STATE SUPERINTENDENT REMARKS:

Superintendent Walters began his remarks by providing an update on teacher recruitment numbers since July of 2024. The data will not be finalized for another month or two, but Oklahoma has recruited approximately 4,000 new teachers. The Superintendent furthered his remarks by highlighting massive efforts to recruit the best teachers for Oklahoma.

Superintendent Walters made comments regarding continued Summer School Programs that have been showing success across the state.

Superintendent Walters also highlighted the steps that his administration is taking to provide relief to Oklahoma families regarding the funding of school meals. Superintendent Walters expressed the need for a solution that prevents parents from being triple taxed on school meals. Superintendent Walters stated that this is not a funding problem, but it is a spending problem as school districts are failing to provide these meals to students. The Board Members discussed the new requirements by Walters's administration with the Superintendent.

Superintendent Walters also shared his concerns regarding the standards of California and New York, as teachers are moving from such places to Oklahoma. The Superintendent is now requiring those teachers to expressly align with Oklahoma standards and values. The Board Members also discussed the existing requirements of teachers.

STATE BOARD OF EDUCATION MEETING

Thursday, September 25, 2025

70 O.S. § 6-187

Nothing in the Oklahoma Teacher Preparation Act shall restrict the right of the State Board of Education to issue an emergency or provisional certificate, as needed. Provided, however, prior to the issuance of an emergency certificate, the district shall document substantial efforts to employ a teacher who holds a provisional or standard certificate or who is licensed in the teaching profession. In the event a district is unable to hire an individual meeting this criteria, the district shall document efforts to employ an individual with a provisional or standard certificate or with a license in another curricular area with academic preparation in the field of need. Only after these alternatives have been exhausted shall the district be allowed to employ an individual meeting minimum standards as established by the State Board of Education for the issuance of emergency certificates.

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: Ryan Walters, State Superintendent of Public Instruction

DATE: August 28, 2025

SUBJECT: FY 2026 Shared Superintendent Salary Assistance Application

Attached is a report listing the Shared Superintendent Salary Assistance application submitted pursuant to 70 O.S. § 7-203 for the State Board to review. These districts have both entered into contracts with a shared superintendent and are requesting fifty percent (50%) assistance of the salary or wages for not more than three (3) consecutive years or no more than one hundred fifty thousand dollars (\$150,000). The funding for qualified application will be from the School Consolidation Assistance Fund, paid in four (4) quarterly installments.

This is the second and last year for both Eufaula Public Schools, which is sharing a superintendent with Carlton Landing Academy Charter School. They received \$100,000 of their Shared Superintendent Salary Assistance during FY 2025, which only leaves \$50,000 available for FY 2026 assistance.

<u>District</u>	<u>County</u>	<u>Total Shared Superintendent State Paid Benefit</u>	<u>Year</u>	<u>Congressional District</u>

Reference: Project 511

This letter is in reference to a claim that has been submitted after the deadline on Project 511 for Talihina Public Schools.

Our encumbrance clerk Sharon Wren that was doing the federal claims for our school suddenly passed away on 5/24/25. The other two employees that we had on staff were unfamiliar with the federal claims. Mrs. Wren also did the accounts payable and the payroll. Due to the extreme amount of unfinished work that was found at the time of Mrs. Wren's death. The school has worked extremely hard to catch up this work. We apologize for the delay in this claim.

Oklahoma State Board of Education

2500 North Lincoln Boulevard Suite 210

Oklahoma City, OK 73105-4599

Honorable Members of the Oklahoma State Board of Education, I am writing this request on behalf of Coyle Public Schools as a request to accept the late claims submitted for the Oklahoma Comprehensive Literacy Grant through the Division of Academic Affairs. The claims were to be filed by August 1st and were completed today.

Unfortunately, these were late due to the speed and detail of this first submission while working with new vendors trying to get it correct. This, combined with the fact that in May we had a General Contract back out of our cafeteria remodel and my Administrative Assistant and I took on that project over the summer serving as the project managers.

We both apologize for the inconvenience this has caused and will make every effort in the future for this not to happen again. Thank you for your consideration in allowing this claim to be processed.

Sincerely,

Colby W. Cagle
Superintendent

MEMORANDUM

TO: The Honorable Members of the State Board of Education
FROM: Ryan Walters, State Superintendent of Public Instruction
DATE: August 28, 2025
SUBJECT: Recommendations to award Oklahoma Classroom Learning and School Supplies (CLASS) Grants

The Public School Classroom Support Revolving Fund has \$35,000, which includes a generous \$10,000 donation from the Oklahoma Department of Commerce. The State Board of Education is authorized to award one or more grants annually to classroom teachers from funds available in the Public School Classroom Support Revolving Fund. Each grant awarded shall be used by the grantee teacher/teachers to purchase supplies, materials, or equipment for their class or classes.

400 applications were submitted for the CLASS grant, each ranging from \$1000 to \$5,000. A committee reviewed all applications and selected 7 to recommend to the State Board of Education. The recommended applications total \$\$26,915.29. To ensure the continuing availability of the grant program, funded by taxpayer donations that vary annually, the total amount available in the Public School Classroom Support Revolving Fund may not be awarded during a single year.

Bartlesville Public Schools: Jonathon Miller is a 4th grade teacher from Wayside Elementary. He is requesting \$1,927.50 to enrich fourth-grade student learning in spelling and mathematics by incorporating engaging, hands-on educational games, manipulatives, and Sequoyah books into the classroom. These interactive tools will make abstract concepts more accessible, foster number sense, boost retention through spelling activities, and promote critical thinking, problem-solving, teamwork, and respectful peer interactions. The inclusion of Sequoyah books will deepen students' connection to Oklahoma's literary heritage and encourage collaborative discussions. Additionally, funding for organized storage solutions will preserve materials, maintain a clutter-free environment, and ensure the sustainability of this innovative learning setup for future years.

Blair Public Schools: Alison Martinez from Blair Elementary School is seeking \$4,994.27 to establish a hands-on STEM classroom that advances academic recovery, fosters engagement, and ensures access to real-world learning. By outfitting the space with flexible furniture, multimedia tools (green screen and video camera), Makey Makey circuitry kits, Sphero robotics kits, maker tools and workbenches, and differentiated task cards. Her classroom will support student-centered instruction in science, technology, engineering, and mathematics. Students will collaborate, explore, design, and communicate through inquiry-based learning that builds digital literacy, design thinking, and problem-solving skills. This initiative will transform instruction, enhance core teaching, and create a vibrant STEM lab where every student can participate, create, and succeed.

Lawton Public Schools: Kristi Giordano is a Special Education teacher at Pat Henry Elementary. Kristi is requesting \$4,699.44 to improve learning outcomes for approximately 130 students in ten self-contained special education classrooms at Pat Henry Elementary (seven Autism and three ED classrooms) by providing sensory-based seating solutions, such as wobble chairs and foot swings, which have been shown to reduce stress and increase focus. These

accommodations not only support extended attention spans but also help minimize disruptive behaviors that can affect the entire classroom. Funding this grant will allow all special education classrooms to access these evidence-based tools and create a more supportive and productive learning environment.

Lexington Public Schools: Bridget Johnson at Lexington Middle School is requesting \$4,976.76 to support the launch of a full-time STEM program with Career Tech for the 2025–26 school year by upgrading essential 3D modeling and printing capabilities. With new software (Autodesk Fusion360) already secured, the program now requires desktop workstations (not compatible with Chromebooks), a high-speed multi-color 3D printer, a 3D scanner for object duplication and modification, and graphics tablets for enhanced precision design. These tools will empower students to create detailed 2D and 3D designs for use in robotics, engineering prototypes, and cross-curricular projects, including science models, historical artifacts, math manipulatives, and literature-based creations.

Little Axe Public Schools: Avery Thompson at Little Axe High School (a Title I institution) is seeking \$1,345.32 to upgrade the yearbook program. Currently the yearbook program relies on outdated camera gear that yields low-quality photos, diminishing the vibrancy and visual impact of our school. Securing grant funding for modern, high-performance cameras and essential accessories will empower students to produce professional-grade yearbook content, enhancing technical skills, fostering creativity, and building school pride. This upgrade will elevate visual storytelling, boost student and family engagement, and increase yearbook sales, which will generate the vital revenue needed to sustain and grow the program.

Muskogee: Vickie Johnson at Rougher Alternative Academy is requesting \$3,985.00 to launch the Literacy Empowerment Initiative to re-engage 9th–12th grade students by connecting literacy to real-life experiences. This multifaceted program includes interdisciplinary novel studies that

integrate literature into subjects like social studies, science, math, and art, enhancing critical thinking and contextual learning. Students will also create and professionally bind original children's books for elementary partners, fostering authorship, empathy, and a sense of accomplishment. By strengthening their Multitiered Support System (MTSS) with structured literacy practices, diagnostics, and small-group instruction they will be able to provide targeted remediation.

OKCPS: Kelli Paul teaches 12th grade at Emerson-South Mid-High School. Kelli is requesting \$4,987.00 to establish a dynamic Multimedia English Language Arts (ELA) Studio aimed at enhancing student engagement and academic achievement. The proposed studio will integrate technology such as iPads, green screen kits, microphones, and multimedia software into the ELA curriculum, enabling students to create and collaborate through video and digital storytelling projects. This initiative is designed to support differentiated learning, foster critical thinking, and provide multiple modes of expression, including English Language Learners (ELLs) and students with special needs. By transforming traditional ELA instruction into a project-based, multimedia-rich environment, the program aims to improve literacy skills and inspire a passion for learning among students facing unique academic and behavioral challenges.
