To Whom It May Concern,

I am writing on behalf of Tulsa Legacy Charter School to request an exemption from the requirement to use certified teachers to administer state testing. As a charter school, Tulsa Legacy is not mandated to hire standard-certified teachers and instead employs E-certified teachers.

While we acknowledge the importance of ensuring qualified personnel oversee state testing, our E-certified teachers possess the necessary qualifications and expertise to administer these assessments effectively. They undergo rigorous training and professional development to ensure compliance with state standards and testing protocols.

Granting this exemption would allow Tulsa Legacy Charter School to continue utilizing its highly skilled E-certified teachers while maintaining the integrity and accuracy of state testing procedures. We are committed to upholding the standards of excellence in education and appreciate your consideration of this request.

Thank you for your attention to this matter. We look forward to your favorable response.

Sincerely,

Carolyn A. Statum, M.Ed
