Resource Management (Continued)

Requirement #4 Breakfasts and lunches sold to teachers, administrators, custodians and other adults priced so adult payment in combination with any per-lunch revenue from other sources designated specifically for support of adult meals sufficient to cover overall cost of the lunch.

Finding: Non-Certified staff are charged less than required amount. Tracking was completed, but difference was not paid by General Fund. Technical assistance was provided in October.

Corrective Action Required: Corrected prior to on-site review; no additional action needed.

Requirement #5 SFA served adult meals at non-pricing sites and/or served adult meals free of charge to adults not directly involved in the meal service; determine how the nonprofit school food service was reimbursed in full for the cost of all adult meals served. SFA's process for recovering the full cost of adult meals served is sufficient. Finding: Substitute teaching staff is not charged for meals. Tracking was completed, but difference was not paid by the General Fund. Technical assistance was provided in October. Prior to on-site review, correction was made and Child Nutrition was made whole.

Corrective Action Required: Corrected prior to on-site review; no additional action needed.

Requirement #9 -10 SFA correctly calculate its nonprogram revenue ratio and its food cost ratio. SFA found that its revenue ratio was less than its food cost ratio and SFA took additional steps to adequately resolve the problem.

Finding: Due to inaccurate food cost amount calculations, revenue ratio appears to be less than food cost ratio. Technical assistance was provided in proper food cost calculations. Therefore, the ratio problem is resolved with proper amounts calculated. Corrective Action Required: Ensure non-program revenue ratio is more than food cost ratio by using OCAS worksheet.

Comments/Recommendations:	
CORRECTIVE ACTION REQUIRED TO BE COMPLETED	BY(§210.18[j][2]):
CORRECTIVE ACTION DOCUMENTATION REQUIRED IN	N STATE AGENCY BY (§210.18[K][1]):
