

Strong Readers Act

Summer School Recommendation

To the Parents/Guardians of _____,

In accordance with the Oklahoma Strong Readers Act, every student in grades kindergarten through third grade is assessed at the beginning, middle, and end of each school year to determine the child's reading proficiency level. Your student's most recent scores on these assessments are:

Assessment	Current Reading Performance

As a result, your student is demonstrating a risk for reading difficulty. In order to support your student, a Student Literacy Intervention Plan (SLIP) was developed to address these reading difficulties. This plan was discussed with you in _____(MM/YYYY).

In efforts to continue this support, we are recommending that your student attend our summer reading program. By participating in this program, your student will continue to receive targeted instruction to address the areas of concern.

Please expect further communication regarding the dates and times of the program in the coming weeks. Thank you for your support of your student's education.
