# OKLAHOMA STATE TEXTBOOK COMMITTEE

October 2, 2026

The Oklahoma State Textbook Committee (STC) held its Regularly Scheduled Public Hearing meeting on Friday, October 2, 2026.

Committee Chair Designee Roni McKee called the meeting to order at 10:06 a.m.

The Committee Chair Designee led the Pledge of Allegiance, the Salute to the Oklahoma State Flag, and observed a moment of silence.

Agenda Item 3: **Roll and Determination of Quorum**.

The committee members who were present:

- Zena Lewis
- Sarah Miller
- Amanda Meadows
- Traci Richardson-McVicker
- Ashley Leming
- Diann Magnus
- Krystal Williams
- Committee Chair Designee Roni McKee

The committee members who were absent:

- Lauren Deaton
- Mark Stone
- Michelle Redus
- Michelle Wagner

Roll was called, and a quorum was established by Shanda Finnell.

Agenda Item 4: **Welcome and Determination of Compliance with Open Meeting Act** – Roni McKee, State Textbook Chair Designee

Compliance with the Open Meeting Act was confirmed by Shanda Finnell.

**ACTION ITEM 5:** Discussion and possible action on the minutes from the July 2026 regular meeting.

Ashley Leming made a motion to accept the minutes from July 2026, Publishers meeting. Traci Richardson-McVicker seconded the motion. The vote was called. Yes – eight (8) – Zena Lewis, Sarah Miller, Amanda Meadows, Traci Richardson-McVicker, Ashley Leming, Diann Magnus, Krystal Williams, and Chair Designee Roni McKee. No – zero (0). The motion passed.

Agenda Item 6: PRESENTATION (No action to be taken) – Public hearing on textbooks under consideration. 70 O.S. § 16-102.1 OAC 720:10-5-2

Diann Magnus made a motion to adjourn. Krystal Williams seconded the motion. The vote was called. Yes – eight (8) – Zena Lewis, Sarah Miller, Amanda Meadows, Traci Richardson-McVicker, Ashley Leming, Diann Magnus, Krystal Williams, and Chair Designee Roni McKee. No – zero (0). The motion passed.

# Oklahoma State Textbook Committee Textbook Adoption

November 20, 2026

OKLAHOMA Education

# Purpose

- To ensure Oklahoma schools and students have access to high-quality instructional materials in accordance with 70 O.S. §16-102 by voting to approve instructional materials in the subject areas of **Social Studies, Science, and Out-of-Cycle: Early Childhood/SPED and Personal Financial Literacy.**

- Reviewers from all five congressional districts completed a fair, rigorous review to present findings for the State Textbook Committee's consideration.

# Textbook Adoption Guidelines

- The Committee verifies that the review process was conducted fairly and adopts a final rating for each textbook. *70 O.S. § 16-102 (H)*

- The Committee may consider, but is not required to accept, the review teams' recommended ratings. *70 O.S. § 16-102 (G)*

- Only textbooks rated **Exemplifies Quality** or **Approaching Quality** can be added to the state-approved textbook list. *70 O.S. § 16-104*

# Approved Titles

- Approved textbook titles are shared with districts through the biweekly OSDE newsletter and posted on the OSDE website.

- State textbook funds can be used to purchase materials from the state-approved titles list.

# Content Review Teams

# Subject Matter Experts

- Review teams are made up of subject matter experts from across Oklahoma, who evaluate instructional materials.

- The **application** for selecting these experts, as required by 70 O.S. § 16-102, was approved by the State Textbook Committee on 2/6/2026.

- Content reviewers are selected **through a rubric-based process** to ensure fairness and consistency in reviewer selection.

# Review Teams 2026

- **Social Studies – 7 Review Teams**
- **Science – 6 Review Teams**
- **Out-of-Cycle – 2 Review Teams**

# Review Team Timeline

- Gateway 4 is reviewed throughout each gateway.

# Textbook Review Rubric

OKLAHOMA Education

# Subject-Specific Evaluation Rubrics

The State Textbook Committee, in consultation with the State Department of Education, adopts rubrics to evaluate materials. Those rubrics are content-specific and were adopted for this cycle at the February 2025 meeting. *70 O.S. § 16-102*

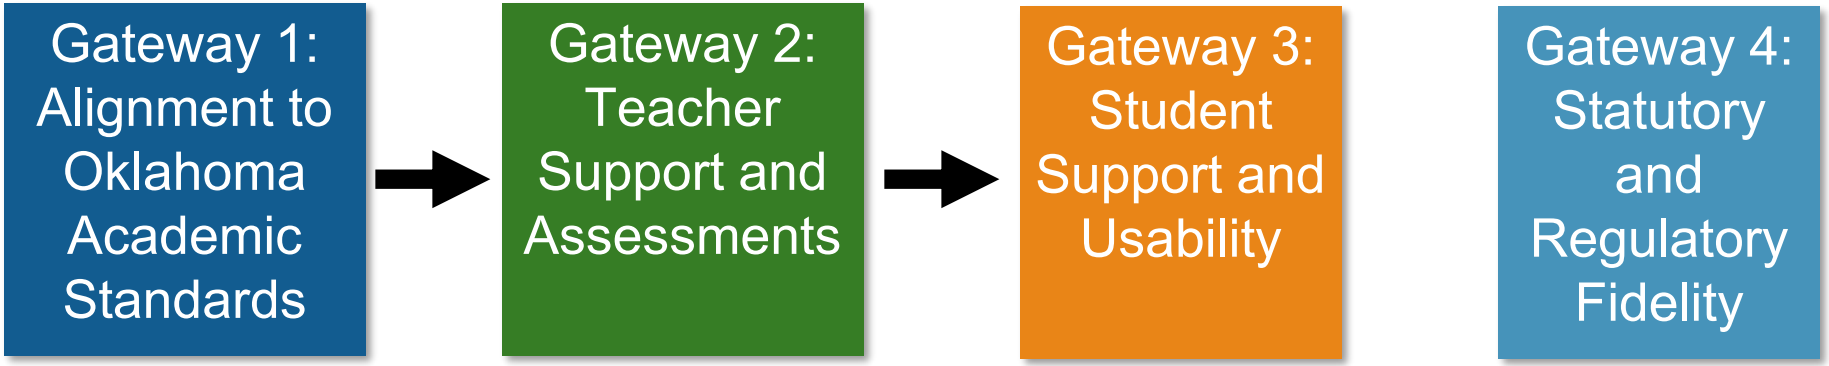

Each rubric uses a three-tiered rating system:

- **Exemplifies Quality**
- **Approaching Quality**
- **Not Representing Quality**

OKLAHOMA Education

# Oklahoma Rubric Structure: 4 Gateways

- Each publisher's product is reviewed for alignment with standards, support for the teacher, and support for learners.
- Each Gateway requires **approaching quality** or **exemplifies** quality to proceed through the subsequent gate.

# Gateway Criteria: Thorough Review

**Content Specific**

**Multiple Criterion**

Ex: Computer Science

- Criterion 1.1
- Criterion 1.2
- Criterion 1.3

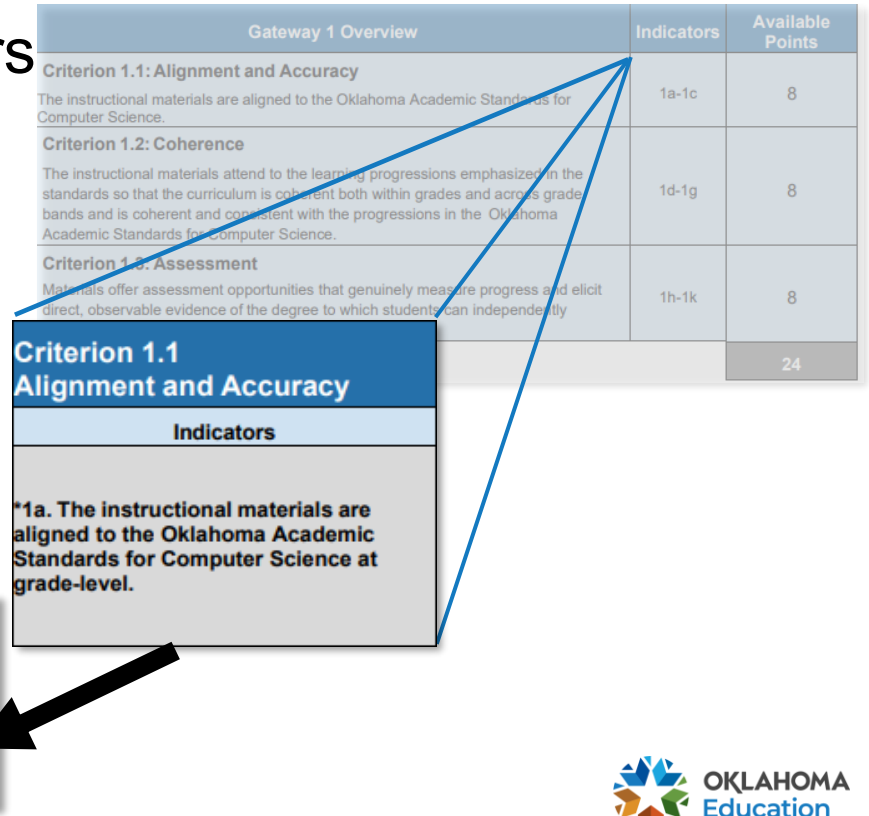

| Gateway 1 Overview | Indicators | Available Points |
|---|---|---|
| **Criterion 1.1: Alignment and Accuracy**<br>The instructional materials are aligned to the Oklahoma Academic Standards for Computer Science. | 1a-1c | 8 |
| **Criterion 1.2: Coherence**<br>The instructional materials attend to the learning progressions emphasized in the standards so that the curriculum is coherent both within grades and across grade bands and is coherent and consistent with the progressions in the Oklahoma Academic Standards for Computer Science. | 1d-1g | 8 |
| **Criterion 1.3: Assessment**<br>Materials offer assessment opportunities that genuinely measure progress and elicit direct, observable evidence of the degree to which students can independently demonstrate the assessed standards. | 1h-1k | 8 |
| | | 24 |

OKLAHOMA Education

# Gateway Criteria: Thorough Review

- Criterions have multiple indicators
- Indicators have at least one guiding question
- Multiple areas are scored throughout a gateway.

# 2026 Adoption Review Results

The State Textbook Committee (STC) meets as needed, with at least two weeks' notice, to select textbooks for PreK–12 subjects for up to six years. Working with the Oklahoma State Department of Education, the STC assembles review teams of subject experts who evaluate materials using a **rubric** that measures alignment to standards and instructional quality. The STC considers the evaluations and recommendations of the review teams but retains final authority to assign ratings, which are made publicly available on its website. An approved list of textbooks and instructional materials is also published on the OSDE website. 70 O.S. § 16-102. Full rubrics are available for reference within the Google Reference folder.

OKLAHOMA STATE DEPARTMENT *of* EDUCATION
OFFICE OF SPECIAL EDUCATION SERVICES

To: Textbook Committee
From: Office of Special Education Services
Re: Alternate Standards Curriculum
Date: November 20, 2026

The ESSA permits states to adopt Alternate Academic Achievement Standards for students with the most significant cognitive disabilities, as long as they are aligned to the state's content standards. Over a decade ago, Oklahoma adopted alternate academic achievement standards. In Oklahoma, students who are assessed through the Oklahoma Alternate Assessment Program (OAAP) are taught to Oklahoma-adopted alternate achievement academic standards, which are aligned to the Oklahoma Academic Standards. 2025-2026 OAAP proficiency rates for 4th, 8th, and 11th grade reading and math fall between 12% and 38%. This proficiency rate is unacceptable.

These proficiency rates indicate that instruction for this population of students is inadequate. Across the state, we have identified that most districts lack curriculum for this group of students, which is a contributing factor to poor student outcomes. It is reported that districts do not have funding to purchase these materials and teachers often construct fragmented curricula that lack standards alignment and rigor. Teachers need to be afforded concrete tools and explicit curriculum to improve the outcomes of students with significant cognitive disabilities. The state's current six-year cycle leaves this population of students isolated from the state's high-quality instructional materials (HQIM). Additionally, districts are unable to access grants for purchasing curricula because evaluations of high-quality materials are required for grant participation. Without this approval, classrooms will continue using unaligned, non-vetted, and supplemental materials instead of HQIM. State-approved comprehensive materials ensure that the most vulnerable learners are taught with evidence-based, validated tools.

A review of publicly available state instructional materials adoption and approval processes has not identified another state that explicitly reviews and evaluates comprehensive curricula designed for students accessing alternate academic achievement standards within its regular statewide HQIM or textbook adoption cycle. While some states incorporate special education criteria into their general instructional materials reviews, this is distinct from evaluating comprehensive curricula specifically designed for this student population. We respectfully request that the State Textbook Committee approve an adoption of alternate-standards HQIM within Oklahoma's textbook adoption cycle. This would establish a formal statewide process for evaluating and approving these materials and position Oklahoma as a leader in this area.
