

70 O.S. § 18-201.1 - Teacher Index Calculation

4. The weighted teacher experience and degree calculation shall be determined in accordance with the teacher experience and degree index. The State Department of Education shall determine an index for each state teacher by using data supplied in the school district's teacher personnel reports of the preceding year and utilizing the index as follows:

TEACHER EXPERIENCE - DEGREE INDEX

EXPERIENCE	BACHELOR'S DEGREE	MASTER'S DEGREE	DOCTOR'S DEGREE
0 – 2	.7	.9	1.1
3 - 5	.8	1.0	1.2
6 – 8	.9	1.1	1.3
9 – 11	1.0	1.2	1.4
12 – 15	1.1	1.3	1.5
Over 15	1.2	1.4	1.6

The school district teacher index for each school district shall be determined by subtracting the weighted average state teacher from the weighted average district teacher. Multiply the school district teacher index if greater than zero by .7 and then multiply that product by the sum of the district's weighted pupil grade level calculation provided in paragraph 1 of this subsection and the weighted pupil category calculation provided in subparagraph n of paragraph 2 of this subsection to determine the weighted teacher experience and degree calculation.
