The page header includes the application cycle (2026-2027 Consolidated Application - Original Application), the application due date (9/30/2026), and the project period (7/1/2026 - 6/30/2027). Below this, a secondary bar shows CDAP Upload, Title I A SNS, Nonpublic Third Party Contract, Board Authorization, and Other Supporting Documentation. The main content area is titled "Title I A Supplement Not Supplant Methodology" and contains the following text:

FEDERAL FUNDS TO SUPPLEMENT, NOT SUPPLANT, NONFEDERAL FUNDS.

(1) IN GENERAL - A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.

(2) COMPLIANCE - To demonstrate compliance with paragraph (1), a local educational agency shall demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under this part ensures that such school receives all of the State and local funds it would otherwise receive if it were not receiving assistance under this part. **ESSA, Section 1118(b)(2)**

An LEA need not have a methodology to comply with ESEA section 1118(b)(2) if it has (Please check all that apply) -

- ☐ One site school;
- ☐ Only Title I Schools site: or
- ☐ A grade span that contains only: a single school site, non-Title I schools site, or Title I schools site (i.e., no methodology is required for this grade span).

Although such an LEA need not have a methodology to comply with ESEA section 1118(b)(2), it does not relieve the LEA of its requirement under ESEA section 1118(b)(1) and elsewhere to operate consistent with all Federal, State and local requirements and to provide free public education, including for schools and grade spans meeting the conditions described above.
