

Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System
CWSRF Project Number/Loan Number

Minco Municipal Authority
ORF-24-0009-CW

General Project Description:

The town of Minco's sanitary sewer collection system is antiquated and in need of replacement. The system has numerous brick manholes and consists primarily of vitrified clay pipe. The existing sewer mains must be augured periodically to remove tree roots and obstructions. The system also has an inflow and infiltration problem that can only be corrected through systematic replacement of mains and rehabilitation of manholes. This loan will allow for the replacement of existing sewer mains and rehabilitation of manholes. The total estimated cost of these improvements is \$1,010,000 and will be funded through a Clean Water SRF loan of \$1,010,000

GPR Component Description:

Item	Category*
Inflow and Infiltration	Energy Efficiency
	None
	None

Approved GPR Amount:	<u>\$1,010,000.00</u>
Approved Subsidy Amount (if applicable)	<u>\$1,010,000.00</u>
