

Clean Water State Revolving Fund (CWSRF)  
Green Project Reserve Eligibility Determination

**Name of System**  
**CWSRF Project Number/Loan Number**

The Grove Municipal Services Authority  
ORF-24-0058-CW

**General Project Description:**

The Grove Municipal Authority owns and operates a Wastewater plant with an average annual daily flow of 0.5 MGD. The Authority dewatering facilities consist of two belt presses, however only one has been operational. The belt press is a dewatering process to treat the wastewater treatment plants biosolids, which the current system has a high maintenance and operation demand. The Authority is needing to acquire and install a screw press. The proposed project is to demolish, relocate, and install a new belt press as well as install a screw press and all related appurtenances required to complete the project.

**GPR Component Description:**

Item	Category*
Belt Press Filter: Energy Reduction	Energy Efficiency
Screw Press: Energy Reduction	Energy Efficiency
	None

<b>Approved GPR Amount:</b>	<u>\$810,400.00</u>
<b>Approved Subsidy Amount (if applicable)</b>	<u>\$810,400.00</u>
