

Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System
CWSRF Project Number/Loan Number

Warr Acres Public Works Authority
ORF-25-0026-CW

General Project Description:

The City of Warr Acres sanitary sewer system has been experiencing excessive infiltration and inflow. The proposed project is to continue conducting a sanitary sewer evaluation study (SSES) to examine the system to find where the infiltration and inflow may be entering the system using closed circuit television inspection. The current SSES has already revealed that many manholes around the City of Warr Acres need repaired or replaced and that there are two lines - one serving the library and one at the corner of NW 50th St and Meridian Ave - that are undersized. This amendment will include the engineering plans and design for the manhole repair and replacement, line upgrades and all services required to complete the design.

GPR Component Description:

Item	Category*
I/I Planning and Design	Energy Efficiency
	None
	None

Approved GPR Amount:	<u>\$1,219,150.00</u>
Approved Subsidy Amount (if applicable)	<u>\$1,219,150.00</u>
