RE: Annual Report – 2024
Roos Resources, Inc.'s RRI Quarry

Mr. Tutkowski:

Please let this letter serve as a status update and for compliance purposes with 82 O.S. §1020.2(E)(1). Roos Resources, Inc. (RRI) submitted an initial mine permit application to the Oklahoma Department of Mines (ODM) on July 28, 2011 and was issued a mining permit on September 9, 2022. According to §1020.2(C)(2), RRI is considered an exempt mine. RRI will consult further with the OWRB on implementing its adopted monitoring program. In the meantime, RRI will report quarterly and annually to the OWRB on the mining status. This will be done in accordance with the §1020.2(E)(1).

For your records, ***RRI has not started operating, did not produce any mine products, nor accumulate any pit water during 2024.***

Since RRI is not a producing mine, no the annual review fee (as per 785:5-1-21) is required.

Please feel free to contact me if you need additional information at (405)761-1225 geoff@ccenviro.net.

Sincerely,

A handwritten signature in black ink, appearing to read 'Geoff Canty'.

Geoffrey A. Canty
Consultant for Roos Resources, Inc.
