Jennings Stone Co. Inc  
For LE-1954 (South Quarry)  
Pit Water Assessment Summary  
March 2025 Update  
Prepared March 28, 2025

\$250  
online

With Regards to our annual update for the Pit Water Assessment Summary for the Jennings Stone, South Quarry (LE1954). Information submitted to the OWRB for the August 18, 2020 De Minimis Exemption approval remains unchanged at this time.

No mining has taken place on the site since the 2020 approval. Future mining operations on the site are probable. Any mining operation happening onsite will be of the hill removing/ highwall type. Mining this way will allow the site to stay well above any known groundwater and allows no pit for groundwater to infiltrate and collect.
